NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Bay Alarm Company Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan that was established in 1960 by Bay Alarm Company (the "Company") to provide benefits to eligible employees, as defined in the Plan document. The plan administrator believes the Plan is designed and operated in compliance with applicable requirements of the Internal Revenue Code (the "Code") and provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

B. Eligibility

All regular employees of the Company of age 18 and older are eligible to participate in the Plan on the first day of the month following their date of hire.

C. Participant Contributions

Participants may elect to contribute up to 60% of eligible compensation in pre-tax and/or Roth after-tax contributions. Participants who make pre-tax contributions to the Plan receive an equivalent reduction in taxable compensation. Each participant's pre-tax deferrals and Roth contributions are subject to applicable Code limits. Participants of age 50 and older may elect to make additional catch-up contributions of up to $5,500 for 2014.

Newly eligible employees who do not make an affirmative election to defer compensation to the Plan, including an election not to defer, are auto-enrolled in the Plan 30 days after attaining eligibility at a deferral rate of 3% of compensation. The deferral percentage of each auto-enrolled participant who does not make an alternative election is increased by 1% annually to a maximum deferral of 6% of compensation.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with participant directions.

D. Company Contributions

The Company is allowed to make discretionary matching contributions, as defined in the Plan, and as approved by the Board of Directors. The Company matched 50% of the first 6% of pay contributed by participants for the 2014 Plan year. The Plan also allows for an annual discretionary profit sharing contribution, which is allocated to participants based on eligible compensation. No discretionary profit sharing contribution was made for the 2014 Plan year.

E. Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, Company contributions and an allocation of Plan earnings or losses and expenses. Participants direct the investment of their accounts among a diversified menu of mutual funds provided under the Plan.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

E. Participant Accounts (Continued)

The contributions of participants who do not make an affirmative investment election are invested in the Fidelity Freedom Fund appropriate for the individual's age and projected date of retirement. Each of the Fidelity Freedom Funds offered under the Plan consists of a portfolio of mutual funds selected to meet an investment strategy appropriate for a participant who will reach retirement age at a specified date in the future.

F. Vesting and Forfeitures

Participants are immediately 100% vested in their contributions and related earnings. Participants are fully vested in Company contributions after 5 years of service. Forfeitures totaled approximately $83,000 in 2014 and were used to reduce Company contributions in accordance with provisions of the Plan.

G. Payment of Benefits

Normal retirement age under the Plan is age 65. Upon termination of service, death, disability, attainment of age 59½ or retirement, a participant or beneficiary may choose to maintain his or her account in the Plan or receive benefits payable in a lump sum, installments or an annuity. Hardship distributions are permitted under limited circumstances as defined in the Plan subject to approval of the plan administrator. Benefits are recorded when paid.

H. Notes Receivable from Participants

The Plan allows participants to borrow not less than $1,000 up to the lesser of $50,000 or 50% of their vested account balance. A loan is secured by a participant's vested account balance, bears a fixed rate of interest commensurate with available market financing rates at loan inception and must be repaid to the Plan within a five-year period unless a loan is used for the purchase of a principal residence, in which case the maximum repayment period may be extended up to ten years. Principal and interest are paid ratably through payroll deductions. Notes receivable from participants at December 31, 2014 carry interest rates ranging from 5.25% to 7.0%.

Notes receivable are measured at their unpaid principal balance plus accrued interest. Delinquent notes are recorded as a distribution based on the terms of the Plan document.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

B. New Accounting Pronouncement

The Financial Accounting Standards Board (FASB) recently issued ASU 2015-12 *Plan Accounting: Topic 960, Defined Benefit Pension Plans; Topic 962, Defined Contribution Pension Plans; Topic 965, Health and Welfare Benefit Plans.* ASU 2015-12 includes 3 parts. Parts I and III are not applicable to the Plan. Part II eliminates the requirement to disclose individual investments that represent 5% or more of net assets available for benefits and the requirement to disclose net appreciation (depreciation) in fair value of investments by general

B. New Accounting Pronouncement (Continued)

type of investment. In addition, Part II provides for employee benefit plan investments to by grouped and presented by general type and eliminates the requirement to disaggregate investments in multiple ways.

ASU 2015-12 is effective for fiscal years beginning after December 15, 2015. Earlier application is permitted. Amendments in Part II are applied retrospectively for all periods presented. The Plan adopted ASU 2015-12 effective December 31, 2014.

C. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could different from those estimates.

D. Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 7).

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Mutual fund capital gains distributions are included in dividend income. Net depreciation includes gains and losses on investments bought and sold as well as held during the year.

E. Expenses

Mutual fund operating expenses are incurred directly by the funds and are therefore factored into each fund's share value. Recordkeeping and administrative fees totaling approximately $17,000 were paid by the Plan in 2014. Substantially all other expenses incurred for administering the Plan are paid by the Company.

F Risks and Uncertainties

Plan investments include a variety of securities that are exposed to various investment risks such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in value of investment securities will occur in the near term and such changes could materially affect participant accounts and amounts reported in the financial statements.

NOTE 3 - RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by affiliates of the trustee. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 4 - INCOME TAX STATUS

The Company adopted a volume submitter plan that has received an opinion letter from the Internal Revenue Service stating that the form of the Plan qualifies under applicable provisions of the Code. The Company believes that the Plan is operated in accordance with and qualifies under applicable requirements of the Code and related state statutes and the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes.

The Plan has adopted guidance on accounting for uncertainty in income taxes issued by the Financial Accounting Standards Board. The plan administrator believes the Plan has taken no uncertain tax positions that require adjustment to the financial statements to comply with provisions of this guidance. The Plan is no longer subject to income tax examinations for years prior to 2011.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. The accounts of participants affected by a partial or complete termination of the Plan are non-forfeitable and will be determined as of the termination date.

NOTE 6 - FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule including investments held at December 31, 2014 and 2013, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2014 was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee.

NOTE 7 - FAIR VALUE MEASUREMENTS

Accounting guidance establishes a hierarchy which prioritizes valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Under the fair value hierarchy Level 1 inputs are quoted prices for identical securities in an active market. Level 2 inputs are quoted prices for similar instruments and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data. Level 3 inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability.

Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end based on closing market prices. The following tables summarize Plan investments at December 31 based on the inputs used to value them:

	Level 1	
	December 31,	
	2014	2013
Mutual Funds	$ 44,402,108	$ 41,075,359

NOTE 8 - RECLASSIFICATIONS

Certain information in the 2013 financial statements has been reclassified to conform to the 2014 presentation in accordance with guidance provided in ASU 2015-12 (Note 2-B).

NOTE 9 - SUBSEQUENT EVENTS

Effective June 1, 2015, the plan was amended to increase the rate at which newly eligible participants are auto enrolled from 3% to 5% of eligible compensation and the deferral rate of auto-enrolled participants who do not make alternative elections will increase annually by 1% to a maximum deferral of 10%.

Management has evaluated subsequent events through September 17, 2015, the date on which the financial statements were available to be issued. There are no other material subsequent events that require recognition or additional disclosure in the Plan's financial statements.

Plan Administrator
Bay Alarm Company Profit Sharing Plan
60 Berry Drive
Pacheco, California 94553

We have conducted a DOL limited-scope audit of the financial statements and supplemental schedule of the Bay Alarm Company Profit Sharing Plan (the "Plan") for the year ended December 31, 2014 and have issued our report thereon dated September 17, 2015. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on the financial statements and schedule taken as a whole. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter. Professional standards also require that we communicate to you the following information related to our audit.

The Auditor's Responsibility under Generally Accepted Auditing Standards

Our responsibility under auditing standards generally accepted in the United States of America, except as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, has been described to you in our engagement letter.

Accounting Policies and Practices

The plan administrator is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements.

As discussed in Note 2-B to the financial statements, in 2014 the Plan adopted new accounting guidance provided under recent Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2015-12. In accordance with provisions of ASU 2015-12 certain amendments to existing standards have been applied retroactively for all periods presented. The Plan's adoption of ASU 2015-12 affects certain disclosures concerning Plan investments, but does not change the presentation of total net assets available for benefits.

Audit Adjustments

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. We are aware of no uncorrected misstatements that are material to the Plan's financial statements.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. No such disagreements arose during the course of our audit.

Difficulties Encountered in Performing the Audit

We did not encounter any difficulties in dealing with management relating to performance of the audit.

Management Representation

We have requested certain representations from management that are included in the management representation letter dated September 17, 2015.

Management Consultations with Other Independent Accountants

We are not aware of any consultations management had with other accountants about accounting or auditing matters pertaining to the Plan.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, in the normal course of our professional relationship and our responses were not a condition to our retention.
