Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

1. DESCRIPTION OF PLAN

The following description of the Mirabito Holdings, Inc. 401 (k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering substantially all employees of Mirabito Holdings, Inc. and subsidiaries and affiliates, Inc. (collectively, the "Company"). The Plan contains both 401(k) and profit-sharing provisions. Unless otherwise indicated, the Plan provisions are identical for both components. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration
The Company is the sponsor and administrator of the Plan and pays certain administrative expenses of the Plan. Six employees, at various positions throughout the Company, serve as the trustees of the Plan, and The Guardian Insurance and Annuity Company, Inc. (“Guardian”) serves as the custodian to the Plan. The Retirement Advantage, Inc. (TRA) is the Plan’s third-party administrator and provides record-keeping services for the Plan.

Subsequent to year end, the Plan was amended and restated to bring the Plan in compliance with the Pension Protection Act of 2006 and other legislative and regulatory changes. As part of that process, the Company also assigned three new employees as trustees to replace three departing trustees.

Eligibility
Employees are eligible to participate in the Plan upon completion of one year of service and the attainment of age twenty-one or older. Contributions begin on the first day of the first quarter following completion of each of these eligibility requirements.

Contributions
Participants may make voluntary tax-deferred contributions to the Plan, subject to certain limitations under the terms of the Plan and the Internal Revenue Code (IRC). The Company may make discretionary matching contributions and profit-sharing contributions on behalf of participants. The Company made matching contributions equal to 50% of the first 6% of compensation that a participant contributed to the Plan during 2014 and 2013. The Company made no discretionary profit-sharing contributions to the Plan for the Plan years ended December 31, 2014 and 2013.

Participant Accounts
Participants direct the investment of their contributions and Company matching and discretionary contributions into the various investment options offered by the Plan. Each participant's account is credited with the participant's contribution, Company matching contributions, actual account earnings/losses, and allocations of (a) the Company's profit-sharing contributions, and (b) Plan expenses. Allocations of profit-sharing contributions and Plan expenses are allocated based on participant compensation and account balances, according to specific terms provided by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (Continued)

Vesting
Participants are vested immediately in their contributions plus actual earnings thereon. The Company's matching and profit-sharing contributions vest 50% after one year of service and are fully vested after two years of service. A participant becomes fully vested upon attaining normal retirement age, death, or total and permanent disability.

Benefit Payments
The Plan provides for benefit payments upon termination of service due to death, disability or attainment of retirement age. Participants may elect disbursement of their vested account balance in either a lump-sum amount, in installments or direct rollover into an individual retirement account or another qualified plan. The normal retirement age is the date a participant reaches the age of 65.

In-Service Withdrawals
Participants may elect disbursement of all or part of the elective deferral portion of their account balance upon the attainment of age 59 ½. All employer contributions may be disbursed upon attainment of age 65. Participants may also withdraw their rollover contribution account balance at any time.

Hardship Withdrawals
Hardship withdrawals from the Plan are permitted from a participant's account. All hardship withdrawals must comply with the rules relating to hardships, which are uniformly applicable to all participants.

Notes Receivable from Participants
Participants may borrow up to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years, unless they are used to purchase a primary residence, in which case repayment may be made over a reasonable period of time that may exceed five years up to a maximum of ten years. The loans are secured by the balance in the participant's account and bear interest at a commercially reasonable rate of interest at the date of the loan application. Principal and interest are paid ratably through payroll deductions.

Administrative Expenses
The Plan pays most of the significant administrative expenses associated with the administration of the Plan. Certain administrative expenses are paid by the Company.

Forfeitures
Forfeitures of non-vested account balances are used to reduce Company contributions or pay plan expenses. Forfeitures amounted to $1,917 and $884 during 2014 and 2013, respectively. Forfeited non-vested accounts totaled $1,692 and $884 at December 31, 2014 and 2013, respectively. The Company applied $1,109 and $295 toward employer matching contributions and plan expenses during 2014 and 2013, respectively.

Plan Termination
Although the Company has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, all participant accounts would become fully vested.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The Plan's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Investments
Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Investments are exposed to various risks, such as interest rate and market risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Fair Value Measurement
ASC Section 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair market value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC Section 820 are described as follows:

- Level 1 - Unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

- Level 2 - Inputs to the valuation methodology include:

    - Quoted prices for similar assets or liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in inactive markets;
    - Inputs other than quoted prices that are observable for the asset or liability;
    - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs.

A description of where the Plan's investments fall within the ASC Section 820 hierarchy is provided in Note 4.

Benefit Payments
Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes are reclassified as distributions based on the terms of the Plan document.

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Reclassifications
Certain reclassifications have been made to the financial statements for the year ended December 31, 2013. These reclassifications were for comparative purposes only and had no effect on previously reported net assets available for benefits or changes in net assets available for benefits.

3. CERTIFIED INVESTMENT INFORMATION

The following information was certified as complete and accurate by The Guardian Insurance and Annuity Company, Inc. (the custodian) as of and for the years ended December 31, 2014 and 2013, respectively, and is included in the accompanying financial statements and supplemental schedule:

	$ 16,454,685	$ 15,113,826

3. CERTIFIED INVESTMENT INFORMATION (Continued)

During 2014 and 2013, the Plan's investments (including investments bought, sold and held during the year) appreciated (depreciated) as follows:

	2014	2013
Pooled separate accounts	$ 294,081	$ 1,914,088

4. FAIR VALUE MEASUREMENTS

The Plan's investments at fair value, within the fair value hierarchy, were as follows at December 31, 2014:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts:				
Balanced funds	$ -	$ 13,196,657	$ -	$ 13,196,657
Domestic equity funds	-	1,958,107	-	1,958,107
Fixed income funds	-	658,187	-	658,187
International equity funds	-	263,275	-	263,275
Sector funds	-	213,911	-	213,911
Money market funds	-	164,548	-	164,548
	$ -	$ 16,454,685	$ -	$ 16,454,685

The Plan's investments at fair value, within the fair value hierarchy, were as follows at December 31, 2013:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts:				
Balanced funds	$ -	$ 12,000,378	$ -	$ 12,000,378
Domestic equity funds	-	1,753,204	-	1,753,204
Fixed income funds	-	589,439	-	589,439
Sector funds	-	287,163	-	287,163
International equity funds	-	272,049	-	272,049
Money market funds	-	211,593	-	211,593
	$ -	$ 15,113,826	$ -	$ 15,113,826

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Pooled separate accounts are valued at net asset value, which is derived from the market value of the underlying investments. The net asset value of the funds are calculated and posted daily by the custodian.

4. FAIR VALUE MEASUREMENTS (Continued)

The underlying investments of the pooled separate accounts consist solely of mutual funds, each of which follows a separate investment strategy as described below. There are no restrictions on redemption of the pooled separate accounts. There are no unfunded commitments.

- Balanced funds - Seek to provide long-term growth capital by investing primarily in equity securities and in some cases fixed-income securities.
- Fixed income funds - Seek total return and normally invests in preferred stocks or other types of debt securities.
- International equity funds - Seek capital appreciation through investing in a combination of U.S. and foreign stocks
- Domestic equity funds - Seek long-term growth of capital by investing primarily in U.S. equity securities.
- Sector funds – Seek to provide current income and long-term capital growth through investing in businesses that operate in a particular industry or sector of the economy.
- Money market fund - Seeks the maximum current income that is consistent with maintaining liquidity and preserving capital.

The method described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value could result in different fair value measurements at the reporting date.

5. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments include pooled separate accounts managed by Guardian, the custodian of the Plan. Therefore, transactions involving these securities qualify as party-in-interest transactions. Additionally, transactions involving notes receivable from participants qualify as party-in-interest transactions.

A member of the Company's board of directors serves as President of the Plan's insurance broker, to which commissions are paid.

6. INCOME TAX STATUS

The Plan operates under a volume submitter plan, developed by The Retirement Advantage, Inc. (TRA). The Internal Revenue Service has determined and informed TRA, by letter dated March 31, 2014, that the written form of the underlying volume submitter plan document is acceptable under Section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan has not applied for its own determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Certain items are classified differently between the financial statements and Form 5500. The following is a reconciliation of net assets available for benefits per the financial statements to net assets available for benefits per Form 5500 as of December 31:
