NOTES to FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION of PLAN

The following brief description of the **River Rock Academy, Inc. 401(k) Profit Sharing Plan and Trust** (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for more complete information.

General

The Plan is a discretionary profit sharing plan with a 401(k) provision covering all eligible employees of River Rock Academy, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Funding Policy

Participant Contributions - Employees may contribute up to the lesser of 100% of their compensation, including bonuses, or the maximum allowed by law. This contribution is in the form of an elective contribution (salary deferral).

Rollover Contributions - Participants may make rollover contributions after meeting the eligibility requirements for participation in the Plan.

Matching Employer Contributions - In addition, with respect to each Plan year, the employer may contribute a discretionary matching contribution to each eligible participant in accordance with the nondiscriminatory formula established by the employer. The employer made discretionary matching employer contributions of \$100,591 for the year ended December 31, 2014.

Profit Sharing Employer Contributions - With respect to each Plan year, a discretionary profit sharing employer contribution may be allocated to each eligible participant. The profit sharing employer contribution is allocated to each eligible participant in proportion to each eligible participant's compensation after taking into account the employer's contribution to Social Security. For the year ended December 31, 2014, no discretionary profit sharing employer contributions were made.

Investment Results - Each participant's proportionate share of investment earnings and investment value increases or decreases are allocated daily to his/her account.

Participant Accounts

Each participant's account is credited with his/her contributions, employer contributions made on his/her behalf, his/her share of any forfeited amounts, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on his/her earnings, account balances, or specific transactions, as defined by the Plan's Adoption Agreement and fee schedule(s). The benefit to which he/she is entitled is the benefit that can be provided from his/her vested account.

Eligibility

An employee becomes eligible to participate in the Plan after he/she has obtained age 21. For purposes of salary deferrals and rollover contributions, the employee becomes eligible to participate in the Plan on the date on which the eligibility requirement is satisfied.

NOTE 1 - DESCRIPTION of PLAN (Continued)

Vesting

Participants are vested immediately in their salary deferrals including catch-up contributions and rollover contributions, which include actual earnings or losses thereon. If a participant in the Plan terminates employment other than by retirement, disability, or death, employer contributions and earnings or losses thereon vest in accordance with the following table:

Years of Service	Vesting Percentage
Less than 2	0
2	20
3	40
4	60
5	80
6	100

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the vested balance in the participant's account and bear interest at reasonable rates determined by the Administrator by reviewing the interest rate charged for similar types of loans by other lenders. Principal and interest is paid ratably through bi-weekly payroll deductions. The maximum number of Plan loans a participant may have outstanding at any time is one.

Retirement Benefits and Distributions

Payment Options - Upon retirement, disability, death, or termination of employment, the participant's account may be paid in a lump sum as soon as administratively feasible following the date on which a distribution is requested or is otherwise payable. Account balances of terminated participants up to \$1,000 may be distributed to them without their consent. In the event of a mandatory distribution, unless otherwise elected by the participant, account balances of terminated participants between \$1,001 and \$5,000 shall be distributed in a direct rollover to an individual retirement account designated by the Plan Administrator. Account balances of terminated participants in excess of \$5,000 may remain in the Plan and are subject to minimum required distribution requirements at age 70½.

Normal Retirement - A participant's account is 100% vested and is payable upon retirement at age 65.

Early Retirement - A participant may choose to retire early upon attaining the age of 55.

Late Retirement - If a participant continues working after their normal retirement date, he/she will remain in the Plan as an active member. The participant's account is 100% vested and will become payable when he/she actually retires from active employment, subject to minimum distribution rules at age 70½ or later.

NOTE 1 - DESCRIPTION of PLAN (Continued)

Retirement Benefits and Distributions (Continued)

Disability - If a participant becomes totally and permanently disabled, he/she will be 100% vested in their account, regardless of the number of years of service.

Death Benefits - If a participant dies while an active member of the Plan, his/her account is 100% vested and will be payable to the designated beneficiary or beneficiaries. If the participant is married, his/her spouse will automatically become the beneficiary unless the participant specifies otherwise with the written consent of the spouse.

In-Service Distributions - Participants may elect to withdraw all or a portion of the vested account balance of a participant who has not separated from service provided that he/she has attained age 59½ or normal retirement age.

Forfeitures

Forfeitures occur as of the earlier of the last day of the Plan year in which a former participant incurs six consecutive one-year breaks in service or the distribution of a participant's entire vested account balance. Forfeitures may be used to pay Plan administrative costs or to offset the Plan Sponsor's discretionary matching and/or profit sharing contribution obligation under the Plan. Forfeited non-vested account balances amounted to \$9,019 for year ended December 31, 2014. For the year ended December 31, 2014, no forfeitures were used to offset Plan administrative costs or to reduce employer contributions.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounting records of the Plan are maintained on the accrual basis in accordance with accounting principles generally accepted in the United States of America (US GAAP). Current US GAAP standards are contained in the Accounting Standards Codification (ASC) as set forth by the Financial Accounting Standards Board (FASB).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

NOTES to FINANCIAL STATEMENTS

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document. Notes receivable from participants amounted to \$23,579 and \$4,419 at December 31, 2014 and 2013, respectively, and accrued interest on the notes amounted to \$-0- at December 31, 2014 and 2013. Interest income on the notes is recorded when the payments are withheld from the participants. Any interest that is withheld but not received by the Plan prior to year end is accrued and reflected as interest on notes receivable from participants in the accompanying statements of net assets available for benefits. Interest income on the notes amounted to \$364 for the year ended December 31, 2014.

Valuation and Income Recognition

The Plan's investments are stated at fair value as determined and certified to by the Plan's custodian. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment Results

Interest earnings and fund value increases or decreases are allocated each year to Plan members in proportion to each member's account balance.

Payment of Benefits

Benefits are recorded when paid.

Plan Sponsor Costs

The Plan pays for all recordkeeping charges, while the Plan Sponsor absorbs the administrative costs of the Plan.

NOTE 4 - FAIR VALUE MEASUREMENT

FASB ASC Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 4 - FAIR VALUE MEASUREMENT (Continued)

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset and liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Money Market Fund: Valued based on quoted market prices, which represent the net asset value of shares held by the Plan at year end, as more fully described in Note 2. The money market fund seeks to provide a return based on the current money market rates of the underlying funds.

Registered Investment Companies: Valued at the closing price of the underlying funds as reported on the active market in which the individual funds are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 - TERMINATION of PLAN

It is the intention of the Plan Sponsor that the Plan will continue indefinitely, but the continuance of the Plan is not assumed as a contractual obligation of the Plan Sponsor. The Plan Sponsor may terminate the Plan at any time subject to the provisions of ERISA. In the event of a full Plan termination, participants would become 100% vested in their discretionary employer matching and profit sharing contributions.

NOTE 6 - TAX STATUS

On January 1, 2008, the Corporation adopted a prototype Plan which was amended and restated in its entirety. The prototype Plan received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008, which stated the form of the prototype Plan is acceptable under section 401 of the Internal Revenue Code for the use by employers for the benefit of their employees. The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan Administrator believes the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Corporation has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 7 - RISKS and UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 24, 2015, which represents the date the financial statements were available to be issued.
