Checker Distributors 401(k) Plan
Maumee, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Checker Distributors 401(k) Plan, which comprise the statement of net assets available for benefits as of December 31, 2014, and the related statement of change in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Massachusetts Mutual Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2014, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

The supplemental Schedule of Assets Held at End of Year is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter – 2013 Statement of Net Assets Available For Benefits

The statement of net assets available for benefits of the Plan as of December 31, 2013, was audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Massachusetts Mutual Life Insurance Company, the custodian of the Plan. Their report, dated September 30, 2014, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS December 31, 2014

NOTE 1: DESCRIPTION OF PLAN

The following description of Checker Distributors 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established effective January 1, 1994 to provide retirement benefits for the employees of Checker Notions Co., Inc. dba Checker Distributors (the "Plan Sponsor"). The Plan is a defined contribution plan covering employees who have attained the age of nineteen (19). The Plan is intended to satisfy the requirement of a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (the "Code") and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). One employee of the Plan Sponsor serves as the trustee of the Plan.

Plan Year

The Plan year begins January 1 and ends December 31.

Contributions

The Plan allows for the following types of contributions:

- *Salary Deferral 401(k) Contributions*
The Plan includes an elective salary deferral arrangement pursuant to Section 401(k) of the Code. Employees may voluntarily contribute a portion of their wages subject to various nondiscrimination tests and limitations prescribed by the Code.
- *Roth Elective Salary Deferral Contributions*
Employees may make after-tax Roth elective salary deferral contributions.
- *Rollover Contributions*
Participants may make rollover contributions from another qualified plan.
- *Employer Safe Harbor Matching Contributions*
Effective January 1, 2014, the Plan Sponsor will make a safe harbor matching contribution equal to 100% of the first 3% of a participant's compensation and 50% up to the next 2% of the participant's compensation contributed to the Plan. The Plan Sponsor made \$206,946 in employer safe harbor matching contributions for the year ended December 31, 2014.
- *Discretionary Employer Matching Contributions*
Prior to January 1, 2014, the Plan Sponsor may make a matching contribution equal to a discretionary amount.
- *Discretionary Employer Non-Elective Contributions*
The Plan Sponsor may make a non-elective employer contribution equal to a discretionary amount. To receive an allocation of non-elective employer contributions, participants must complete 1,000 hours of service and be employed with the Plan Sponsor at the end of the Plan year. The Plan Sponsor elected not to make a non-elective contribution for the year ended December 31, 2014.

NOTE 1: DESCRIPTION OF PLAN (Continued)

Participant Accounts and Allocations

The Plan allows participants the ability to self-direct their contributions and account balances among various investment options. Participants are allowed to invest their accounts in any one of the funds or combination of funds. Investment earnings and losses are allocated to participants' accounts based on the actual earnings or losses of the investments selected.

Vesting

All participants are 100% vested in their voluntary and employer safe harbor matching contributions. Participants vest in other employer contributions at a rate of 20% per year after the second year of service and are fully vested after six years of service.

Forfeitures

Forfeitures can be used to reduce employer contributions. Forfeited amounts of \$274 were used to reduce employer contributions for the year ended December 31, 2014. There were no forfeitures remaining at December 31, 2014.

Retirement

Normal retirement under the Plan is the date a participant attains age 65. Early retirement is permitted after a participant attains age 55 and completes 6 years of service.

Payment of Benefits

Payment of retirement benefits may be made at the following times under the Plan: 1) normal/early retirement, 2) termination of employment, 3) death or disability, 4) demonstration of financial hardship, or 5) upon plan termination.

Benefit payments are paid in single lump sums.

Notes Receivable from Participants

The Plan allows participants to borrow from their accounts. Loans may not exceed the lesser of \$50,000 or 50% of the participants' vested account balance. Loan terms may be up to five years unless the loan is taken for the purchase of a primary residence. Principal and interest are paid through payroll deductions.

Administrative Expenses

Administrative expenses of the Plan are paid by the Plan or the Plan Sponsor at the discretion of the Plan Committee. Expenses related to specific participant transactions are charged to the respective participant's account.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with generally accepted accounting principles of the United States (U.S. GAAP).

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Pooled separate accounts are stated at net asset value which is based on underlying quoted prices when available. The fixed account is valued at fair value by discounting the related cash flows based on current yields. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Net appreciation in fair value of investments includes gains and losses on investments bought and sold, as well as held during the year, net of contract administration fees. Increases in the unit values of investments are reflected in each participant's self-directed account. Investments are valued daily.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. If a participant ceases to make loan payments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Income Taxes

The Plan adopted a volume-submitter prototype plan which obtained a favorable opinion letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the opinion letter, however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has determined that as of December 31, 2014 there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2011.

Payment of Benefits

Benefits are recorded when paid.

Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 5: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) ASC 820 provides a framework for measuring fair value. That framework provides a three-tier hierarchy that prioritizes the inputs to valuation techniques used for measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are as follows:

Level 1 - Inputs are unadjusted quoted prices for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, model-based valuation techniques for which all significant assumptions are observable in the market, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014.

Pooled Separate Accounts: Pooled separate accounts invest mainly in mutual funds both domestic and international. The majority of the underlying assets have Level 1 quoted pricing inputs and observable Level 2 pricing inputs, including quoted prices for similar assets in active or non-active markets.

Fixed Income Account: The fixed income account is provided through a Group Annuity Contract or Group Funding Agreement with Massachusetts Mutual Life Insurance Company (the "Issuer"). Under the terms of the Group Annuity Contract or Group Funding Agreement, a crediting rate is established for amounts invested in the fixed income account. Because the fixed income account is fully benefit-responsive, contract value is the relevant measurement attribute. Contract value represents contributions plus credited interest less participant withdrawals and fees. The fixed income account is presented at fair value with an adjustment to contract value in arriving at net assets available for plan benefits. Fair value is determined using liquidation value which is based on an actuarial formula as defined under the terms of the contract. There are no unobservable inputs within this formula. Fair value approximated contract value at December 31, 2014 and 2013.

Interest is credited to the fixed income account at an annual effective yield that is at least equal to the minimum guaranteed interest rate in the investment contract. The average yield for the years ended December 31, 2014 and 2013 was 3.00%.

Certain events limit the ability of the Plan to transact at contract value with the Issuer. Examples of such events include termination of the contract, plan termination, and layoffs. A market value adjustment may apply upon occurrence of any of these events. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring. The contract permits the Issuer to terminate the agreement prior to the scheduled maturity date. Examples of events that would allow the Issuer to terminate the agreement include the Plan failing to maintain its special tax qualified or exempt status under the Code and the Plan or agreements being amended in a way that adversely affect the Issuers obligations under the contract.

Corrective employer contributions	1,310	
Other employer contributions as reported	<u>\$ 1,310</u>	

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

NOTE 9: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are pooled separate and fixed accounts managed by the custodian and notes receivable from participants. Fees paid by the Plan for the investment management and recordkeeping services are paid to the custodian and third party service providers. These investments and transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA.

NOTE 10: SUBSEQUENT EVENTS

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through September 10, 2015, the date the financial statements were available to be issued, and management has determined that no subsequent events have occurred that should be disclosed.
