Independent Auditor's Report

To the Plan Administrator
Jacobson Associates 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Jacobson Associates 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2014 and 2013 and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank & Trust Company (the "Trustee"), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes related transactions. The plan administrator has obtained a certification from the Trustee as of December 31, 2014 and 2013 and for the year ended December 31, 2014 that the information provided to the plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held at end of year as of December 31, 2014 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Plan Description

The following description of Jacobson Associates 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees of Jacobson Associates (the "Company") who have completed 12 months of service in which the employee has worked at least 1,000 hours of service and is age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - The Plan provides for employee salary 401(k) contributions between 1 and 90 percent of the annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

Effective April 1, 2009, the Plan was amended to discontinue employer-matching contributions.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Payment of Benefits - Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account.

Vesting - Participants are immediately vested in their deferral contributions plus earnings thereon. The Company's former matching contributions vest according to the following schedule:

Years of Service	Vested Percentage
1	20 %
2	40
3	60
4	80
5 or more	100

Note 1 – Plan Description (Continued)

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future administrative expenses. There were no forfeited account balances in 2014. At December 31, 2013, the forfeited account balance totaled $43.

Participant Notes Receivable - Participants may borrow from their accounts a minimum of $500 up to a maximum of 50 percent of their account balances, not to exceed $50,000. Loan terms range from one to five years. Loans for the purchase of a principal residence can be paid over a 30-year period. The loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through periodic payroll deductions.

Administration - The Plan's third-party administrator and recordkeeper is Automatic Data Processing, Inc. (ADP). The Plan's trustee is State Street Bank & Trust Company (State Street).

Party-in-interest Transactions - State Street is the trustee of the Plan and therefore qualifies as a party-in-interest. A significant portion of the Plan's assets is held in common collective trusts offered by affiliates of State Street. Transactions relating to these investments qualify as party-in-interest transactions, which are exempt under the prohibited transaction rules.

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan document and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 – Summary of Significant Accounting Policies

Investment Valuation and Income Recognition - Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances, plus any accrued interest. Delinquent loans are reclassified as distributions based on the terms of the plan document.

Note 2 - Summary of Significant Accounting Policies (Continued)

Benefit Payments - Benefits are recorded when paid. Corrective distributions payable generally represent the distributions of certain assets to employees in order for the Plan to comply with ERISA nondiscrimination rules.

Administrative Expenses - Administrative expenses of $19,000 for the year ended December 31, 2014 were paid by the participants using trust assets.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including August 25, 2015, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

State Street Bank & Trust Company (the "Trustee") holds the Plan's investments and executes all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by Automatic Data Processing, Inc. (ADP).

Note 3 - Unaudited Information (Continued)

Investments that exceed 5 percent of end of year net assets are as follows:

	2014	2013
Common collective trust funds:		
SSGA S&P 500 Index IX	$ 300,872	$ 278,963
SSGA RUSSELL Small Cap Index VIII	191,878	167,308
SSGA S&P Mid Cap Index NL J	205,831	175,638

JENNISON 20/20 Focus - A	287,353	254,222
NUVEEN Mid Cap Growth Opportunities Fund - A	254,431	234,151
AMERICAN CENTURY Income & Growth - A	251,677	224,729
ALLIANZGI NFJ Small Cap Value Fund - A	238,110	221,501

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2014 and 2013.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Note 4 - Fair Value Measurements (Continued)

The following valuation methodologies have been used to value the Plan's investments:

Mutual Funds - Mutual funds are valued at closing quoted prices reported in active markets.

Money Market Fund - Money market funds are valued at closing quoted prices reported in active markets.

Common Collective Trust Funds - The common collective trust funds are valued at net asset value per share (or its equivalent) of the funds, which is based on the fair value of the funds' underlying net assets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(1) This class represents investments in actively managed common collective trusts that invest primarily in equity securities which may include common stocks, options, and futures.

(2) This class represents investments in actively managed common collective trusts that invest in both equity and fixed-income securities which may include common stocks, options, futures, bonds, both U.S. and non U.S. municipal securities, and interest rate swaps.

There were no unfunded commitments or redemption restrictions on the investments described above.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer.

Note 5 - Tax Status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) that the prototype plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax position and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The plan administrator believes the Plan is no longer subject to tax examinations for years prior to 2011.

Note 6 - Excess Contributions Due to Participants

For each of the years ended December 31, 2014 and 2013, the Plan failed the actual deferral percentage nondiscrimination tests. As a result, a portion of the 2014 and 2013 contributions had to be refunded to highly compensated employees in order for the Plan to maintain its qualified status with the IRS. Earnings on the excess contributions were also refunded. The excess contributions and related earnings were refunded prior to March 15, 2015 and 2014 for the years ended December 31, 2014 and 2013, respectively.

Note 7 - Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2014 and 2013 to Form 5500:

Loan terms range from one to five years. Loans for the purchase of a principal residence can be paid over a 30-year period. The loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through periodic payroll deductions.

Administration - The Plan's third-party administrator and recordkeeper is Automatic Data Processing, Inc. (ADP). The Plan's trustee is State Street Bank & Trust Company (State Street).

Party-in-interest Transactions - State Street is the trustee of the Plan and therefore qualifies as a party-in-interest. A significant portion of the Plan's assets is held in common collective trusts offered by affiliates of State Street. Transactions relating to these investments qualify as party-in-interest transactions, which are exempt under the prohibited transaction rules.

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan document and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 – Summary of Significant Accounting Policies

Investment Valuation and Income Recognition - Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances, plus any accrued interest. Delinquent loans are reclassified as distributions based on the terms of the plan document.

Note 2 - Summary of Significant Accounting Policies (Continued)

Benefit Payments - Benefits are recorded when paid. Corrective distributions payable generally represent the distributions of certain assets to employees in order for the Plan to comply with ERISA nondiscrimination rules.

Administrative Expenses - Administrative expenses of $19,000 for the year ended December 31, 2014 were paid by the participants using trust assets.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including August 25, 2015, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

State Street Bank & Trust Company (the "Trustee") holds the Plan's investments and executes all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by Automatic Data Processing, Inc. (ADP).

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2014 and 2013.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Note 4 - Fair Value Measurements (Continued)

The following valuation methodologies have been used to value the Plan's investments:

Mutual Funds - Mutual funds are valued at closing quoted prices reported in active markets.

Money Market Fund - Money market funds are valued at closing quoted prices reported in active markets.

Common Collective Trust Funds - The common collective trust funds are valued at net asset value per share (or its equivalent) of the funds, which is based on the fair value of the funds' underlying net assets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(1) This class represents investments in actively managed common collective trusts that invest primarily in equity securities which may include common stocks, options, and futures.

(2) This class represents investments in actively managed common collective trusts that invest in both equity and fixed-income securities which may include common stocks, options, futures, bonds, both U.S. and non U.S. municipal securities, and interest rate swaps.

There were no unfunded commitments or redemption restrictions on the investments described above.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer.

Note 5 - Tax Status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) that the prototype plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax position and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The plan administrator believes the Plan is no longer subject to tax examinations for years prior to 2011.

Note 6 - Excess Contributions Due to Participants

For each of the years ended December 31, 2014 and 2013, the Plan failed the actual deferral percentage nondiscrimination tests. As a result, a portion of the 2014 and 2013 contributions had to be refunded to highly compensated employees in order for the Plan to maintain its qualified status with the IRS. Earnings on the excess contributions were also refunded. The excess contributions and related earnings were refunded prior to March 15, 2015 and 2014 for the years ended December 31, 2014 and 2013, respectively.

Note 7 - Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2014 and 2013 to Form 5500:
