Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis described in Note 2, this includes determining that the modified cash basis of accounting is an acceptable basis for preparation of financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

CONTRIBUTIONS - Participants may contribute up to 96% of their annual compensation, as defined in the Plan. Participants self-direct the investment of their contributions into various investment options offered by the Plan. The Company contributes a matching contribution of 20% of the first 4% of compensation to the Plan, discontinued effective July 10, 2009 and restarted on December 9, 2013.

PARTICIPANT ACCOUNTS - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings.

VESTING - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service. On termination of service for death or permanent disability a participant becomes vested 100%.

PARTICIPANT LOANS - Participants may borrow from their fund accounts an amount up to 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at 4.25% (rate at December 31, 2014), which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest, recognized when received, is paid ratably through bi-weekly payroll deductions.

PAYMENT OF BENEFITS - On termination of service due to death, disability or retirement, a participant receives a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant receives the value of the vested interest in his or her account as a lump-sum distribution.

FORFEITED ACCOUNTS - At December 31, 2014, there were no forfeited accounts. The account will be used to reduce future employer contributions.

ADMINISTRATIVE EXPENSES - Administrative costs paid by the plan in 2014 were approximately $1,500. The Employer paid the remaining administrative costs.

BASIS OF ACCOUNTING - The financial statements of the Plan are prepared using the modified cash method of accounting. Employee and Employer contributions are recorded when transferred to the Plan. Benefit payments to participants are recorded upon distribution. Purchases and sales of securities are recorded on a trade-date basis. Dividends and interest are recorded monthly as received.

INVESTMENT VALUATION AND INCOME RECOGNITION - The Plan's investments are stated at quoted market prices. Changes in unrealized appreciation (depreciation) for the period are reflected in the statements of changes in net assets available for benefits.

ESTIMATES - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

The following is a summary of investments that represent 5% or more or the Plan's assets at December 31, 2013:

	Number Of Shares

During 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) decreased in value by approximately $34,000. The Plan's investments are held by Merrill Lynch Wealth Management.

NOTE 4 – FAIR VALUE MEASUREMENT ANALYSIS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as: a. Quoted prices for similar assets or liabilities in active markets b. Quoted prices for identical or similar assets or liabilities in inactive markets c. Inputs other than quoted prices that are observable for the asset or liability d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

NOTE 4 – FAIR VALUE MEASUREMENT ANALYSIS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014, and 2013.

Mutual and bond funds are valued at the net asset value, quoted market prices, of shares held by the plan at year-end. Participant loans are valued at amortized cost, which approximates fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair market values as of December 31, 2014:

	Total	Level 1	Level 2	Level 3
Mutual and bond funds	$ 1,005,772	$ 1,005,772	$ -	$ -
Participant loans	26,348			26,348
Total	$ 1,032,120	$1,005,772.	$	$ 26,348

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair market values as of December 31, 2013:

	Total	Level 1	Level 2	Level 3
Mutual and bond funds	$ 882,851	$ 882,851	$ -	$ -
Participant loans	40,036			40,036
Total	$ 922,887	$ 882,851.	$	$ 40,036

The net change in the Plan's Level 3 assets decreased approximately $14,000 in 2014 and approximately $21,000 in 2013, which represents new loans each year, net of repayments for the year.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any interest to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investments securities are exposed to various risk such as interest rate, market, and credit risks. Due to the level of risk associated with certain securities. It is at least reasonably possible that change is the values for investment securities will occur in the near term and such changes could materially affect participants' balances and amounts reported in the statement of net assets available for benefits.

NOTE 7 - TAX STATUS

The IRS has determined and informed the Plan sponsor by a letter dated June 29,1993, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

The entity files income tax returns with the U. S. government. With few exceptions, the entity is no longer subject to U.S. federal income tax examinations by tax authorities for years before 2011.
