Report on the Financial Statements

We have audited the accompanying financial statements of Central Anesthesia Service Exchange Medical Group, Inc. Profit Sharing Plan, which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether these financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Central Anesthesia Service Exchange Medical Group, Inc. Profit Sharing Plan as of December 31, 2014 and 2013 and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held for investment is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Central Anesthesia Service Exchange Medical Group, Inc. Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all full-time eligible employees of Central Anesthesia Service Exchange (the Company), as defined in the respective Plan document and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Physician employees may opt out of the Plan when they enter the Company.

Funding Policy: Company contributions to the Plan are voluntary and at the discretion of the Company's Board of Directors, with the exception of the 3% safe harbor contribution. Company contributions for any plan year may not exceed 20% of an eligible participant's compensation, subject to certain limitations. Employee contributions are permitted. The Company's contributions for 2014 and 2013 comply with the minimum funding requirements of ERISA.

Participant Accounts: Each participant's account is credited with the employees contributions, the Company's contributions and an allocation of Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: The 3% safe harbor amount credited to an eligible participant's account is immediately vested. If a participant leaves during the year any current year contribution in excess of the 3% safe harbor contribution may be forfeited.

Payment of Benefits: On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum or installment amounts equal to the participant's vested interest in his or her account.

Investment Options: Upon enrollment in the Plan, a participant may direct his or her contributions in any increments to separately managed individual investment accounts or to the Plan's pooled investment accounts.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements are prepared on the accrual basis of accounting.

NOTE B - SUMMARY OF ACCOUNTING POLICIES-Continued

Cash Equivalents: All highly liquid investments with a maturity of six months or less are considered to be cash equivalents.

Investments: Investments are stated at fair value, based on quoted market values when available. The amounts shown in Note C for investments that have no quoted market price represent estimated value. Loans to participants and trust deeds are valued at cost which approximates fair value. Investments in partnership interests and real estate are recorded at estimated fair value as determined by third party appraisals. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment Income: Investment income consists of interest, dividends, income from partnerships and net realized and unrealized gains and losses on investments.

Net Appreciation (Depreciation) in Fair Value of Investments: The net appreciation or deprecation in the fair value of investments consists of the change in the market value of investments.

Payment of Benefits: Benefits are recorded when paid.

Use of Estimates: The preparation of the Plan's financial statements requires the Plan administrator to make estimates and judgments that affect the reported statements of net assets and changes available for benefits. Such estimates relate primarily to the valuation of investments not traded on an established market. Actual results could differ from those estimates.

Reclassifications: Certain prior year amounts have been reclassified for comparative purposes.

NOTE D – FAIR VALUE MEASUREMENTS

The Plan has adopted FASB ASC 820-10, *Fair Value Measurements*. ASC 820-10 provides a framework for measuring fair value and expands required disclosure about fair value measurements of certain assets and liabilities. ASC 820-10 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820-10 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value, whereby level 1 uses quoted prices and active markets for identical assets or liabilities when determining fair market value; level 2 uses non active quoted prices for similar assets and liabilities that can be corroborated with market data; and level 3 uses unobservable information with little or no market data.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE D – FAIR VALUE MEASUREMENTS-Continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Cash and cash equivalents: Valued at the net asset value (NAV).

Securities, bonds and mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Partnership interest and real estate: Valued at the fair market value based on third party appraisal.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the investments at December 31, 2014 based on the inputs used to value them:

	Level 1	Level 2	Level 3	Total
Corporate securities and mutual funds	$ 69,710,907	$ -	$ -	$ 69,710,907

December 31, 2014	$ 1,578,199

NOTE E - TAX STATUS

The Plan has been reviewed by the Internal Revenue Service under their volume submitter program and has been determined to be acceptable under Section 401(a) of the Internal Revenue Code. The trustees of the Plan believe that the Plan is being operated in compliance with the applicable provisions of the Internal Revenue Code; therefore, no provision for income taxes has been included in the accompanying financial statements.

NOTE F - LOANS TO PARTICIPANTS

Loans to participants are limited to the lesser of (a) $50,000, or (b) one-half the balance of a participant's account. Interest is charged on all loans at the rate of five to nine and one quarter percent per annum. The repayment terms depend upon the amount originally borrowed, but in no event are they longer than five years. Upon a participant's termination, the full amount of the loan is due and payable.

NOTE G - ADMINISTRATION

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain administrative expenses for the Plan were paid directly by the Company during the years ended December 31, 2014 and 2013.

NOTE H - SUBSEQUENT EVENTS

In preparing the financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through July 30, 2015, the date that the financial statements were available to be issued.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

The Plan maintains operating cash accounts at one financial institution in the name of the plan and participant directed cash accounts are maintained at various institutions in the names of the participants.

Accounts are generally insured by the Federal Deposit Insurance Corporation (FDIC insured) up to $250,000. The Plan has not experienced any loss in such accounts. As of December 31, 2014, the uninsured balances were $3,168,458. The Plan believes it is not exposed to any significant credit risk on its cash balances.

To the Trustees of the Central Anesthesia Service Exchange Medical Group, Inc. Profit Sharing Plan:

We have audited the financial statements of the Central Anesthesia Service Exchange Medical Group, Inc. Profit Sharing Plan for the year ended December 31, 2014 and have issued our report thereon dated July 30, 2015. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated March 10, 2015. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Central Anesthesia Service Exchange Medical Group, Inc. Profit Sharing Plan are described in Note B to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended December 31, 2014. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were the fair value of investments in limited partnerships and real estate. Management's estimate of the fair value of the investments in limited partnerships and real estate that do not have a market price is based on valuations performed on those limited partnerships by a third-party. We evaluated the key factors and assumptions used to develop the fair value of these investments in limited partnerships and real estate in determining that their fair value is reasonable in relation to the financial statements taken as a whole.

Difficulties Encountered in Performing the Audit

We encountered no difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated July 30, 2015.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the audit committee, board of directors and management of the Central Anesthesia Service Exchange Medical Group, Inc. Profit Sharing Plan and is not intended to be and should not be used by anyone other than these specified parties.

To the Trustees and Management of the Central Anesthesia Service Exchange Medical Group, Inc. Profit Sharing Plan

In planning and performing our audit of the financial statements of Central Anesthesia Service Exchange Medical Group, Inc. Profit Sharing Plan (the Plan) as of and for the year ended December 31, 2014, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of Plan's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance that all such deficiencies have been identified. In addition, because of inherent limitations in internal control, including the possibility of management override of controls, misstatements due to error or fraud may occur and not be detected by such controls.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a significant deficiency or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected on a timely basis. *We did not identify any deficiencies in internal control that we consider to be material weaknesses.*

This communication is intended solely for the information and use of the trustees and management of the Central Anesthesia Service Exchange Medical Group, Inc. Profit Sharing Plan and is not intended to be and should not be used by anyone other than these specified parties.
