**Notes to Financial Statements**

December 31, 2014 and 2013

**1. Description of the Plan**

The following description of the Wilbert, Inc. 401(k) Retirement Savings Plan ("Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with a 401(k) provision, covering full-time eligible employees of Wilbert, Inc. (the "Company"). Employees must have completed three months of service and not be covered by a collective bargaining agreement in order to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants of the Plan may elect to make before-tax contributions of up to 60 percent of annual compensation, subject to a statutory maximum amount. The Company makes a safe harbor matching contribution to the Plan equal to 100 percent of the first 3 percent of the participant's compensation contributed and 50 percent of the next 2 percent of the participant's compensation contributed. Participant contributions in excess of 5 percent of compensation are not matched by the Employer. The Employer may also make a discretionary contribution to the Plan. No discretionary contributions were made in 2014.

Participants may direct the contributions into various mutual funds and common trust funds, which are provided as investment options. Participants may change their investment allocations at any time by contacting the Trustee directly.

Vesting

Participants are immediately vested in their contributions, Company safe harbor contributions and discretionary contributions plus actual earnings thereon.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, and investment earnings and charged with withdrawals, investment losses and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Allocation of administrative expenses of the Plan is based upon participants' account balances.

Notes Receivable from Participants

Notes receivable from participants are pre-approved by the Plan Administrator and are allowed for any purpose. Participants may apply for one loan per plan year, but may only have one loan outstanding at any given time. Loans are collateralized by a participant's vested account balance and may be granted for a minimum amount of \$1,000 up to the lesser of 50 percent of a participant's vested account balance or \$50,000. Interest on loans is determined by the Plan Administrator based upon prevailing interest rates. Interest rates ranged from 4.25% to 7.50% during 2014. Loans are generally repayable in equal installments over a period not to exceed five years, unless the loan is for the purchase of a principal residence in which case the repayment period may not exceed ten years.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect one of several alternative forms of payment depending on marital status at the time distribution commences. For termination of services due to other reasons or financial hardship withdrawals, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Qualified matching Company contributions may only be distributed because of death, disability, separation from service, age 59-1/2, or termination of the Plan without establishment of a successor plan.

Forfeited Accounts

Forfeitures of participant nonvested account balances are used to reduce the Company's contributions to the Plan. The balance in the forfeiture account at December 31, 2014 and 2013 was \$10 and \$36,277, respectively.

Plan Termination

Although the Company has not expressed any intention to do so, it has the right under the Plan to discontinue its contributions at any time and to amend or terminate the Plan, subject to the provisions of ERISA. In the event the Plan is terminated, all participants would become 100% vested in their accounts and not subject to forfeiture.

**2. Summary of Significant Accounting Policies**Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures or contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an investment in an orderly transaction between market participants at the measurement date.

As described in Financial Accounting Standards Board's (FASB) Accounting Standards Codification 946, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare Pension Plans* (the FSP), investment contracts held by defined-contribution plans are to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the FSP, the statements of net assets available for benefits present the fair value of the investment in the Fidelity Managed Income Portfolio, a common collective fund, as well as the adjustment of the investment in the Fidelity Managed Income Portfolio from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract-value basis. The fair value of fully benefit-responsive investment contracts is calculated using the discounted cash flow model which considers recent fee bids as determined by recognized dealers, discount rate and the duration of the underlying portfolio securities.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) in the fair value of its investments consists of the realized gains (losses) and the unrealized appreciation (depreciation) on investments.

#### Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan.

#### Payment of Benefits

Benefits are recorded when paid.

#### Administrative Expenses

The Plan's administrative expenses can be paid by the Plan or the Company, as provided by the Plan document. The Plan sponsor elected to pay certain administrative expenses for the year ended December 31, 2014.

#### Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

#### Subsequent Events

The Plan has evaluated subsequent events through September 24, 2015, the date the financial statements were available to be issued.

### **3. Investments**

The following presents investments that represent 5% or more of the Plan's net assets:

|                                         | <u>2014</u>  | <u>2013</u>  |

| Fidelity Managed Income Portfolio       | 1,316,536    | 1,450,968    |

\* Less than 5% of net assets available for benefits.

The Plan's net appreciation in fair value of investments for the year ended December 31, 2014 was attributed entirely to mutual funds.

#### **4. Fair Value Measurements**

FASB Accounting Standards Codification ("ASC") 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs and information other than quoted prices within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Unobservable inputs for the asset or liability. Unobservable inputs should be used to measure the fair value to the extent that observable inputs are not available.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

*Common trust funds*: Valued at the net asset value of shares / units held by the Plan at year end based upon quoted prices in public markets for the underlying investments. These investments can be redeemed immediately without notice.

*Mutual funds*: Valued at the quoted net asset value of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

| Assets at Fair Value as of December 31, 2014 |                      |                      |                     |             |

The Fidelity Managed Income Portfolio's investment objective is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. To achieve its investment objective, the fund invests in assets (typically fixed-income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements) and enters into "wrapper" contracts issued by third-parties and invests in cash equivalents represented by shares in a money market fund. The fund seeks to minimize the exposure of the fund to wrap credit risk through, among other means, diversification of the wrap contracts across an approved group of issuers. The fund's ability to receive amounts due pursuant to these contracts is dependent upon the issuers' ability to meet their financial obligations. Investments in this category can be redeemed daily at the current net asset value per share based on fair value of underlying assets. The fair value of the investment in this category has been estimated using the net asset value per share of the underlying investments.

**5. Information Certified by Trustee**

The following is a summary of the Plan's financial information and data included in the Plan's financial statements and supplemental schedule which was certified by Transamerica Life Insurance Company, the custodian, as of December 31, 2014 and 2013 and for the year ended December 31, 2014, as complete and accurate, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- Investments at fair value
- Notes receivable from participants
- Investment income
- Interest income on notes receivable from participants

**6. Investment Contract with Trustee**

The Plan has a fully benefit responsive contract with Fidelity Management Trust Company (Fidelity). The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported by Fidelity. Contract value is the amount participants would receive if they were to initiate transactions under the terms of the plan. Participant-initiated withdrawals from the fund will be covered at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate was based on a formula agreed upon with the issuer.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Participants should refer to the investment contract for a list of such events. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable. The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The average yield based on actual earnings and average yield credited to participants for the years ended December 31, 2014 and 2013 was approximately 1.07% and 0.89%, respectively.

**7. Related Party Transactions**

The Plan's investments are mutual funds and a common trust fund managed by Fidelity. Fidelity is the trustee of the Plan and, therefore, these transactions are party-in-interest transactions.

**8. Tax Status**

The prototype plan agreement, adopted by the Plan, has received a favorable determination letter from the Internal Revenue Service dated October 9, 2003 indicating that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code. The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

**9. Reconciliation of Financial Statements to Form 5500**

The following is a reconciliation of net assets available for benefits per the accompanying financial statements to Form 5500 as of December 31:
