NOTES TO FINANCIAL STATEMENTS
*As of December 31, 2014 and 2013*

## 1. Description of Plan

The following description of the KingsIsle Entertainment, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

**General**
The Plan is a defined contribution plan available to qualifying employees of KingsIsle Entertainment, Inc. (the "Company"). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

**Eligibility**
Employees, with the exception of interns, who have completed one month of service and attained the age of 18 are eligible to participate in the Plan on the first day of the month following the satisfaction of the eligibility requirements.

**Contributions**
Participants may elect to contribute between 1% and 85% of their eligible compensation, as defined by the Plan, subject to certain Internal Revenue Service ("IRS") limitations. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Such contributions and any earnings thereon are nontaxable until withdrawn from the Plan. Participants may also contribute amounts representing distributions from other qualified defined contribution or benefit plans.

The Company, at its discretion, may contribute on behalf of each participant a matching contribution equal to a percentage of the participant's elective deferrals. The Company, at its discretion, may also make non-elective contributions to the Plan. Non-elective contributions are allocated amongst participants based on the proportion of each participant's compensation to the compensation of all participants eligible for the non-elective contribution. During the years ended December 31, 2014 and 2013, the Company made matching contributions equal to 20% of the first 6% of a participant's compensation. During the years ended December 31, 2014 and 2013, there were no non-elective contributions made by the Company.

**Participant Accounts**
Each participant's account is credited with the participant's voluntary contributions and any Company contributions. Earnings are credited to each participant account based on the performance of the underlying investments. Participants may direct the investment of their account balances into various investment options offered by the Plan.

**Vesting**
Participants are immediately vested in their voluntary and rollover contributions plus any earnings thereon. Participants are credited with a year of service for each plan year in which they complete twelve consecutive months of crediting service. Participants vest in employer matching and non-elective contributions according to the following schedule:

**1. Description of Plan (continued)**

**Vesting (continued)**

| Completed Years of Vesting Service | Vesting Percentage |
|---|---|
| Less than 2 | 0% |
| 2 | 20% |
| 3 | 40% |
| 4 | 70% |
| 5 | 100% |

Participants also become fully vested upon termination of employment because of death, disability, or attainment of age 65, the Plan's normal retirement age.

**Payment of Benefits**
Upon termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive their vested benefit in either a lump-sum distribution or a direct rollover distribution. Participants with a vested account balance greater than $5,000 also have the option to receive installment payments or defer receiving payment until age 70 ½. Terminated participant's accounts with a vested balance less than or equal to $5,000 can be disqualified by the Plan sponsor upon termination. Participants who are still employed by the Company but have reached age 59 ½ may withdraw all or any part of their vested balance, subject to Plan provisions.

**Forfeitures**
Upon separation of service, for any reason other than death, disability, or retirement, participants forfeit any unvested portion of their employer contributions. Forfeited balances of terminated participants' non-vested accounts may be used to reduce future administrative expenses or Company contributions. At December 31, 2014 and 2013, unallocated forfeited non-vested accounts totaling $4,861 and $1,472, respectively, were available to offset future administrative expenses or Company contributions.

**Notes Receivable from Participants**
Participants may borrow from their fund accounts a minimum of $500 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus 2% at the time of inception. The loans are repaid ratably through payroll deductions over a period of five years or less, unless the loan is for the purchase of a participant's primary residence. Participants may not have more than one loan outstanding at any given time.

**Administrative Expenses**
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in appreciation of fair value of investments.

## 2. Summary of Significant Accounting Policies

**Basis of Accounting**
The accompanying financial statements have been prepared under the accrual method of accounting.

**Use of Estimates**
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition**
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the plan's gains and losses on investments bought and sold, as well as held during the year.

**Risks and Uncertainties**
The Plan provides for various options in any combination of specified investments. The underlying investments may include stocks, bonds, fixed income securities, mutual funds and other investment securities. Such investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**Notes Receivable from Participants**
Notes receivable from participants represent loans and are stated at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

**Benefit Payments**
Benefit payments are recorded when paid.

**Plan Termination**
Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants' accounts will become fully vested and non-forfeitable.

## 2. Summary of Significant Accounting Policies (continued)

**Subsequent Events**
Subsequent events have been evaluated through the date of the report of independent auditors, which is the date these financial statements were available to be issued. Except for the matter discussed in Note 8, there were no material subsequent events that required recognition or additional disclosure in these financial statements.

## 3. Investments

The fair value of investments held at December 31, 2014 and 2013 that represent 5% or more of the Plan's net assets available for benefits:

| BlackRock Global Allocation - R | **233,177** | | 224,687 |

* Amount represents less than 5% of net assets available for benefits and was presented for comparative purposes.

## 4. Information Certified by the Plan's Trustee (unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103.8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following information as of December 31, 2014 and 2013, included in the accompanying financial statements and supplemental schedule has been certified by the trustee as complete and accurate:

| **As of December 31,** | **2014** | 2013 |
|---|---|---|
| Mutual funds, at fair value | **$ 4,426,114** | $ 3,629,103 |
| Note receivable from participants | **100,007** | 97,551 |

The following investment income information for the year ended December 31, 2014 has been certified as complete and accurate by the trustee:

| **Year ended December 31,** | **2014** |
|---|---|
| Net depreciation in fair value of mutual funds | **$ (6,519)** |
| Dividend and interest income | **230,949** |
| Interest income from notes receivable from participants | **5,055** |

**4. Information Certified by the Plan's Trustee (unaudited) (continued)**

As permitted under such election, the Plan's independent auditors did not perform auditing procedures with respect to the information certified to by the trustee, except for comparing such information to the related information included in the financial statements and supplemental schedule.

**5. Fair Value Measurements**

The fair value hierarchy prioritizes the inputs used to measure fair value, giving the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 inputs).

The three levels of the fair value hierarchy are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value; there have been no changes in the methodologies used at December 31, 2014 and 2013:

*Mutual Funds:* Fair value of mutual funds is determined by quoted market prices on nationally recognized securities exchanges which represent the net asset value of shares held by the Plan at year end.

**5. Fair Value Measurements (continued)**

*Money Market Fund:* Valued at the net asset value of the shares held by the Plan at year-end based on information reported by the Trustee. The NAV of each of the funds is calculated in a manner consistent with the U.S. GAAP for investment companies and is determinative of their fair value and represent the price at which the Plan would be able to initiate a transaction. Investments in these funds can be redeemed daily upon request. The fund's investments are valued under the amortized cost method which approximates current market value. Under this method, investments are valued at cost when purchased and thereafter, a constant proportionate accretion and amortization of any discounts and premiums are recorded until the maturity of the security. The fund seeks to maintain its net asset value per share at $1.00; although there is no assurance it will be able to do so on a continuing basis.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014:

| | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| Mutual fund accounts: | | | | |
| Money market fund (1) | $ 138,569 | $ - | $ - | $ 138,569 |
| Fixed income (2) | 451,649 | - | - | 451,649 |
| Target date (3) | 597,725 | - | - | 597,725 |

| Small/mid/specialty (5) | 848,135 | - | - | 848,135 |
| Global/international (6) | 1,278,592 | - | - | 1,278,592 |
| Total assets at fair value | $ 4,426,114 | $ - | $ - | $ 4,426,114 |

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

| | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| Mutual fund accounts: | | | | |
| Money market fund (1) | $ 124,590 | $ - | $ - | $ 124,590 |
| Fixed income (2) | 362,190 | - | - | 362,190 |

| Total assets at fair value | $ 3,629,103 | $ - | $ - | $ 3,629,103 |

## 5. Fair Value Measurements (continued)

(1) Money market funds invest in a portfolio of short-term money-market investments, including short term US government and government agency securities, bank money instruments, including commercial paper and variable-amount master demand notes, and repurchase and reverse purchase agreements.
(2) Fixed income funds invest in bonds, or debt of a company or government entity (including U.S. and non-U.S.).
(3) Target date funds invest in a combination of funds that invest in U.S. stock, international stocks, U.S. bonds and other fixed-income investments. Target date funds' asset allocation mix typically provides exposure to return seeking assets, such as equities, in early years when risk capacity is higher and becomes increasingly conservative as time progresses with exposure switched towards capital preservation assets, such as bonds and fixed income assets, as the target date (usually retirement) approaches.
(4) Large cap value funds invest primarily in common stock and other equity securities of large size U.S. companies that pay or are expected to pay dividends.
(5) Small/mid/specialty funds invest primarily in common stock of small or midsize U.S. companies or the common stock of specialized U.S. companies.
(6) Global/international funds invest primarily in common stocks of issuers in Europe and the Pacific Basin.

## 6. Tax Status

The Plan uses a prototype plan document sponsored by Automatic Data Processing, Inc. (ADP). ADP received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits taken by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

## 7. Reconciliation to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

## 8. Subsequent Events

During 2015, plan management executed an Adoption Agreement to formally restate the Plan and bring the Plan in compliance with the Pension Protection Act of 2006 ("PPA") and other legislative and regulatory changes. The significant provisions of the plan remained unchanged.
