Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Employee Retirement Savings Plan - Premier Health Partners (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2014 and 2013 and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraphs, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Metropolitan Life Insurance Company (MetLife) as agent for Reliance Trust Company (Reliance), Voya Retirement Insurance and Annuity Company (Voya, formerly known as ING Life Insurance and Annuity Company), and Massachusetts Mutual Life Insurance Company (MassMutual) on behalf of Hartford Life Insurance Company (Hartford), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Reliance, Voya, and Hartford hold certain of the Plan's investment assets and execute certain related transactions. The plan administrator has obtained certifications from MetLife, Voya, and MassMutual as of December 31, 2014 and 2013 and for the year ended December 31, 2014 that the information provided to the plan administrator by FAScore, LLC, Voya, and MassMutual is complete and accurate.

To the Plan Administrator
Employee Retirement Savings Plan -
Premier Health Partners

As described in Note 3, the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements. The Plan has not maintained sufficient accounting records and supporting documents relating to these annuity and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficiently to determine the extent to which the financial statements may have been affected by these conditions.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held at end of year as of December 31, 2014 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* paragraphs, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* paragraphs, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the supplemental schedule.

Employee Retirement Savings Plan - Premier Health Partners

Notes to Financial Statements December 31, 2014 and 2013

Note 1 - Plan Description

The following description of the Employee Retirement Savings Plan - Premier Health Partners (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all eligible employees of Premier Health Partners (the "Plan Sponsor") and several organizations that are affiliated with the Plan Sponsor, including Atrium Health System, Atrium Medical Center, Atrium Medical Center Foundation, MedAmerica Health Systems Corporation, Miami Valley Hospital, Miami Valley Hospital Foundation, Premier Community Health, Fidelity Health Care, Good Samaritan Hospital, Samaritan Behavioral Health, Inc., and Samaritan Health Foundation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Participants can contribute a portion of their compensation as a pretax contribution to the Plan, up to the maximum allowed under the Plan and the Internal Revenue Code. Participants may also make contributions to the Plan in the form of rollover funds from another qualified plan.

Participant Accounts - Each participant's account is credited with contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting - Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon.

Benefit Payments - Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Account balances less than \$1,000 are paid in a single lump sum upon termination without consent; however, participants always have the option, when applicable, to rollover their vested account balance and avoid any premature distribution penalties.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by Metropolitan Life Insurance Company (MetLife), Voya Retirement Insurance and Annuity Company (Voya, formerly known as ING Life Insurance and Annuity Company), and Hartford Life Insurance Company (Hartford), or their affiliates. MetLife, Voya, and Hartford are custodians or service providers of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Employee Retirement Savings Plan - Premier Health Partners

Notes to Financial Statements December 31, 2014 and 2013

Note 1 - Plan Description (Continued)

Termination - While it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA.

Participant Notes Receivable - Participants may borrow from their accounts subject to certain maximum and minimum amounts as prescribed in the Plan and in the Internal Revenue Code. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments are stated at fair value. The pooled separate accounts and common collective trust funds are valued at net asset value per share (or its equivalent) of the funds, which are based on the fair value of the funds' underlying net assets. The guaranteed investment contract with MetLife is not considered benefit responsive and is presented at fair value. This guaranteed investment contract invests in the general assets of MetLife; however, since there are no specific securities in MetLife's general account related to this contract, and due to the contract terms, including the frequency of the interest rate reset intervals, contract value approximates fair value. Contract value represents deposits made to the contracts, plus earnings at guaranteed crediting rates, less withdrawals and fees.

The guaranteed investment contracts with Voya are considered fully benefit responsive and are valued at contract value. Contract value represents investments at cost, plus accrued interest income, less amounts withdrawn to pay benefits (see Note 7). The fair values of the Voya guaranteed investment contracts are based on contract value adjusted for certain contractual provisions. However, as of December 31, 2014, contract value has been deemed to approximate fair value.

The remaining guaranteed investment contract with Hartford is a group annuity contract that invests in the general assets of the insurance company. Hartford considers this contract to be benefit responsive; however, since there are no specific securities in Hartford's general accounts related to this contract and due to the contract terms, including the frequency of the interest rate reset intervals, contract value approximates fair value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. See Note 8 for additional information.

All other investments are valued based on quoted market prices. See Note 6 for additional information.

Employee Retirement Savings Plan - Premier Health Partners

Notes to Financial Statements December 31, 2014 and 2013

Note 2 - Summary of Significant Accounting Policies (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Various administrative costs are paid by the Plan Sponsor.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including September 14, 2015, which is the date the financial statements were available to be issued.

Employee Retirement Savings Plan - Premier Health Partners

Notes to Financial Statements December 31, 2014 and 2013

Note 3 - Excluded Investments

The Plan has excluded from investments in the accompanying statement of net assets available for benefits, as of December 31, 2014 and 2013 and statement of changes in net assets available for benefits for the year ended December 31, 2014, certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Note 4 - Unaudited Information

Reliance, Voya, and Hartford hold certain of the Plan's investment assets and execute certain investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements and schedule of assets held at end of year are based solely on information certified by MetLife, acting as agent for Reliance, Voya, and MassMutual, on behalf of Hartford.

The Plan has excluded certain assets from the statement of net assets available for benefits at December 31, 2014 and 2013 (see Note 3).

Included investments as of end of year net assets are as follows:

Employee Retirement Savings Plan - Premier Health Partners

Notes to Financial Statements December 31, 2014 and 2013

Note 5 - Tax Status

The Internal Revenue Service (IRS) is not currently accepting applications for 403(b) plan determination letters. The plan administrator has indicated the Plan will apply for a determination letter when the IRS allows such applications to be made. The plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of Internal Revenue Code Section 403(b). Therefore, no provision for income taxes has been included in the Plan's financial statements.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements.

Note 6 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The Plan has excluded certain assets from the statement of net assets available for benefits at December 31, 2014 and 2013 (see Note 3). The following tables present information about the included Plan assets measured at fair value on a recurring basis at December 31, 2014 and 2013 and the valuation techniques used by the Plan to determine those fair values.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Notes to Financial Statements December 31, 2014 and 2013

Note 6 - Fair Value Measurements (Continued)

- (1) This class represents investments in actively managed pooled separate accounts that invest primarily in money market funds that seek high current income consistent with maintaining liquidity and preserving capital. There were no unfunded commitments or redemption restrictions on these investments.
- (2) This class represents investments in actively managed pooled separate accounts that invest primarily in equity securities which may include common stocks, options, and futures. There were no unfunded commitments or redemption restrictions.
- (3) This class represents investments in actively managed pooled separate accounts that invest in a variety of fixed-income investments which may include corporate bonds, both U.S. and non U.S. municipal securities, interest rate swaps, options, and futures. There were no unfunded commitments or redemption restrictions.
- (4) This class represents investments in actively managed pooled separate accounts or common collective trust funds with investments in both equity and debt securities. The investments may include common stock, corporate bonds, U.S. and non U.S. municipal securities, interest rate swaps, options, and futures. There were no unfunded commitments or redemption restrictions.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer.

Note 7 - Voya Guaranteed Investment Contracts

The Plan has benefit-responsive guaranteed investment contracts with Voya Retirement Insurance and Annuity Company (Voya). Voya, the contract issuer, maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the contract issuer, but may not be less than 3 percent. Such interest rates are reviewed on the contract year anniversary date.

Certain events limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options; (iii) bankruptcy of the Plan Sponsor or other Plan Sponsor events (e.g., divestitures or spin-offs of a subsidiary) which cause a significant withdrawal from the Plan; or (iv) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Employee Retirement Savings Plan - Premier Health Partners

Notes to Financial Statements December 31, 2014 and 2013

Note 7 - Voya Guaranteed Investment Contracts (Continued)

The guaranteed investment contracts do not permit the contract issuer to terminate the contract prior to the scheduled maturity date.

As described in Note 2, because the guaranteed investment contracts are fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets attributable to the guaranteed investment contracts. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Average yield ranges for the Voya guaranteed investment contracts as of December 31, 2014 and 2013 are as follows:

	2014	2013
Voya Fixed Accounts based on actual earnings	3.00%	3.00-4.00%
Voya GAA Accounts based on actual earnings	3.00	3.00-4.00
Voya Fixed Accounts based on interest rate credited to participants	3.00	3.00-4.00
Voya GAA Accounts based on interest rate credited to participants	3.00	3.00-4.00

Note 8 - Hartford Guaranteed Investment Contract

The Plan invests in a benefit-responsive guaranteed investment contract with Hartford Life Insurance Company (Hartford). Hartford maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Interest rates are established and declared for new contributions that will be received in a calendar quarter. The rate is based on the return Hartford expects on new investments made by it and held with the Hartford general account. When establishing interest credit rates for these contracts, Hartford considers past general account investments, adjusted for portfolio turnover and withdrawals for benefit payments. The crediting rate will always equal or exceed the contractually guaranteed rate.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 3 percent for the Hartford contract. Such interest rates are reviewed on a quarterly basis for resetting.

Employee Retirement Savings Plan - Premier Health Partners

Notes to Financial Statements December 31, 2014 and 2013

Note 8 - Hartford Guaranteed Investment Contract (Continued)

Certain events limit the Plan's ability to transact at contract value with Hartford. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of equity provisions; (iii) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (iv) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with the plan participants, is probable.

Liquidation of the entire contract may cause a one-time adjustment to the aggregate contract value, resulting in a fair value different from contract value. The unallocated insurance contract does not permit the insurance companies to terminate the agreement prior to the scheduled maturity. This total liquidation is a contingent event, which cannot be initiated by the plan participants and can only be initiated by the plan trustee upon termination of the Plan or complete termination of the contract.

Average yields for the Hartford guaranteed investment contract as of December 31, 2014 and 2013 are as follows:

	2014	2013
Average yield earned by the Plan	4.00 %	4.00 %
Average yield credited to participants	4.00	4.00
