Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with the respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2014 and 2013, and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplementary Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2014 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplementary schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – DESCRIPTION OF PLAN

The following description of the AP Exhaust Technologies, Inc. 401(k) Pension Plan (formerly Goerlich's, Inc. 401(k) Pension Plan) (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions, which is available from the plan administrator.

General: The Plan is a defined contribution plan covering all employees of AP Exhaust Technologies, Inc. (the "Company") who have completed one month of service for salary deferrals and 1,000 hours of service within a plan year for employer contributions, are not covered by a collective bargaining agreement, are not a nonresident alien, are not a leased employee, and have reached 18 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Fidelity Management Trust Company is trustee of the Plan.

Effective January 1, 2012, the Plan was amended to make the Company's fixed matching contributions non-discretionary. This change was made in order to convert the Plan to a safe harbor plan, which eliminated the need for annual discrimination testing.

Contributions: Participation in the Plan is optional. Participants may make pre-tax contributions up to the lesser of the federal statutory limit or 100% of eligible compensation as defined by the Plan. Additionally, participants who are age 50 by the end of the plan year may make "catch-up" contributions of $5,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company matches 100% of participant contributions up to 4% of their eligible compensation per pay period. Employees must complete one year and 1,000 hours of service to be eligible to receive an employer matching contribution. The Company may also make a discretionary profit sharing contribution. No such profit sharing contribution was made in 2014 and 2013. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's contribution, the Company's matching contribution, and allocations of (a) the Company's discretionary contribution, if any, (b) the Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings or losses thereon.

(Continued)

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Vesting (Continued): The Company's non-discretionary fixed matching, plus actual earnings or losses thereon, are fully vested immediately

Investment Options: Upon enrollment in the Plan, a participant may direct contributions into any of the investment options offered by the Plan. Participants may change their investment options daily using the internet.

Participant Loans: The Plan agreement includes provisions authorizing loans from the Plan to active eligible participants. Participants may borrow up to 50% of their vested account balance up to a maximum of $50,000 subject to rules under the Internal Revenue Code. No loan will be made for less than $1,000, nor will a loan be made if a prior participant loan is currently outstanding. Loan terms range from 1-5 years for all loans except those that are for the purchase of a primary residence, which may be up to 10 years. The loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates. Principal and interest are paid ratably through payroll withholdings.

Payment of Benefits: On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive either a lump-sum or periodic payments equal to the value of the participant's vested account balance. Hardship withdrawals are also permitted by the Plan if certain criteria are met.

Earnings: Earnings include net asset appreciation (depreciation) and interest and dividends earned during the year.

Administrative Expenses: Processing fees and expenses incurred in connection with the purchase or sale of securities are charged against the investment funds whose assets are involved in such transactions. All direct administrative expenses of the Plan, such as legal, accounting, and certain administrative costs, have been paid or reimbursed by the Company. All other expenses directly relating to participant transactions are deducted from those participant accounts as transactions occur.

Forfeited Accounts: At December 31, 2014 and 2013, forfeited, non-vested accounts total $1,558 and $0, respectively. These accounts may be used to offset future employer contributions or administrative expenses paid by the Company.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared using the accrual method of accounting.

The Plan, through its investment in a common collective trust, holds investment contracts which are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The Statements of Net Assets Available for Benefits presents the fair value of the investment in the collective trust, as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contracts. The Statements of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition: Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. The Plan's interest in the collective trust is valued based on information reported by the investment advisor using the audited financial statements of the collective trust at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation (depreciation) is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments.

Notes Receivable: Notes receivable from participants are valued at their unpaid principle balance plus any accrued but unpaid interest.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Benefits paid to participants: Benefit payments to participants are recorded upon distribution.

Risks and Uncertainties: The Plan invests in various investment securities. Investment securities in general are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. The financial statements have been prepared using values and information currently available to the Plan.

(Continued)

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties (continued): Given the volatility of current economic conditions, the values of assets recorded in the financial statements could change rapidly, resulting in material future adjustments in investment values that could negatively impact the Plan.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFS 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

	2014		2013

NOTE 5 – FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements*, establishes a framework for measuring fair value and expands disclosures about fair value investments. ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the plan at year end.

Common Collective Trust Fund: Valued at the NAV of units held by the trust at year end, as determined by the issuer of the common collective trust fund using a combination of readily available most recent market bid prices in the principal markets where such funds and securities are traded, pricing services that use valuation matrices incorporating dealer supplied valuations and valuation models, valuation inputs such as structure of the issue, cash flow assumptions and the value of underlying assets and guarantees.

(Continued)

NOTE 5 – FAIR VALUE MEASUREMENTS (Continued)

The common collective trust fund is not traded on an exchange; however, the fair value is determined based on the underlying investments as traded on an exchange and active markets. This fund is classified as a Level 2 investment. The common collective trust fund of the Plan consists of the Putnam Stable Value Fund (the "Fund").

The Fund primarily invests in investment contracts, including traditional guaranteed investment contracts ("GICs") and security-backed contracts issued by insurance companies and other financial institutions. GICs are backed by the general account of the contract issuer. The issuer guarantees that all qualified participant withdrawals will be at contract value (principal plus accrued interest). A security–backed contract is an investment contract issued by an insurance company or other financial institution, backed by a portfolio of bonds. The issuer guarantees that all qualified participant withdrawals will be at contract value.

The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of any common collective trust, each investment advisor reserves the right to temporarily delay withdrawal to ensure that securities liquidation will be carried out in an orderly business manner. The common collective trust funds had a fair value of approximately $3,179,000 and $2,988,000 as of December 31, 2014 and 2013, respectively, with no unfunded commitments, daily pricing frequency, and full redemption notice periods that extend no greater than 30 days.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its operations at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 – INCOME TAX STATUS

The Plan is a prototype non-standardized profit sharing plan that is covered under an opinion letter dated March 31, 2008, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax. The plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Company has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and Indiana Department of Revenue. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 8 – PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain Plan investments are administrated by the Fidelity Management Trust Company. The Fidelity Management Trust Company is also the trustee/custodian of the Plan and, therefore, these transactions are party-in-interest transactions.

Certain employees of the Company provide administrative services for the Plan and are not reimbursed for their services from the Plan. Certain other administrative expenses are paid by the Company on behalf of the Plan.

NOTE 10 – SUBSEQUENT EVENTS

In accordance with ASC 855, *Subsequent Events*, the Company has evaluated subsequent events through August 27, 2015, which is the date these financial statements were issued and have determined that as except as set forth below, there are no subsequent events that require disclosure. All subsequent events requiring recognition as of December 31, 2014, have been incorporated into these financial statements herein.

(Continued)

NOTE 10 – SUBSEQUENT EVENTS (Continued)

On June 1, 2015, the Group Leasing, LLC 401(k) Plan ("Merged Plan") was merged into the Plan. The merger was in accordance with Internal Revenue Code Section 414(l), and the transferred amounts were credited to the investment fund under the Plan which most nearly corresponded to the investment fund under the Merged Plan from which the amounts were transferred in accordance with ERISA's fiduciary principles. Funds were also transferred in-kind from the Merged Plan to the Plan in such instances when the plans maintained the same fund. Following the merger, participants can direct the investment of transferred amounts as discussed in Note 1. The Merged Plan participants will remain fully vested in their transferred amounts and no balance that was previously forfeited under the Merged Plan will be restored unless the participant becomes employed by the Company prior to incurring five consecutive, one year breaks in service and repays the full amount of any prior distribution to the Plan before the fifth anniversary of the date of employment with the Company.
