Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Kellogg Community Federal Credit Union 401(k) Plan and Trust, which comprise the statement of net assets available for benefits as of December 31, 2014, and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by CMFG Life Insurance Company, the Custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Custodian as of and for the year ended December 31, 2014, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The schedule of assets (held at end of year) for the year ended December 31, 2014 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With the Department of Labor's Rules and Regulations

The form and content of the information included in the 2014 financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on Compiled December 31, 2013 Financial Statements

We have compiled the accompanying statement of net assets available for benefits of the Kellogg Community Federal Credit Union 401(k) Plan and Trust as of December 31, 2013. We have not audited or reviewed the accompanying 2013 statement of net assets available for benefits and, accordingly, do not express an opinion or provide any assurance about whether the financial statements are in accordance with accounting principles generally accepted in the United States of America.

Plan management is responsible for the preparation and fair presentation of the 2013 financial statements in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

Our responsibility is to conduct the compilation in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. The objective of a compilation is to assist plan management in presenting financial information in the form of financial statements without undertaking to obtain or provide any assurance that there are no material modifications that should be made to the financial statements.

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013**

Note 1 - Description of the Plan

The following description of the Kellogg Community Federal Credit Union 401(k) Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Kellogg Community Federal Credit Union (the Credit Union). Hourly employees who have completed one year of service with the Credit Union become a participant in the Plan on the first day of the plan year or the first day of the seventh month of the plan year coinciding with or next following completion of the eligibility requirements. Salaried employees become a participant in the Plan on the first day of the month coinciding with or next following completion of the eligibility requirements. There is no service requirement for Salaried employees.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Plan Administrator is Kellogg Community Federal Credit Union. The Plan Administrator is responsible for oversight of the Plan. The Plan Administrator has formed an Investment Committee made up of Credit Union officers and members of the human resources department. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and fees. The Trustees of the Plan are Credit Union officers and human resources representatives. The investment Custodian is CMFG Life Insurance Company (formally known as CUNA Mutual Group). The investment Custodian holds all of the Plan's assets. The Company has also retained CMFG Life Insurance Company (CMFG) to provide participant recordkeeping and administration services.

Contributions to the Plan

Each year, participants may elect to contribute a portion of their eligible compensation, as defined in the plan document, to their accounts through payroll withholdings as before-tax contribution. Participants who have attained age 50 before the end of the year are eligible to make additional 'catch-up' contributions. Participants may also contribute amounts representing distributions from other defined benefit or defined contribution plans (rollovers).

Note 1 - Description of the Plan (Continued)

Contributions to the Plan (Continued)

Upon meeting the eligibility requirements, as defined in the plan document, participants are automatically enrolled at a before-tax contribution of 6%.

For the year ended December 31, 2014, the Credit Union made discretionary matching contributions, on behalf of participants, equal to 50% of the participant's deferral, up to a maximum of a 6% deferral. Total employer matching contributions for the year ended December 31, 2014 amounted to \$91,100 (net of approximately \$2,000 of applied forfeitures).

The Credit Union has a fixed safe harbor contribution. For the year ended December 31, 2014, the Credit Union made Safe Harbor contributions on behalf of eligible participants equal to 3% of those participants' eligible compensation. Compensation for plan purpose is limited to \$260,000 for 2014. For the year ended December 31, 2014, total Safe Harbor contributions to the Plan amounted to \$116,512. Participants who are eligible to make salary deferrals to the Plan are eligible for safe harbor contributions.

The employer may also make an additional discretionary profit sharing contribution to each eligible participant based on a uniform per capita dollar amount. These annual employer contributions to the Plan are determined at the discretion of the Board of Directors. An additional profit sharing contribution in the amount of \$63,916 (net of approximately \$1,400 of applied forfeitures) was made for the year ended December 31, 2014. Participants must be employed on the last day of the plan year to be eligible regardless of the amount of service completed during the plan year unless termination of employment during the plan year was the result of death, disability or retirement.

Participants direct the investment of both their individual contributions plus their share of employer contributions into the various investment options offered by the Plan. The Credit Union's contributions are allocated in the same manner as that of the participant's elective contributions.

Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the respective contributions. The benefit to which a participant is entitled upon termination or retirement is the benefit that can be provided from the participant's vested account. Funds contributed by participants and the Credit Union are invested at percentages as directed by participants in any one or more of several investment alternatives.

401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013

Note 1 - Description of the Plan (Continued)

Participant Accounts (Continued)

The income, gains or losses in each fund are allocated daily to the applicable participant's accounts in that fund based on the previously reported account balances, adjusted for current period contributions and withdrawals.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant will automatically receive an annuity unless an alternative form of distribution is elected. The distributable amount is equal to the value of the participant's vested interest in his or her account. Employees who elect to have their benefit payments deferred continue to share in allocations of investment income and losses but do not share in subsequent allocations of Safe Harbor and discretionary contributions.

The Plan allows for in-service distributions prior to termination of service due to financial hardship, as defined in the plan document, from all salary deferral contributions.

Vesting

The balance in each participant's salary deferral, safe harbor match, and rollover accounts is 100% vested at all times.

Employer matching and discretionary employer contributions are subject to a graded vesting schedule based on years of service. A participant is 100% vested after five years of credited service.

Participants also become 100% vested in employer contributions upon attaining normal retirement age, as defined in the plan document, as well as and upon death or total disability.

Forfeitures

Forfeitures attributable to employer contributions shall be used to offset employer contributions or expenses for the plan year in which such forfeitures occur. Approximately \$3,400 in forfeitures were allocated to participants as an employer matching and employer discretionary contribution for the plan year ended December 31, 2014. A balance of approximately \$-0- remains in the forfeiture account at both December 31, 2014 and 2013.

Note 1 - Description of the Plan (Continued)

Participant Notes Receivable

Participants may borrow up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan transactions are treated as participant directed investments. Loan terms range from one to five years. Loan terms may exceed five years only in the event the loan proceeds are used to purchase or construct the participant's principal residence. Loans are secured by the balance in the participant's account and bear interest at a rate commensurate with the prevailing prime rate. Principal and interest is paid ratably through payroll deductions.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting. Income from investments is recorded when it is earned. Employee contributions are recorded when withheld from pay. Employee contributions are recorded in the period to which they pertain. Expenses are recorded in the accounting period in which they are incurred.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets of an investment entity attributable to fully benefit-responsive investment contracts because the contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by generally accepted accounting principles (GAAP), the statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis for fully benefit-responsive investment contracts.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 3 for a discussion of fair value measurements.

401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013

Note 2 - Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation of the fair value of investments included the Plan's gains and losses on investments bought and sold as well as held during the year.

Realized gains and losses on investment transactions are recorded as the difference between proceeds received and carrying value. Net unrealized appreciation or depreciation in the fair market value of investments is recorded as the change in carrying value of the investment portfolio from the beginning of the year or date of purchase to the end of the year.

Participant Notes Receivable

Participant notes receivable are valued at their unpaid principal plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Accounting principles generally accepted in the United States of America require the Plan to show participant loans as notes receivable rather than investments. This excludes participant notes receivable from the required fair value disclosures discussed in Note 3.

Payment of Benefits

Benefits are recorded when paid.

KELLOGG COMMUNITY FEDERAL CREDIT UNION
401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013

Note 2 - Summary of Significant Accounting Policies (Continued)

Fees and Expenses

The Plan's administration expenses, such as attorney, audit fees and direct fees for custodian and recordkeeping services, are paid partly by the Plan and partly by the participants. These fees are allocated to the participants on a pro rata basis. Fees related to the administration of loans and benefit payments are charged directly to the participant's accounts and are included in administrative expenses. Investment-related expenses are included in the net appreciation of fair value of investments.

Estimates

The preparation of financial statements in accordance with generally accepted accounting principles in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including August 4, 2015, which is the date the financial statements were available to be issued.

Note 3 - Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described on the following page:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The tables on the following pages segregate all financial assets as of December 31, 2014 and 2013 that are measured at fair value on a recurring basis (at least annually) into the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the measurement date:

Note 3 - Fair Value Measurements (Continued)

The following is a description of the valuation methods used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Level 2 Fair Value Measurements

The Pooled Separate Accounts' fair values are determined by the stated net asset value of the underlying assets in the fund's financial statements.

Level 3 Fair Value Measurements

For the Stable Value Fund, fair value is determined by the stated net assets value in the fund's audited financial statements, which is calculated by discounting the related cash flows based on the current yield of similar instruments with comparable durations.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Fully Benefit-Responsive Investment Contract

GAAP requires that investment contracts held by a defined contribution plan are to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because the contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by GAAP, the statement of net assets available for benefits represents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis. The fund affected by this requirement is the Stable Value Fund.

The fair value of this fund at December 31, 2014 and 2013, was \$210,356 and \$202,377, respectively, as reported by the carrier, which equals contract value. This investment contract was credited with interest at annual rates of 1.63% and 1.96% at December 31, 2014 and 2013, respectively, and earned an average yield of approximately 1.61% and 1.96% for the years ended December 31, 2014 and 2013, respectively. The value of this fund is determined by the following formula: the market rate of interest less the interest rate earned in the most recent time period (expressed as a decimal) is multiplied by a factor of three. The result is subtracted from one and multiplied by the balance at the date of calculation. A reduction is made on the value of one-half of any excess over 100%. The market rate of interest is found from new money rates. The interest rate earned in the most recent time period is found by applying the current dividend schedule to existing funds, and is determined at the time of calculation. The market value adjustment is applied to the non-participant directed plans only.

Certain events may limit the Plan's ability to process stable fund transactions at contract value. Such events include termination of the contract and partial or full termination of the Plan. Upon occurrence of such events, a market adjustment may apply.

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Credit Union has the right under the Plan to discontinue its contributions and to terminate the Plan at any time subject to the provisions of ERISA.

Note 6 - Plan Amendment and Tax Status

The Plan is a standardized prototype plan, which was amended and restated effective January 1, 2009. The Plan was last amended December 17, 2012. The Internal Revenue Service (IRS) has determined and informed the Credit Union by letter dated March 31, 2008, that the Plan and related Trust are designed in accordance with applicable sections of the IRC. While the amended and restated plan document has not received an individual IRS determination letter, the plan management believes that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC and, therefore, that the Plan is qualified under Section 401(a) and that the related Trust is tax-exempt as of December 31, 2014.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2014, the Plan Administrator believes that the Plan has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, the Plan is currently not being examined. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2011.

Note 7 - Unaudited Information Certified by the Custodian

The Credit Union has engaged CMFG Life Insurance Company to act as Custodian of the Plan. For the years ended December 31, 2014 and 2013, the financial statements were prepared based on information certified by the Custodian. The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as of December 31, 2014 and 2013, and for the year ended December 31, 2014, the financial statements have been prepared based on information certified as complete and accurate by the Custodian. This includes the investment information reflected in the accompanying statements of net assets available for benefits, the statement of changes in net assets available for benefits, and the schedule of assets (held at end of year). Additionally, participant notes receivable balances as well as interest income on participant notes receivable have also been certified.

Note 9 - Party-in-Interest Transactions

Certain plan investments are managed by CMFG Life Insurance Company, who is the Plan's Custodian. In addition, the Plan pays direct compensation to the third-party administrator related to recordkeeping and administration services. Indirect compensation (that is netted against investment income on the statement of changes in net assets available for benefits) is paid to the Custodian from total annual operating expenses charged on the balance of fund investments, depending on the particular fund. Transactions involving these investments are considered party-in-interest transactions. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

Note 10 - Required Schedule Information

The following information pertains to the 2014 financial statement schedules required under the Department of Labor's Rules and Regulations. Those that are not reported are omitted because of the absence of conditions under which they are required.

- a. Schedule of Assets (Held at End of Year) - See Form 5500, Schedule H, Line 4i.
- b. Schedule of Assets (Acquired and Disposed of Within the Plan Year) - none to be reported.
- c. Schedule of Delinquent Participant Contributions - none to be reported.
- d. Schedule of Reportable Transactions - none to be reported.
- e. Schedule of Loans or Fixed Income Obligations in Default or Classified as Uncollectible - none to be reported.
- f. Schedule of Leases in Default or Classified as Uncollectible - none to be reported.
- g. Schedule of Nonexempt Transactions - none to be reported.

Note 11 - Reconciliation of Form 5500 to the Financial Statements

The following is a reconciliation of net assets available for benefits per the Form 5500 to the financial statements as of December 31, 2014 and 2013:

	<u>2014</u>	<u>2013</u> (Compiled)
Net assets available for benefits per the Form 5500	\$ 4,769,451	\$ 4,091,338
Contributions receivable	<u>67,631</u>	<u>69,254</u>
Net assets available for benefits per the financial statements	<u>\$ 4,837,082</u>	<u>\$ 4,160,592</u>

The following is a reconciliation of the net increase in assets per the Form 5500 to the net increase in assets per the financial statements for the year ended December 31, 2014:

Net increase in assets per the Form 5500	\$ 678,113
Change in employer contributions receivable	<u>(1,623)</u>
Net increase in assets per the financial statements	<u>\$ 676,490</u>

Note 12 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
