NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2014

NOTE 1. PLAN DESCRIPTION

The following description of the Santa Monica Amusements, LLC 401(k) Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees who have completed one year of service with at least 1,000 hours of service with Santa Monica Amusements, LLC (the "Company" and the "Plan Sponsor") and have attained 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 100 percent of their pre-tax compensation or designate a portion or all of these contributions to be from after-tax compensation known as Roth deferrals, as defined by the Plan and subject to certain limitations under the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan.

The Company may make discretionary matching contributions at the option of the Plan Sponsor. To be eligible for Company discretionary matching contributions, participants must be employed on the last day of the Plan year. There were no Company discretionary matching contributions made for the year ended December 31, 2014.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, if any, as well as allocations of Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and Company contributions plus actual earnings thereon.

Forfeitures

Since participants are always fully vested in Company contributions, there are no forfeitures.

Payment of Benefits

On termination of service for any reason, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installment payments, as permitted under the Plan.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with the accounting principles generally accepted in the United States of America, primarily from data provided by Massachusetts Mutual Life Insurance Company in its capacity as administrative services agent for contracts issued by Hartford Life Insurance Company (the "Custodian").

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. The investments and changes therein of the funds have been reported to the Plan by the Custodian using fair value. Accounting principles generally accepted in the United States of America require that the amount representing the difference between the fair value of fully benefit-responsive investment contracts and the contract value be presented on the face of the statements of net assets available for plan benefits. As of December 31, 2014 and 2013, there is no difference between the contract value and the fair value for the Fixed Account, which is fully benefit-responsive.

Investments are valued daily and interest is recognized on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Concentration of Risk

The Plan's investments have exposure to risk to the extent that the investments are subject to market and interest rate fluctuations that may materially affect the value of the investment balances.

Administrative Expenses

Certain administrative expenses incidental to the administration of the Plan, including fees of the Custodian and independent public accountants may be paid by the Plan. Administrative expenses not paid by the Company are paid by the Plan.

Most investment options have fees which reduce the overall return on assets. The net appreciation of investments is reflected net of these fees.

Benefits Payable to Participants

Benefits are recorded when paid.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Pooled Separate Accounts – Valued at the net asset value ("NAV") of units of a pooled separate account ("PSA") maintained by an insurance company held by the Plan at year-end. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the PSA less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The PSA NAV is not a publicly-quoted price in an active market, therefore, the PSA are classified as Level 2 within the valuation hierarchy.

Guaranteed Interest Contract ("GIC") – Valued at contract value, which is based on participant contributions made in the fund, plus interest credited by the contract issuer, less withdrawals and fees. Contract value approximates fair value (see Note 3) and therefore is classified as Level 2 in the valuation hierarchy.

The PSA do not have any unfunded commitments relating to their investments, or any significant restrictions on redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value (Continued)

All of the Plan's investments are Level 2 and the following table sets forth, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2014	2013
PSA	\$ 701,574	\$ 653,331
GIC	31,907	32,188
Total investments at fair value	<u>\$ 733,481</u>	<u>\$ 685,519</u>

Recent Accounting Pronouncement

On July 31, 2015, the FASB issued a new Accounting Standards Update ("ASU") that simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts, plan investment disclosures, and measurement date practical expedient. The guidance is contained in ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans, Topic 960; Defined Contribution Plans, Topic 962; and Health and Welfare Benefit Plans, Topic 965: Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. The amendments are effective for all plan years beginning after December 15, 2015. Earlier application of any or all of the three parts is permitted. Plan management has elected to early implement Part II and it has been retrospectively applied to the financial statements. Plan management does not expect the unimplemented portions of the pronouncement to have a material impact on the Plan's financial statements.

NOTE 3. INVESTMENTS

Investment options are selected by the Plan Sponsor and are participant-directed. The participants have several investments they can choose from. See the attached Schedule of Assets (Held at End of Year) for a detailed listing of investments.

The Plan entered into a fully benefit-responsive investment contract with Hartford Life Insurance Company ("Hartford"). Hartford maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Hartford is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

Because the investment is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the investment contract. Contract value, as reported to the Plan by Hartford, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of Hartford or otherwise. The crediting interest rate is based on a formula agreed upon with Hartford, but may not be less than three percent. Such interest rates are viewed on a quarterly basis for resetting. The contract value is also the fair value to be disclosed.

NOTES TO FINANCIAL STATEMENTS

NOTE 3. INVESTMENTS (Continued)

Certain events limit the ability of the Plan to transact at contract value with Hartford. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemptions under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The investment contract does not permit Hartford to terminate the agreement prior to the scheduled maturity date.

Average yields for the Fixed Account:	<u>2014</u>	<u>2013</u>
Based on actual earnings	3.09%	2.80%
Based on interest rate credited to participants	3.00%	3.00%

NOTE 4. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 5. FEDERAL INCOME TAX STATUS

The Company adopted a prototype plan which is the subject of a favorable tax opinion letter from the IRS dated March 31, 2008. The Company routinely self-reviews the administration of the Plan and self-corrects any compliance issues in accordance with the Employee Plans Compliance Resolution System. The Company believes that the Plan currently is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 6. FINANCIAL DATA CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Custodian and was not subjected to any auditing procedures performed by the independent public accountants:

- a. Participant-directed investments and notes receivable from participants as shown in the accompanying statements of net assets available for plan benefits as of December 31, 2014 and 2013.
- b. Net appreciation of investments, interest income on investments, and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for plan benefits for the year ended December 31, 2014.
- c. Investments and participant loans as of December 31, 2014 as listed in the accompanying Schedule of Assets (Held at End of Year).

NOTE 7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Custodian. Transactions with the Custodian qualify as party-in-interest transactions for which exemptions exist. The Custodian received direct fees of \$514 for administration fees, all of which were paid by the participants through the Plan. In addition, the Company utilizes a broker who received indirect compensation of \$2,158 and the Plan's third party administrator received indirect fees of \$349.

NOTE 8. NOTES RECEIVABLE FROM PARTICIPANTS

Participants in the Plan may borrow against their account balance within specified guidelines, as defined in the Plan. The loan interest rate is set at a reasonable rate, as defined in the Plan. The loans are stated at the unpaid principal amount, secured by the balance in the participant's account and bear interest at rates that range from five percent to seven percent. Principal and interest are paid ratably through payroll deductions. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 9. SUBSEQUENT EVENTS

The Company has evaluated subsequent events that have occurred through September 28, 2015, which is the date that the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements.
