INDEPENDENT AUDITOR'S REPORT

To the Participants and Sponsor of the
Network Funding, L.P. Employees Welfare Benefit Plan & Trust
Houston, TX

We have audited the accompanying statements of net assets available for benefits of Network Funding, L.P. Employees Welfare Benefit Plan & Trust (the "Plan") as of December 31, 2011 and 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of the Network Funding, L.P. Employees Welfare Benefit Plan & Trust as of December 31, 2011 and 2010, and the changes in its financial status for the year ended December 31, 2011 in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules on pages 11 and 12 are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NETWORK FUNDING, L.P.
EMPLOYEES WELFARE BENEFIT PLAN & TRUST
NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – PLAN DESCRIPTION

The following description of the Network Funding, L.P. Employees Welfare Benefit Plan & Trust (the "Plan" or "Trust") provides only general information. Participants should refer to the Summary Plan Description for a complete description of the Plan's provisions which were in effect as of December 31, 2011.

General

The Plan was adopted effective April 1, 2001, and provides health and other benefits covering all participants in the employment of Network Funding, L.P. (the "Sponsor"), an employer located in Houston, Texas. The Sponsor maintains the Plan as a self-funded plan. The Trust was set up as a funding vehicle for the Plan in conformity with the requirements of the Internal Revenue Code of 1986 and the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is a funded plan due to the creation of the Trust which is a tax-exempt Voluntary Employee Beneficiary Association (VEBA) pursuant to Internal Revenue Code Section 501(c)(9).

Participation and Benefits

The Plan provides health benefits (medical, major medical, hospitalization, prescription drugs, dental, vision, life insurance and long term care), disability, vacation and holiday, and death benefits to full-time and part-time participants with at least 30 days continuous employment and to their beneficiaries and covered dependents. Retired employees are entitled to similar health (in excess of Medicare coverage) and death benefits provided they have attained at least age sixty-five and have fifteen years of service with the Sponsor before retirement.

Sponsor Contributions

The Sponsor's Board of Directors has discretion as to the amount of Sponsor contributions to the Plan but uses an actuary to calculate the maximum permissible postretirement benefits reserve to be held in the Plan. Under Section 419 of current tax law, the deduction allowable for any taxable year is not to exceed the Plan's qualified cost for the taxable year. Effective January 1, 2009, the Sponsor elected to discontinue contributions indefinitely in accordance with Section 10.2 of the Plan document. Additionally, the Sponsor funds certain administrative costs.

Vesting

The Plan does not provide for vesting of rights to the Plan assets.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

Cash Equivalents

The Plan considers all highly liquid investments with original maturities of three months or less to be cash equivalents.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Investment Valuation and Income Recognition

Investments at year end are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The net change in the fair value of investments is reported in the statement of changes in net assets available for benefits in the period of the change.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Net investment income (loss) included the Plan's gains and losses on investments bought and sold as well as held during the year. Investments in privately-held partnerships are initially recorded at cost, being the fair value at the time of acquisition. The fair value may, depending on the circumstances, be subsequently adjusted.

Concentration of Credit Risk

During 2011, the Plan had deposits in non-interest bearing accounts at a financial institution which were fully insured by the Federal Deposit Insurance Corporation. Management believes any credit risk is low due to the overall financial strength of the financial institution.

Certificates of Deposit

Certificates of Deposit represent deposits held at financial institutions with original maturities greater than three months but less than or equal to one year.

Residential Mortgage Loans

Residential mortgage loans are receivables collateralized by mortgages on the respective properties. The receivables are collectible in installments and mature at various dates. The loans are evaluated on an annual basis to ensure that the carrying value of each mortgage loan receivable is recoverable from the borrower. For the year ended December 31, 2011, the Plan recorded a net depreciation of the fair value of the residential mortgage loans in the amount of $7,024.

Investment in Joint Ventures

The Plan has a 4% and 2.2% interest, respectively, in Dubose Model Home Investments #116, Ltd. ("Dubose") and Buffington Homebuilding Group, Ltd., formerly Buffington Texas Classic Homes, Ltd., ("Buffington"), privately-held partnerships. At December 31, 2011 and 2010, the Dubose investment was fully impaired. At December 31, 2011 and 2010, the investment in joint ventures totaled $282,000 and $267,000, respectively.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Postretirement Benefit Obligation

The postretirement benefit obligation represents the actuarial present value of those estimated future benefits attributed to employee service rendered to December 31, 2011. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired employees and their beneficiaries and dependents and (2) active employees and their beneficiaries and dependents after retirement from service with the Sponsor. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee's service with the Sponsor rendered to the valuation date. At December 31, 2011, no employees met the requirements to qualify for postretirement benefits.

The actuarial present value of the expected postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to certain current medical cost data.

The following were assumptions used in the valuations as of December 31, 2011:

Weighted-average discount rate	6.0%
Average retirement age	65
Mortality	1971 Group Annuity Mortality Table

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

Health costs incurred by participants and their beneficiaries and dependents are covered by insurance contracts maintained by the Sponsor. As stated in Note 1, the Sponsor is not permitted under present tax laws to deduct amounts for future benefits (beyond one year). Insurance premiums for future years in respect of the Plan's postretirement benefit obligation will be funded by the Plan's assets in future years.

The postretirement benefit obligation at December 31, 2011, principally health benefits, related to the following categories of participants (including their beneficiaries and dependents):

Current Retirees	$ -
Other Participants Fully Eligible for Benefits	-
Participants Not Yet Fully Eligible for Benefits	5,967,812 *
	$ 5,967,812

* The value stated assumes that all Participants not yet Fully Eligible for Benefits will become eligible. It is possible that some number of those Participants may never become eligible due to the service component of the eligibility requirements.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan uses fair value to measure financial assets and liabilities and certain nonfinancial assets and liabilities. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. The fair value hierarchy established and prioritized fair value measurements into three levels based on the nature of the inputs. The hierarchy gives the highest priority to inputs based on market data from independent sources (observable inputs-Level 1) and the lowest priority to a reporting entity's internal assumptions based upon the best information available when external market data is limited or unavailable (unobservable inputs-Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted, quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs, excluding those included in Level 1, are either observable prices for identical assets or liabilities in inactive markets, observable prices for similar assets and liabilities, or other inputs derived principally from, or corroborated by, observable market data at the measurement date.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011.

Mutual funds are valued at the net asset value of shares held by the Plan at year end.

Residential mortgage loans are valued at their outstanding balances which approximate fair value, except where appraisal values on the underlying properties of each loan indicate a reduced fair value. Certificates of deposit are valued at amortized cost, which approximate fair value.

Investments in joint ventures are initially recorded at cost, being the fair value at the time of acquisition. Subsequent to acquisition, the Plan evaluates the occurrence of events or circumstances to determine if the fair value of a privately-held investment should be adjusted upward or downward at the end of each reporting period. Examples of relevant events or circumstances include significant subsequent equity financing by outside investors, positive (or negative) operating results, or placement of investee into receivership or bankruptcy. The Plan also takes into account general market conditions when valuing the privately-held investments in the Plan's portfolio. Absent the occurrence of any of these events or any significant change in general market conditions, the fair value of the investment is left unchanged.

NOTE 3 – FAIR VALUE MEASUREMENTS – CONTINUED

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants, but the use of different methodologies or assumptions could result in a different fair value measurement for certain financial instruments as of the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

	Quoted Market Prices in Active Markets (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2011:

NOTE 4 – INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets, all of which are non-participant directed.

	2011	2010
Certificate of Deposit	$ 454,759	$ 1,064,730
Mutual Funds	771,693	760,240
Residential Mortgage Loans	535,921	622,370
Investment in Joint Ventures	282,000	267,000
Total Investments	$ 2,044,373	$ 2,714,340

Dividend and interest income related to these investments totaled $28,773 for the year ended December 31, 2011.

NOTE 5 – FEDERAL INCOME TAX STATUS

The Plan has received a favorable determination letter dated September 27, 2002 from the Internal Revenue Service. The Plan has been amended since receiving the determination letter. However, the Plan's Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

During 2011, the Plan paid directly to the Sponsor the following qualified benefits and expenses:

Insurance Premium Reimbursement	$ 1,167,350
Vacation and Holiday Benefits	498,900
Total Expenses Paid Directly to Sponsor	$ 1,666,250

These transactions qualify as party-in-interest transactions and are exempt from being prohibited transactions by ERISA.

The Plan's professional fees, including accounting and legal, are paid by the Plan and qualify as party-in-interest transactions which are exempt from prohibited transaction rules.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the assets will be distributed in accordance with the Plan document.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in certificates of deposit, mutual funds, residential mortgage loans and joint ventures. These investments are exposed to various risks such as interest rate fluctuations, changes in market conditions, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of these investments will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 9 – SUBSEQUENT EVENT

Subsequent to December 31, 2011, the Plan applied for a prohibited transaction exemption (PTE) from the Department of Labor that would allow the Sponsor to purchase one of the Plan's investments in a joint venture. No transaction between the Plan and the Sponsor will occur until the PTE is obtained.

The Plan has evaluated subsequent events through the date the financial statements were available for issuance on August 31, 2012. Other than previously disclosed, no matters were identified affecting the Plan's financial statements.
