INDEPENDENT AUDITOR'S REPORT

To the Participants and Sponsor of the
Network Funding, L.P. Employees Welfare
Benefit Plan & Trust
Houston, TX

We have audited the accompanying statements of net assets available for benefits of the Network Funding, L.P. Employees Welfare Benefit Plan & Trust (the "Plan") as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of the Network Funding, L.P. Employees Welfare Benefit Plan & Trust as of December 31, 2009 and 2008, and the changes in its financial status for the year ended December 31, 2009 in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules on pages 11 and 12 are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NETWORK FUNDING, L.P.
EMPLOYEES WELFARE BENEFIT PLAN & TRUST
NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – PLAN DESCRIPTION

The following description of the Network Funding, L.P. Employees Welfare Benefit Plan & Trust (the "Plan" or "Trust") provides only general information. Participants should refer to the Summary Plan Description for a complete description of the Plan's provisions which were in effect as of December 31, 2009.

General

The Plan was adopted effective April 1, 2001, and provides health and other benefits covering all participants in the employment of Network Funding, L.P. (the "Sponsor"), an employer located in Houston, Texas. The Sponsor maintains the Plan as a self-funded plan. The Trust was set up as a funding vehicle for the Plan in conformity with the requirements of the Internal Revenue Code of 1986 and the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is a funded plan due to the creation of the Trust which is a tax-exempt Voluntary Employee Beneficiary Association (VEBA) pursuant to Internal Revenue Code Section 501(c)(9).

Participation and Benefits

The Plan provides health benefits (medical, major medical, hospitalization, prescription drugs, dental, vision, life insurance and long term care), disability, vacation and holiday, and death benefits to full-time and part-time participants with at least 30 days continuous employment and to their beneficiaries and covered dependents. Retired employees are entitled to similar health (in excess of Medicare coverage) and death benefits provided they have attained at least age sixty-five and have fifteen years of service with the Sponsor before retirement.

Sponsor Contributions

The Sponsor's Board of Directors has discretion as to the amount of Sponsor contributions to the Plan but uses an actuary to calculate the maximum permissible postretirement benefits reserve to be held in the Plan. Under Section 419 of current tax law, the deduction allowable for any taxable year is not to exceed the Plan's qualified cost for the taxable year. Effective January 1, 2009, the Sponsor elected to discontinue contributions indefinitely in accordance with Section 10.2 of the Plan document. Additionally, the Sponsor funds certain administrative costs.

Vesting

The Plan does not provide for vesting of rights to the Plan assets.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

Cash Equivalents

The Plan considers all highly liquid investments with original maturities of three months or less to be cash equivalents.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Investment Valuation and Income Recognition

Investments at year end are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The net change in the fair value of investments is reported in the statement of changes in net assets available for benefits in the period of the change.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Net investment income (loss) included the Plan's gains and losses on investments bought and sold as well as held during the year.

Concentration of Credit Risk

The Plan maintains cash at two banks and a stock brokerage firm. The bank accounts are insured by the Federal Deposit Insurance Corporation up to $250,000. The stock brokerage account is insured by the Securities Investor Protection Corporation up to $500,000. The cash balances on deposit often exceed the federally insured limits; however, management believes the credit risk is low due to the overall financial strength of the financial institutions and stock brokerage firm. The Plan has incurred no losses on such accounts.

Residential Mortgage Loans

Residential mortgage loans are receivables collateralized by mortgages on the respective properties. The receivables are collectible in installments and mature at various dates. The loans are evaluated on an annual basis to ensure that the carrying value of each mortgage loan receivable is recoverable from the borrower. During the year ended December 31, 2009, the Plan recognized a fair value impairment of $18,642.

Investment in Joint Ventures

The Plan has a 4% and 3% interest, respectively, in Dubose Model Home Investments #116, Ltd. ("Dubose") and Buffington Texas Classic Homes, Ltd. ("Buffington"), privately-held partnerships. The investment in Buffington requires a standby letter of credit facility of $166,667 which the Plan had not obtained at December 31, 2009. During the year ended December 31, 2009, the Plan recognized a fair value impairment of $100,000 on its investment in Dubose. At December 31, 2009 and 2008, the investment in joint ventures totaled $100,000 and $200,000, respectively.

Real Estate Held for Investment

During 2009, the Plan sold 1,587 acres of land in Kinney County, Texas to the Plan Trustees for $1,350,157, representing the Plan's approximate carrying value of such real estate. As such, this transaction qualifies as a party-in-interest transaction. The Plan obtained a prohibited transaction exemption ("PTE") pursuant to PTE 96-62 with the DOL to sell the land and accordingly, this transaction is exempt from being a prohibited transaction by ERISA.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Sponsor to make estimates and assumptions that affect certain reported amounts and disclosures. Significant estimates in the financial statements include the fair value of investments and the estimated amount of reserves for present value of future benefits to be paid to eligible participants as calculated by an actuary utilizing certain assumptions and based on census data prepared by the Sponsor. Management believes actual results will not differ significantly from those estimates.

Postretirement Benefit Obligation

The postretirement benefit obligation represents the actuarial present value of those estimated future benefits attributed to employee service rendered to December 31, 2009. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired employees and their beneficiaries and dependents and (2) active employees and their beneficiaries and dependents after retirement from service with the Sponsor. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee's service with the Sponsor rendered to the valuation date. At December 31, 2009, no employees met the requirements to qualify for postretirement benefits.

The actuarial present value of the expected postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to certain current medical cost data.

The following were assumptions used in the valuations as of December 31, 2009:

Weighted-average discount rate	6.0%
Average retirement age	65

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

Health costs incurred by participants and their beneficiaries and dependents are covered by insurance contracts maintained by the Sponsor. As stated in Note 1, the Sponsor is not permitted under present tax laws to deduct amounts for future benefits (beyond one year). Insurance premiums for future years in respect of the Plan's postretirement benefit obligation will be funded by the Plan's assets in future years.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

The postretirement benefit obligation at December 31, 2009, principally health benefits, related to the following categories of participants (including their beneficiaries and dependents):

Current Retirees	$ -
Other Participants Fully Eligible for Benefits	-
Participants not yet Fully Eligible for Benefits	6,738,464 *
	$ 6,738,464

* The value stated assumes that all Participants not yet Fully Eligible for Benefits will become eligible. It is possible that some number of those Participants may never become eligible due to the service component of the eligibility requirements.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan measures and reports certain assets and liabilities at fair value and within a hierarchal disclosure framework which prioritizes and ranks the level of observable inputs used in measuring fair value. At each financial statement date, the Plan performs an analysis of all assets and liabilities subject to fair value measurements.

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted, quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs, excluding those included in Level 1, are either observable prices for identical assets or liabilities in inactive markets, observable prices for similar assets and liabilities, or other inputs derived principally from, or corroborated by, observable market data at the measurement date.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009.

During 2009, the Plan held, at varying times, a portfolio of U.S. Treasury securities. Fair values of U.S. Treasury securities are determined based on quoted market prices.

Residential mortgage loans are valued at their outstanding balances which approximate fair value, except where appraisal values on the underlying properties of each loan indicate a reduced fair value. The certificates of deposit are valued at amortized cost, which approximate fair value.

NOTE 3 – FAIR VALUE MEASUREMENTS – CONTINUED

Investments in joint ventures are initially recorded at cost, being the fair value at the time of acquisition. Subsequent to acquisition, the Plan Sponsor evaluates the occurrence of events or circumstances to determine if the fair value of a privately-held investment should be adjusted upward or downward at the end of each reporting period. Examples of relevant events or circumstances include significant subsequent equity financing by outside investors, positive (or negative) operating results, or placement of investee into receivership or bankruptcy. The Plan Sponsor also takes into account general market conditions when valuing the privately-held investments in the Plan's portfolio. Absent the occurrence of any of these events or any significant change in general market conditions, the fair value of the investment is left unchanged.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

	Quoted Market Prices in Active Markets (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)

Purchases, Sales, Issuances, and Settlements (Net)	(1,350,000)	(234)	-
Balance, December 31, 2009	$ -	$ 625,761	$ 100,000

NOTE 4 – INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets, all of which are non-participant directed.

	2009	2008
Certificate of Deposit	$ 1,049,240	$ 1,351,153
U.S. Treasury Securities	-	1,752,961
Real Estate - Kinney County, Texas	-	1,350,000
Residential Mortgage Loans	625,761	644,637
Investment in Joint Ventures	100,000	200,000
Total Investments	$ 1,775,001	$ 5,298,751

Interest income related to these investments totaled $84,889 for the year ended December 31, 2009.

During 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value as follows:

Residential Mortgage Loans	$ 18,642
Investment in Joint Ventures	100,000
Total Depreciation in Fair Value of Plan Investments	$ 118,642

NOTE 5 – FEDERAL INCOME TAX STATUS

The Plan has received a favorable determination letter dated September 27, 2002 from the Internal Revenue Service. The Plan has been amended since receiving the determination letter. However, the Plan's Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 6 – PARTY-IN-INTEREST

During 2009, the Plan paid directly to the Sponsor the following qualified benefits and expenses:

Vacation and Holiday Benefits	$ 114,847
Property Taxes on Real Estate Held for Investment	1,253
Professional Fees	20,855
Total Expenses	$ 136,955

These transactions qualify as party-in-interest transactions and are exempt from being prohibited transactions by ERISA.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the assets will be distributed in accordance with the Plan document.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in residential mortgage loans and joint ventures. These investments are exposed to various risks such as interest rate fluctuations, changes in market conditions, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of these investments will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 9 – SUBSEQUENT EVENT

The Plan has evaluated subsequent events through the date the financial statements were available for issuance on September 28, 2010 and identified the following events, not otherwise disclosed in the financial statements, to have an impact on the Plan's financial position or results of operations.

In a letter dated January 29, 2010, the Department of Labor ("DOL") determined that the Plan Sponsor has taken the appropriate corrective actions with respect to the findings from the DOL's investigation in prior years and has stated that no further action will be taken.
