ALEGEUS TECHNOLOGIES, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

A. PLAN DESCRIPTION:

The following description of the Alegeus Technologies, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for more detailed information.

General

The Plan is a defined contribution plan sponsored by Alegeus Technologies, LLC (the "Company" and the "Plan Administrator") covering substantially all employees. Participants become eligible to participate in the Plan and to receive the Company contributions upon hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). During 2014, the Plan was amended to merge the Workable Solutions Inc. 401(k) Profit Sharing Plan & Trust ("Workable Solutions Inc. Plan") (see Note J). Also during 2014, the Company sold Workable Solutions Inc. ("Workable") and Adminisource Inc. ("Adminisource"). The Company's employees assigned to Workable and Adminisource were no longer employed by the Company upon completion of these sales and therefore were no longer eligible to participate in the Plan. As described in Note H, these sales represented a partial plan termination.

Contributions

Participant contributions are made on a pre-tax or Roth basis. Participants may elect to contribute up to 40% of their annual compensation (as defined in the Plan), subject to Internal Revenue Code ("IRC") limitations. Participants who are at least age 50 may make an additional "catch-up" contribution subject to IRC limitations. Participants may also contribute funds from another qualified retirement plan ("rollover contributions"), subject to certain requirements. Newly hired employees are automatically enrolled at a contribution rate of 3% of plan compensation, unless they opt out.

The Company may make discretionary matching contributions for eligible participants. For the year ended December 31, 2014, the Company elected to make a matching contribution equal to 50% of each participant's contributions up to 6% of compensation, for a maximum match of 3% of compensation. The Company may also make discretionary non-elective contributions for participants who have completed 1,000 hours of service and are still employed on the last day of the plan year. The Company did not elect to make a discretionary non-elective contribution for 2014.

Participant Accounts

Each participant's account is credited with the participant's contributions, the participant's allocation of the Company's contributions, and the participant's proportional allocation of the Plan's earnings, including realized and unrealized gains and losses, and expenses. Participants determine the percentage in which their contributions are to be invested in each of the Plan's available investment options. Participants may change their investment options as set forth in the plan document.

ALEGEUS TECHNOLOGIES, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Vesting

Participants are fully vested in that portion of their account which represents their contributions and the income earned thereon. Participants become 100% vested in the Company's contributions and earnings thereon upon death, total and permanent disability, or attainment of normal retirement age. Otherwise, a participant who was not formerly part of the Workable Solutions Inc. 401(k) Profit Sharing Plan & Trust become vested in the Company's contributions and earnings thereon vests according to the following schedule:

<u>Completed Years of Service</u>	<u>Percent Vested</u>
1 year	34%
2 years	67%
3 years	100%

Participants who were formerly part of the Workable Solutions Inc. 401(k) Profit Sharing Plan & Trust become vested in the Company's contributions and earnings thereon after three years of service.

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of a participant's account represents a forfeiture, as defined by the Plan. If a forfeiting participant is re-employed and fulfills certain requirements, as set forth in the Plan, the participant's account will be restored. Any remaining forfeitures will be allocated to reduce future company contributions. During 2014, \$26,471 of forfeitures were used to reduce Company contributions. Total unapplied forfeitures were \$20,686 and \$2,745 at December 31, 2014 and 2013, respectively.

Distribution of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other separation from service. Distributions under the Plan may be made in lump sums.

A participant may also request an in-service withdrawal upon attainment of age 59 ½.

ALEGEUS TECHNOLOGIES, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Notes Receivable from Participants

A participant may request a loan in an amount not less than \$1,000. The loan amount is limited to the lesser of one-half of the participant's vested account balance or \$50,000. Loans must bear a reasonable rate of interest. All loans are collateralized by the participant's account and must be supported by a promissory note. All loans must be repaid within five years unless the proceeds are used to acquire a principal residence, in which case a longer repayment period is allowed. No more than one loan may be outstanding at any time. Participant loans are valued at the unpaid principal balance plus any accrued but unpaid interest and categorized as notes receivable from participants on the statements of net assets available for plan benefits. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for plan benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for plan benefits are prepared on a contract value basis.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid to participants.

ALEGEUS TECHNOLOGIES, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Plan Expenses

Certain participant transactions are paid by the Plan. Other expenses incurred in the administration of the Plan are paid by the plan sponsor.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides investment options which may invest in any combination of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

C. INVESTMENTS:

The following represents the Plan's investments as of December 31, 2014 and 2013 that represented 5% or more of the net assets available for plan benefits:

	<u>2014</u>	<u>2013</u>
Dreyfus S&P 500 Index	\$ 1,031,844	\$ 773,102
Fidelity Advisor Freedom 2020 A	782,062	947,821
Fidelity Advisor Freedom 2030 A	901,021	696,626

Fidelity Advisor Freedom 2025 A	1,268,421	1,050,903
Fidelity Advisor Freedom 2035 A	876,216	1,255,897

During the year ended December 31, 2014 the Plan's investments (including investments bought, sold and held during the year) appreciated (depreciated) in value by:

Mutual funds	\$ (63,289)
Common collective trust	<u>6,318</u>
Total depreciation	<u>\$ (56,971)</u>

NOTES TO FINANCIAL STATEMENTS

D. FAIR VALUE MEASUREMENTS:

Accounting standards establish a framework for measuring fair value. That framework sets forth a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are unobservable and supported by little or no market activity and are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds – Valued at the net asset value of the shares held by the Plan at year end as determined by quoted market prices.

Common collective trust – Valued at the net asset value of units of a collective trust. The net asset value, as provided by the fund manager, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

To achieve the objective the fund invests in fixed-income securities, bond funds and money market funds. Redemptions are allowed daily for participants; however the Plan is subject to a twelve month redemption notice period. There are no unfunded commitments.

NOTES TO FINANCIAL STATEMENTS

E. TAX STATUS:

The Plan has adopted the volume submitter profit sharing plan document of Fidelity Management Trust Company. The volume submitter sponsor received a favorable opinion letter dated March 31, 2014 in which the Internal Revenue Service stated that the form of the volume submitter plan was in compliance with the applicable requirements of the IRC. The Plan Administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC, and that the related trust is therefore tax-exempt. Accordingly, no provision for income taxes has been included in the financial statements.

Accounting standards require recording uncertain income tax positions that exist in the Plan's financial statements. Plan management has determined there are no uncertain tax positions and believes there is no adjustment or disclosure required in the Plan's financial statements. The Plan did not recognize any interest and penalty expense for the year ended December 31, 2014. The Form 5500 remains subject to examination by the IRS for the years ended December 31, 2012 through December 31, 2014.

F. COMPLIANCE AND ERISA:

The Plan Administrator has elected the method of compliance permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, no auditing procedures with respect to the information certified by the trustee of the Plan, Fidelity Management Trust Company ("Fidelity" or the "Plan Trustee"), were performed by the independent auditors except for comparing the information to the financial statements and supplemental schedules. The Trustee has certified as to the completeness and accuracy of the investments (including notes receivable from participants) held by the Plan as of December 31, 2014 and 2013, the investment earnings and other investment-related transactions of the Plan for the year ended December 31, 2014, and the information contained in the Schedules of Assets (Held at End of Year).

G. PARTIES-IN-INTEREST:

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and the management of investments held by Fidelity are considered party-in-interest transactions.

H. PLAN TERMINATION:

Although the Plan was established with the intention that it will continue indefinitely, the Company retains the right to discontinue its contributions at any time or to terminate the Plan, subject to the provisions of ERISA.
