NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013**

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the Virgo Publishing, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established December 1, 2004, and is a defined contribution plan covering all full-time employees (excluding leased employees, nonresident aliens, interns and union employees) of Virgo Publishing, LLC ("the Company") who have attained age 21 and completed 3 months of service. The Plan has been amended and restated throughout the years to comply with tax legislation and was most recently amended and restated effective April 1, 2012. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The 401k Steering Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

In August 2014, Virgo Publishing, LLC, was acquired by Informa Exhibitions LLC and the decision was made to merge the Plan assets into the Informa USA, Inc. 401k Plan. Effective December 31, 2014, the Plan was frozen in preparation for this transfer. No new participants are allowed to enter the Plan as of that date. At that time, the plan was also amended to make Informa Exhibitions LLC the plan sponsor and plan administrator. The Plan will continue under the new Plan sponsor until all assets are distributed.

Contributions

Each year, participants may contribute up to the maximum amount allowed by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan was amended effective April 1, 2012 to allow for Roth contributions. Participants who do not elect to make deferral contributions will automatically have compensation deferred at 5% of eligible compensation each payroll period. The Company can, at its discretion, contribute an amount equal to a matching percentage of the participant's eligible contributions for a Plan year. To be eligible for the matching contribution, participants must be employed on the last day of the Plan year. For the years ended December 31, 2014 and 2013, the Company's matching contributions were equal to 7.65% and 6.37% of participants' eligible contributions, respectively. Additional amounts may be contributed at the discretion of the Company's Board of Directors. There were no discretionary contributions for the years ended December 31, 2014 and 2013.

Effective December 31, 2014, the Plan was amended to cease all contributions.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution, and allocations of (a) the Company's discretionary contribution and (b) net Plan earnings or losses. Allocations of income to participants' accounts are based upon the earnings from the various investments that each participant has elected to invest in, as defined in the Plan. Income is allocated daily based on the shares in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus the actual earnings thereon. Vesting in the Company contributions portion of their accounts plus earnings thereon is based on years of service. A participant is fully vested after three years of credited service, upon normal retirement age, death, or disability.

Forfeitures

Forfeited non-vested accounts are used to reduce future employer contributions or to pay Plan expenses. For the years ended December 31, 2014 and 2013, forfeitures of \$467 and \$580, respectively, were used to reduce employer contributions. At December 31, 2014 and 2013, forfeited accounts totaled \$0.

Notes Receivable

Upon approval, participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Unless the note is used to acquire the participant's principal residence, these loans must be repaid within five (5) years. The notes are secured by the balance in the participant's account and bear interest at a rate of prime plus two. Principal and interest on notes are allocated specifically to that participant's account balance. Principal and interest is paid ratably through payroll deductions. Loan interest rates were 5.25% at December 31, 2014 and 2013.

Benefit Payments

Under the terms of the Plan, lump-sum distributions from the Plan will be made upon a participant's termination, normal retirement age, death or disability. The Plan also allows for installment payments to be made over a certain period of time. In addition, the Plan allows for in-service distributions from the Plan during employment upon the attainment of age 59½ and hardship distributions, subject to Plan provisions. The Plan provides that vested account balances of \$1,000 or less are to be distributed to the participant in a lump sum, and vested account balances greater than \$1,000 and less than \$5,000 are to be distributed as a direct rollover to an Individual Retirement Account or another qualified plan.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Subsequent Event – Distribution of Assets

As a result of the Plan termination, all plan assets, except for the Guaranteed Investment Accounts, were transferred out of the trust in April 2015. The Guaranteed Investment Contract has a one-year redemption notification for cancellation of the entire contract; therefore, those assets will transfer out of the trust in April 2016.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the investment contract which is equal to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis for fully benefit – responsive investment contracts.

Administrative Expenses

The Company pays certain administrative expense on behalf of the Plan.

Payments of Benefits

Benefit payments are recorded when paid.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013**

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenue and expense during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Subsequent Events

In preparing these financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through September 11, 2015, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Certain information related to investments and notes receivable from participants at December 31, 2014 and 2013, and net appreciation in the fair value of investments, interest and dividends for the year ended December 31, 2014 and 2013, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by American United Life Insurance Company, the insurance company of the Plan.

NOTE 5 FAIR VALUE MEASUREMENTS

Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**VIRGO PUBLISHING, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013**

NOTE 5 FAIR VALUE MEASUREMENTS (CONTINUED)

Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2014 and 2013.

Pooled Separate Accounts: Valued using the net asset value of units, which are based on observable market prices for the underlying assets.

Guaranteed investment contract: Guaranteed investment contracts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (see Note 6). Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Plan Administrator evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

NOTE 6 INVESTMENT CONTRACT WITH INSURANCE COMPANY

In April 2012, the Plan entered into a group annuity contract with AUL Life Insurance Company (AUL). As part of the contract, AUL maintains a portion of the contributions in a Stable Value Account. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by AUL. The guaranteed account is included in the financial statements at contract value, (which represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses), because it is fully benefit responsive. Upon termination of the investment contract, the lump sum liquidation value of the general account portion of the participant's accumulation value shall be equal to the product of (a) the participant's general account accumulation value on the liquidation date, reduced by the liquidation charge applicable on the liquidation date and (b) a market value adjustment percentage. The average yield and crediting yield was approximately 0.5% and 0.5% for the years ended December 31, 2014 and 2013, respectively. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

NOTE 7 PLAN TERMINATION

In August 2014, it was resolved to terminate the Plan. The Plan was frozen to new participants as of December 31, 2014. See Note 1 regarding the transfer of the Plan assets into the new sponsor.

NOTE 8 PLAN TAX STATUS

The prototype Plan has received a favorable opinion letter from the Internal Revenue Service, dated March 31, 2008, indicating that the regional prototype Plan sponsored by American United Life Insurance Company is qualified under Section 401 of the Internal Revenue Code and is therefore not subject to tax under current income tax law. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 9 RISKS AND UNCERTAINTIES

The Plan invests in a variety of investment funds. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by American United Life Insurance Company, the insurance company, and Frontier Trust Company, the trustee; therefore, these transactions qualify as party-in-interest transactions.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
