INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of
Gamma Construction Company, Inc. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Gamma Construction Company, Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the ***Basis for Disclaimer of Opinion*** paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company, the Custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the Custodian holds the Plan's investment assets and execute investment transactions. The Plan administrator has obtained certification from the Custodian, as of and for the year ended December 31, 2014, that the information provided to the Plan administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the ***Basis for Disclaimer of Opinion*** paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2014, which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the ***Basis for Disclaimer of Opinion*** paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Other Matter – 2013 Financial Statements

The financial statements of the Plan as of December 31, 2013, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by John Hancock Life Insurance Company, the Custodian of the Plan. Their report, dated August 12, 2014, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2014

The form and content of the information included in the 2014 financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The following description of the Gamma Construction Company, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information. The Plan is sponsored by Gamma Construction Company, Inc. (the "Company").

General

The Plan is a defined contribution plan covering substantially all employees of the Company. The purpose of the Plan is to provide employees with retirement benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration of Plan Assets

Plan assets are held and managed by John Hancock Life Insurance Company ("Custodian") which invests contributions and Plan earnings and makes distributions to participants. Certain administrative functions are performed by employees of the Company. No compensation is remitted to the Company for these services.

Eligibility

An employee becomes eligible to participate in the Plan after six months of service with 1,000 hours of service and attainment of age 21. After one year of service, the participant becomes eligible to receive employer match and discretionary match contributions.

Contributions

Each year participants may elect to defer a percentage of their compensation, as defined in the Plan, up to the maximum established by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

For 2014, the Company elected to contribute an amount equal to 5% of employee contributions up to 5%. For the year ended December 31, 2014, the employer match totaled $14,451.

Discretionary employer matching contributions may be made at the option of the Board of Directors. For the year ended December 31, 2014, the Board of Directors of the Company opted not to contribute a discretionary employer matching contribution to the Plan.

NOTE 1: DESCRIPTION OF PLAN (Continued)

Participant Accounts

Separate accounts are maintained for each participant. Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings, and is charged with distributions and an allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, participants may direct the investment of their accounts among various investment options provided under the Plan. Participants may change their investment elections at any time, as well as transfer existing balances between investment funds.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributions portion of their accounts plus actual earnings thereon is based on years of continuous service. Participants vest 20% per year after two years of credited service, becoming 100% vested after six years of credited service.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, a single sum distribution of a portion of the participant's vested account balance, or annuity payments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Withdrawals

Participants are able to make an in service withdrawal if the participant meets certain age and vesting requirements or under certain hardship conditions, if approved by the Plan administrator. A participant may make unrestricted withdrawals of their vested accounts on or after age 59½ or upon normal retirement age of 65 on all or a portion of the participants' vested account.

NOTE 1: DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their accounts a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as transfers between investment funds and the loan fund. Loan terms range from 1-5 years or up to 20 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at 1% higher than the prime lender rate of a commercial U.S. bank available within a reasonable geographic vicinity. Principal and interest are paid ratably through payroll deductions or by check. Participants can have up to two outstanding loans at one time which may not exceed $50,000 in total.

Forfeitures

Participants terminating employment prior to full vesting forfeit their right to the nonvested portion of employer contributions. Forfeitures are first used to pay for Plan expenses with the reminder used to reduce employer contributions. Forfeitures for the year ended December 31, 2014 totaled $785.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its discretionary contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Tax Status

The Plan uses a prototype plan sponsored by Nova 401(K) Associates Volume Submitter 401(K) Profit Sharing Plan (Nova). Nova received a determination letter from the Internal Revenue Service, dated March 31, 2008, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. Estimates that have the most impact on financial position and results of performance primarily relate to the fair value of investments and the collectability of participant notes receivable. Plan management believes these estimates and assumptions provide a reasonable basis for the fair presentation of the financial statements.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements. The net change in the fair value of investments is reported in the statement of changes in net assets available for benefits in the period of the change.

The Plan uses net asset value (NAV) per share (or its equivalent), as a practical expedient, to measure fair value when the investment does not have a readily determinable fair value and the net asset value is calculated in a manner consistent with investment company accounting.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefit payments to participants are recorded when paid.

Expenses

The Company is the plan sponsor and handles certain administrative functions for the Plan. The Plan's assets are maintained by the Custodian and are invested through participant-directed accounts in various investment options offered by the Custodian. Certain administrative expenses, including loan administration fees, are paid by the participants. Other administrative expenses, such as accounting and legal fees, are paid by the Company, if any.

Subsequent Events

The Plan's management has evaluated subsequent events through the date the financial statements were available for issuance on September 9, 2015. No matters were identified affecting the accompanying financial statements or related disclosures.

NOTE 3: INVESTMENTS (UNAUDITED)

The following is a summary of the Plan's financial information that is included in the financial statements and supplemental schedule based on information certified by the Custodian as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974:

a) Total investments, at fair value, included in the statements of net available for benefits at December 31, 2014 and 2013;
b) Investment income information included in the statement of changes in net assets available for benefits for the year ended December 31, 2014;
c) All amounts included in Note 4, *Fair Value Measurements (Unaudited)*;
d) All amounts included in Note 6, *Parties-in-Interest Transactions* (except for notes receivable from participants)*; and*
e) The schedule of assets (held at end of year) as of December 31, 2014 included in the supplemental schedule.

NOTE 3: INVESTMENTS (UNAUDITED) (Continued)

The fair values of investments representing 5% or more of the Plan's net assets as reported are summarized as follow:

December 31,	**2014**	**2013**
JH Retirement Choices at 2030	**$ 646,172**	$ 577,625
JH Retirement Choices at 2015	*****	514,511
JH Lifestyle Growth Fund	**576,494**	497,183
JH Lifestyle Balanced Fund	**519,557**	451,949
JH Lifestyle Growth G.I.F.L. Fund	**344,179**	*
Other investments representing less than 5% of net assets	**4,489,324**	3,959,475
Total investments	**$ 6,575,726**	$ 6,000,743

* Assets did not amount to 5% of the total value during this period.

During 2014 the Plan's investments, including gains and losses on investments bought and sold, as well as held during the year, appreciated in value totaled $311,371.

NOTE 4: FAIR VALUE MEASUREMENTS (UNAUDITED)

The Plan uses fair value to measure financial assets and liabilities and certain nonfinancial assets and liabilities. The fair value hierarchy established and prioritized fair value measurements into three levels based on the nature of the inputs. The hierarchy gives the highest priority to inputs based on market data from independent sources (observable inputs-Level 1) and the lowest priority to a reporting entity's internal assumptions based upon the best information available when external market data is limited or unavailable (unobservable inputs-Level 3).

The three levels of the fair value hierarchy are described as follows:

- *Level 1* – Inputs to the valuation methodology are unadjusted, quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- *Level 2* – Inputs, excluding those included in Level 1, are either observable prices for identical assets or liabilities in inactive markets, observable prices for similar assets and liabilities, or other inputs derived principally from, or corroborated by, observable market data at the measurement date.

- *Level 3* – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4: FAIR VALUE MEASUREMENTS (UNAUDITED) (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Pooled Separate Accounts: Investments in pooled separate accounts are represented by a "unit of account" and per unit values whose value is the result of the accumulated values of the underlying investments. These underlying investments are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the mutual fund investments. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The pooled separate account fair values are classified within level 2 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Quoted Market Prices in Active Markets (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)	Total

The pooled separate accounts have been classified based on the general characteristic of the investment focus and strategy with further clarification below:

(1) This class represents model portfolios designed to provide a balance of growth, income and capital conservation through a mix of equity and fixed-income exposures based on a participant's age and projected retirement date, adjusting asset allocations and associated risk levels with the objective of becoming more conservative as the target date approaches.

(2) This class represents model portfolios designed to provide a balance of growth, income and capital conservation through a mix of equity and fixed-income exposures based on a participant's age and projected retirement date, adjusting asset allocations and associated risk levels with the objective of becoming more conservative as the target date approaches. This class builds up a Benefit Base used to determine future retirement income and this benefit base will never decline due to market downturns adding a guaranteed aspect to these portfolios.

(3) With this class of investments rapid growth and appreciation are the key objectives by utilizing domestic, international or emerging country equity markets and market capitalizations, including heavier concentrations or through riskier techniques than core growth strategies.

NOTE 4: FAIR VALUE MEASUREMENTS (UNAUDITED) (Continued)

(4) This class pursues capital appreciation foremost by investing in equity securities across domestic and international markets and across certain market capitalizations; may be exposed to all market risks.

(5) This class of investments seeks a balance between a high level of income and the growth of capital, with a higher degree of emphasis on growth from exposure to various equity allocations.

(6) For this class of investments a high level of current income is sought by broadly investing in fixed-income securities through various sectors of the bond market and gaining exposure to various types of credit and interest rate risk.

(7) The Fund seeks the maximum current income that is consistent with maintaining liquidity and preserving capital. The fund intends to maintain a stable $1 share price.

NOTE 5: PARTIES-IN-INTEREST TRANSACTIONS

The Plan holds notes receivable from participants. As a result, these receivables and all transactions relating to these receivables were with parties-in-interest. These transactions are exempt from being prohibited transactions by ERISA.

Certain Plan investments are units in pooled separate accounts managed by the Custodian and therefore, these transactions qualify as party in interest transactions. These transactions are exempt from being prohibited transactions by ERISA.

Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Company pays directly any other fees related to the Plan's operations. Fees paid by the Plan for administrative and the Custodian's services totaled $4,686 for the year ended December 31, 2014.
