Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Sauder Woodworking Subsidiaries 401(k) Retirement Investment Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013 and the related statement of changes in net assets available for benefits for the year ended December 31, 2014 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Fidelity Management Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2014 and 2013 and for the year ended December 31, 2014, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Independent Auditor's Report (Continued)

Other Matter

The supplemental schedule as of December 31, 2014 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Sauder Woodworking Subsidiaries 401(k) Retirement Investment Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Sauder Woodworking Subsidiaries 401(k) Retirement Investment Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan is sponsored and administered by Sauder Woodworking Co. (the Company) and is governed by the Plan Agreement. The Plan was established on July 1, 2003 as a defined contribution plan. Effective April 1, 2009, the Plan was converted to a Fidelity Management & Research Co. volume submitter prototype plan. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Substantially all employees of the Company who meet certain service criteria are eligible to participate in the Plan.

The Plan is part of the Sauder Retirement and 401(k) Plans Master Trust (the Master Trust), whose assets are held with Fidelity Management Trust Company (Fidelity), to hold the qualified defined contribution investment assets of the Plan and three other Plans sponsored by the Company, those being the Sauder Woodworking Co. Retirement and 401(k) Plan, the Sauder Manufacturing Co. Retirement and 401(k) Plan, and the Sauder Manufacturing Co. Subsidiaries 401(k) Retirement Investment Plan.

Contributions: Participants may elect to contribute up to 50% of pretax annual compensation, as defined in the Plan Agreement, with a Company match up to 2% of the participant's eligible compensation. Participants direct the investment of their contributions into various investment options offered by the Plan and may contribute up to the annual maximum amount pursuant to the applicable section of the Internal Revenue Code. Participants who meet certain age requirements are eligible to contribute additional catch-up contributions subject to certain dollar limits. In addition, participants may contribute amounts representing distributions from other qualified plans.

The Company may also make a discretionary matching contribution. The matching Company contribution and additional profit sharing amounts, which may be contributed at the option of the Company's Board of Directors, are invested in a portfolio of investments as directed by the participants. Participants must be employed at the end of the Plan year and have completed 1,000 hours of service to be eligible for the employer discretionary matching and profit sharing contribution allocation. Contributions are subject to certain limitations.

Funding policy: The Company's funding policy for the discretionary matching and profit sharing contributions is to make the contributions to the Plan on an annual basis.

Participants' accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant directed accounts: Participants have the option to allocate their account balances among several investment options. All choices vary in types of investments, rates of return and investment risk. Participants may elect to have all or part of their account balances and future contributions invested in one fund, transferred to another fund, or in any combination. As provided in the Plan Agreement, the participant may change this election and/or elect to transfer any portion of the account balance from one fund to any other fund on a daily basis. All dividends, interest and other distributions received by any fund will be reinvested automatically in the same fund.

Sauder Woodworking Subsidiaries 401(k) Retirement Investment Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Vesting: Participants are immediately vested in their employee pre-tax withholding account, rollover contributions and Company matching contributions and any earnings thereon.

A participant's vested interest in the Company's discretionary matching and profit sharing contributions, along with any earnings on those contributions, shall be determined in accordance with the following schedule:

<u>Years of vesting service:</u>	<u>Vesting</u>
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Payment of benefits: On termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum or in an annuity.

Forfeited accounts: Forfeitures of nonvested Company contributions are used to reduce administrative expenses under the Plan, if any. Any forfeitures remaining after administrative expenses have been paid are applied to reduce employer contributions. Forfeitures amounting to \$827 for the year ended December 31, 2014 were used to reduce administrative expenses. There were no unapplied forfeitures as of December 31, 2014 and 2013, respectively.

Plan termination: Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to Plan provisions. In the event of termination of the Plan, participants will become 100% vested in their accounts. The assets then remaining in the Plan will be allocated and distributed to participants in accordance with the terms and provisions of the Plan.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 4.25%, which is commensurate with local prevailing rates as determined by the Company. Principal and interest is paid ratably through payroll deductions.

Plan transfers: If Company employees change the subsidiary company for which they work during the year, their account balances are transferred out to the respective Plan within the Master Trust. During 2014, transfers out of the Plan to the Sauder Woodworking Co. Retirement and 401(k) Plan totaled \$6,283, while transfers into the Plan from the Sauder Woodworking Co. Retirement and 401(k) Plan totaled \$7,133.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the investment contracts held by the Master Trust as well as the adjustment of the fully benefit-responsive investment contracts held by the Master Trust from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Sauder Woodworking Subsidiaries 401(k) Retirement Investment Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Investment valuation and income recognition: Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Investment income from the Master Trust is allocated to the Plan based upon the Plan's portion of the investments held in participant directed accounts.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan Agreement.

Administrative expenses: The Plan provides that administrative expenses of the Plan are to be paid by the Plan or by the Company, at the option of the Company.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Benefit payments: Benefits are recorded when paid.

Recently issued accounting pronouncement: In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)*. The purpose of this Update is to simplify Plan accounting.

- The amendments in Part I of this Update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investments contracts will be presented at contract value; accordingly, there will no longer be an adjustment from fair value to contract value on the face of the financial statements where applicable.
- The amendments in Part II of this Update will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, *Annual Return/Report of Employee Benefit Plan*, as a direct filing entity, disclosure of that investment's strategy will no longer be required.
- The amendments in Part III of this Update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

Sauder Woodworking Subsidiaries 401(k) Retirement Investment Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

The Update may be adopted in whole or by part (I, II, and III), as applicable. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. Plan management is currently evaluating the impact this Update will have on the Plan's financial statements.

Subsequent events: The Plan has evaluated events for potential recognition and/or disclosure through September 28, 2015, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Fidelity Management Trust Company

The following is a summary of the Plan's asset information as of December 31, 2014 and 2013 and for the year ended December 31, 2014, included throughout the Plan's financial statements and supplemental schedule, which was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

Note 4. Plan Interest in Sauder Retirement and 401(k) Plans Master Trust

The Plan's investments are included in the investments of the Master Trust. Participants in the Plan direct their investments into the funds within the Master Trust. The Plan's record keeper maintains supporting records for the purpose of allocating net assets and net gains or losses of the investments to each of the Plans and to each participant's account based on participant direction. The Plan's interest in the Master Trust was 1.7% and 1.8% as of December 31, 2014 and 2013, respectively. The Master Trust also includes investment assets of the Sauder Woodworking Co. Retirement and 401(k) Plan, the Sauder Manufacturing Co. Retirement and 401(k) Plan, and the Sauder Manufacturing Co. Subsidiaries 401(k) Retirement Investment Plan.

The following is a summary of the Master Trust assets as of December 31:

Note 5. Fair Value Measurements

FASB establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Guaranteed investment contract: Based on the contractual terms of the underlying guaranteed investment contract; valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Registered investment companies: Valued at quoted market prices which represent the net asset value of the shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 6. Investment with Fidelity Management Trust Company

The Plan has a benefit-responsive guaranteed investment contract with Fidelity Management Trust Company (Fidelity). Fidelity maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Fidelity, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is the discount rate that equates the estimated future market value with the portfolio's current contract value. Such interest rates are reviewed on a monthly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that causes a significant withdrawal from the plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

<u>Average yields:</u>	2014	2013
Based on average earnings	1.67%	1.54%
Based on interest rate credited to participants	1.07%	0.89%

Note 7. Tax Status

The Plan adopted a standardized form of a volume submitter prototype plan sponsored by Fidelity Management Trust Company. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status dated March 31, 2008. The prototype plan opinion letter has been relied upon by this Plan. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Note 8. Party-in-Interest Transactions

Certain Plan investments are shares of registered investment companies and a guaranteed investment contract managed by affiliates of Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The administrative fees paid to the trustee and their affiliates amounted to \$481 for the year ended December 31, 2014.

Note 9. Risks and Uncertainties

The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Reconciliation to IRS Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31 to the IRS Form 5500:

	2014	2013
Net assets available for benefits per the financial statements	\$ 4,487,626	\$ 4,304,886
Contribution receivables	(20,466)	(22,861)
Adjustment from fair value to contract value for interest in guaranteed investment contract relating to fully benefit-responsive investment contracts within Master Trust	8,179	11,861
Net assets available for benefits per the IRS Form 5500	\$ 4,475,339	\$ 4,293,886

The following is a reconciliation of the net increase before transfers per the financial statements for the year ended December 31, 2014 to net income per the IRS Form 5500:

Total net increase before transfers per the financial statements	\$ 181,890
Change in contribution receivables	2,395
Change in adjustment from fair value to contract value for fully benefit-responsive investment contracts within Master Trust	(3,682)
Total net income per the IRS Form 5500	\$ 180,603
