GROUP LEASING, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Group Leasing, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions, which is available from the plan administrator.

General: The Plan was established, effective November 1, 1999, as a defined contribution plan covering all full-time employees of Group Leasing, LLC, AirTek, LLC and Aristo, LLC (collectively the "Company") who have 1,000 hours of service (one month for employee deferrals only), are not covered by a collective bargaining agreement, are not a nonresident alien, are not a leased employee, and have reached 18 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Substantially all administrative costs related to the Plan are absorbed by the Company. Fidelity Management Trust Company is trustee of the Plan.

Contributions: Participants may make tax deferred contributions up to the lesser of the federal statutory limit or 60% of the participant's compensation. Additionally, participants who are age 50 by the end of the plan year may make a "catch-up" contribution of \$5,500. The Company may make a discretionary matching contribution. Employees must complete one year with 1,000 hours of service to be eligible to receive an employer matching contribution. For 2014 and 2013, the Company matched employee contributions at 100% of the first 6% of the compensation deferred by each participant. The Company can also make a discretionary employer contribution to the Plan. No such contribution was made in 2014 or 2013. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution and plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 50% vested after one year of credited service and 100% vested after two years of credited service. The non-vested balance is forfeited upon termination of service.

Investment Options: Upon enrollment in the Plan, a participant may direct contributions into any of the investment options offered by the Plan. Participants may change their investment options daily using the internet.

Participant Notes Receivable: Participants may borrow up to 50% of their vested account balance up to a maximum of \$50,000 subject to rules under the Internal Revenue Code. No loan will be made for less than \$1,000, nor will a loan be made if a prior participant loan is currently outstanding. Loan terms range from 1-5 years for all loans except those that are for the purchase of a primary residence, which may be up to 10 years. The loans are collateralized by the balance in the participant's account and bear interest at rates determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

GROUP LEASING, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Payment of Benefits: On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in the Plan or installment payments over a fixed period.

Earnings: Earnings include net asset appreciation/depreciation and interest and dividends earned during the year.

Administrative Expenses: Certain Plan expenses are paid out of forfeited, nonvested accounts. If administrative expenses exceed forfeitures then they will be paid by the Plan sponsor or out of participant accounts.

Forfeited Accounts: At December 31, 2014 and 2013, forfeited non-vested accounts total \$1,505 and \$1,668, respectively. These accounts may be used to offset future employer contributions or administrative expenses paid by the Company.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation (depreciation) is recorded in the accompanying Statements of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments.

Notes Receivable: Notes receivable from participants are valued at their unpaid principle balance plus any accrued but unpaid interest.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Payment of Benefits: Benefit payments to participants are recorded upon distribution.

NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties: The Plan invests in various investment securities. Investment securities in general are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. The financial statements have been prepared using values and information currently available to the Plan.

Given the volatility of current economic conditions, the values of assets recorded in the financial statements could change rapidly, resulting in material future adjustments in investment values that could negatively impact the Plan.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

NOTE 5 - FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements.

NOTE 5 – FAIR VALUE MEASUREMENTS (Continued)

ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis and recognized in the accompanying Statements of Net Assets Available for Benefits.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Valued at a NAV of \$1 per share, as reported by the trustee.

NOTE 5 – FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2014 and 2013:

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 - INCOME TAX STATUS

The Plan obtained its latest IRS determination letter on October 27, 2003, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Company has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and the Indiana Department of Revenue. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

The Plan invests in certain funds of the Plan trustee. The Plan paid approximately \$6,000 and \$5,500 of administrative fees to Fidelity Management Trust Company during 2014 and 2013, respectively. The Company provides certain administrative services at no cost to the Plan.

NOTE 10 – SUBSEQUENT EVENTS (Continued)

On June 1, 2015, the Plan was merged into the AP Exhaust Technologies, Inc. 401(k) Plan. The merger was in accordance with Internal Revenue Code Section 414(l), and the transferred amounts were credited to the investment fund under the AP Exhaust Technologies, Inc. 401(k) Plan which most nearly corresponded to the investment fund under the Plan from which the amounts were transferred in accordance with ERISA's fiduciary principles. Funds were also transferred in-kind from the Plan to the AP Exhaust Technologies, Inc. 401(k) Plan in such instances when the plans maintained the same fund. Following the merger, participants can direct the investment of transferred amounts as discussed in Note 1. The Plan participants will remain fully vested in their transferred amounts and no balance that was previously forfeited under the Plan will be restored unless the participant becomes employed by the Company prior to incurring five consecutive, one year breaks in service and repays the full amount of any prior distribution to the Plan before the fifth anniversary of the date of employment with the Company.
