Protective Union (TPU) Local #1 Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Hudson Scenic Studio, Inc. Theatrical Protective Union (TPU) Local #1 Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Fidelity Management Trust Company holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the year ended December 31, 2014 that the information provided by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2014 financial statements. Accordingly, we do not express an opinion on the 2014 financial statements referred to in the first paragraph.

Other Matter—Supplemental Schedules

The supplemental schedule of assets held for investment purposes as of December 31, 2014 is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management. Other than comparing the supplemental information to the information certified by the trustee, the supplemental schedule has not been subjected to auditing procedures and, accordingly, we do not express an opinion on the supplemental schedule.

Other Matter—2013 Financial Statements

The financial statements of the Plan as of December 31, 2013 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan. Their report, dated September 18, 2014, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements, other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of the Plan

The following description of the Hudson Scenic Studio, Inc. Theatrical Protective Union ("TPU") Local #1 Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees that belong to the TPU Local #1 Union of Hudson Scenic Studio, Inc. (the "Company"). There are no age or service requirements in order to be eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. The Plan also permits Roth elective deferrals. A participant's total contribution in any year may not exceed the maximum amounts for that year as specified in Sections 401(k) of the Internal Revenue Code and regulations thereunder. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company matches 100% of employee contributions up to a maximum of 7% of their annual eligible compensation. The Company may also make a discretionary contribution in an amount to be determined from year to year. No discretionary contributions were made for the year ended December 31, 2014. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and all Company contributions, if any, plus actual earnings thereon.

Notes Receivable from Participants

Participants are limited to one outstanding loan at a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance, whichever is less. Loan terms are generally up to five years and loans are secured by the balance in the participant's account. Interest rates are determined by the Plan administrator by reference to the prevailing interest rates charged by commercial lenders under similar circumstances on the date the loan is made. Principal and interest are paid ratably through monthly payroll deductions, or by direct repayments from the participant if the participant is temporarily laid off.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installments, or annuity contracts. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts
Forfeited non-vested accounts are used to reduce future employer contributions. Employer contributions were reduced by $7,512 from forfeited non-vested accounts for the year ended December 31, 2014. At December 31, 2014, the Plan's forfeiture account balance was $0.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting.

Payment of Benefits
Benefits are recorded when paid.

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Interest and dividends earned by the funds are included in the unit value and, accordingly, are included in net appreciation (depreciation) in fair value of investments which includes the Plan's gains and losses on investments bought and sold as well as held during the year.

As described in Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962, Plan Accounting - Defined Contribution Pension Plans, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by FASB ASC 962, the statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Risks and Uncertainties
The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants
Participant loans are classified as notes receivable from participants and are measured at their unpaid principal balance plus any accrued but unpaid interest. Notes receivable from participants are reported as investments on Form 5500. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Subsequent Events
The Plan has evaluated events and transactions for potential recognition or disclosure through September 21, 2015, the date the financial statements were available to be issued.

3. Fair Value Measurements

FASB ASC 820, Fair Value Measurement, establishes a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are summarized as follows:

Level 1 – Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment. Level 1 investments of the Plan consist of registered investment companies (mutual funds) which are valued at the net asset value (NAV) of shares held by the Plan at year end where NAV is publicly available.

Level 2 – Valuations based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active or inputs other than quoted prices that are observable, either directly or indirectly. Level 2 investments of the Plan consist of a collective investment trust which is valued at net asset value (NAV) based on the fair value of the underlying investments held by the collective investment trust at year end. Unlike shares of registered investment companies, the NAV of collective investment trusts is not publicly available.

Level 3 – Valuations based on inputs that are unobservable and significant to the overall fair value measurement that reflect the assumptions that market participants would use.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined by the lowest level input that is significant to the fair value measurement. Although the degree of judgment exercised by the Plan in determining fair value is greatest for investments categorized in Level 3, the inputs or methodology used for valuing investments are not necessarily indications of the risk associated with those investments.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2014 and 2013:

* Party-in-interest

The Union Bond & Trust Company Stable Value Fund, a collective investment trust, invests in fully benefit-responsive investment contracts (as defined in FASB ASC 962), including primarily guaranteed and synthetic investment contracts issued by banks, insurance companies and other issuers. The Union Bond & Trust Company Stable Value Fund is recorded at fair value. As required by FASB ASC 962, an adjustment is made to reflect the investment at contract value, which represents principal plus accrued income. The fair value of the guaranteed investment contracts is generally determined by discounting the scheduled future payments required under the contract. The fair value of wrap contracts reflects the discounted present value of the difference between the current wrap contract cost and its replacement cost, based on issue quotes. For investments underlying synthetic investment contracts, fair value generally is reflected by market value at close of business on the valuation date. There are no reserves against contract value for credit risk of the contract issuer or otherwise. Participants are restricted from transferring out of the Union Bond & Trust Company Stable Value Fund into a competing fund, as defined. Participants must transfer to a noncompeting fund, as defined, for 90 days before exchanging into a competing fund. The plan administrator believes that any events that would limit the plan's ability to transact at contract value with participants are not probable of occurring.

5. Party-in-Interest Transactions

At December 31, 2014 and 2013, certain of the Plan's investments are money market funds or shares of mutual funds managed by Fidelity. Certain administrative expenses for the Plan are paid directly by the Company. Certain services are rendered to the Plan by the Company at no cost to the Plan. Additionally, record keeping fees for the Plan are paid to Fidelity directly from mutual fund companies whose investments are included in the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. Tax Status

On March 31, 2008, the Internal Revenue Service stated that the prototype plan adopted by the Plan as designed, qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination be the Internal Revenue Service. The Plan's management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's management believes it is no longer subject to income tax examinations by taxing authorities for years prior to 2011.

8. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of additions to net assets per the financial statements for the year ended December 31, 2014 to Form 5500:

	2014
Total additions to net assets per the financial statements	$ 1,128,192
Adjustment from contract value to fair value for fully benefit-responsive investment contracts	2,833
