INDEPENDENT AUDITOR'S REPORT

To the Participants of Prime Controls, L.P. 401(k) Plan
Lewisville, Texas

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Prime Controls, L.P. 401(k) Plan, which comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by John Hancock Life Insurance (U.S.A.), the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of December 31, 2014 and 2013, and for the year ended December 31, 2014, as applicable, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

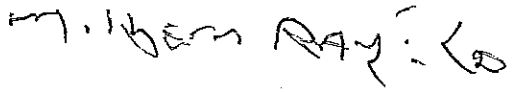

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Report on Supplementary Information

The supplemental schedule of assets (held at end of year) as of December 31, 2014 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 DESCRIPTION OF PLAN

The following description of the Prime Controls, L.P. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions. The Plan is a defined contribution plan established by Prime Controls, L.P. (the Company). The Plan qualifies as a profit-sharing plan under the Internal Revenue Code (Code) Section 401(a) and as a cash-or-deferred arrangement under Code Section 401(k).

The Plan is a defined contribution plan that covers all employees of the Company who are age 18 or older and have 90 days of service with the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Plan entry dates are the first day of each quarter.

Employee contributions

Participants are permitted to contribute all or part of their annual compensation to the Plan on a tax-deferred basis, up to the limits of the Code. Participants may classify part of these contributions as after-tax (Roth) contributions. Transfers (rollovers) from qualified plans are allowed under the provisions of the Plan.

Employer contributions

The Company makes Safe Harbor Matching Contributions based on each participant's contributions for each pay period. The matching rate is 100%, limited to matching participant contributions up to 3% of salary and 50% of the next 2% of eligible employee contributions. All 2014 employer contributions were Safe Harbor Matching Contributions. All eligible participants receive Safe Harbor Matching Contributions.

The Company may also make other types of contributions including: non-elective (discretionary) employer contributions (profit sharing contributions) and qualified nonelective contributions (QNEC). These were not made in 2014.

Administrative expenses

The Company pays most of the Plan's administrative expenses.

Participant accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, an allocation of the employer contribution, if any, and an allocation of Plan earnings. Allocations of Plan investment earnings or losses are based on participants' account balances invested in each fund.

Note 1 **DESCRIPTION OF PLAN** – (continued)

Vesting

Participants are fully vested in their deferral, rollover, safe harbor matching accounts, and QNEC accounts. The employer may make discretionary profit sharing contributions which are 20% vested after the employee has two years of vesting service; the vested amount increases 20% per year until they are 100% vested after six years. Employees' discretionary matching balances become fully vested in employer contributions when a participant: (1) attains age 65, (2) becomes disabled, or (3) dies.

Notes receivable from participants

Participants may receive a loan from their participant accounts. The minimum amount of a loan is $1,000; the maximum amount is the lesser of: (1) $50,000 or (2) 50% of their vested account balance. These loans generally range up to five years in length. Participant loans are secured by the participants' vested balance in the plan. As of December 31, 2014, these loans bore interest from 3.25% to 4.25%, were payable in bi-weekly payments, and matured at various dates through February 2034.

Payment of benefits

Upon termination of service, participants with vested balances of $5,000 or less receive a distribution of their vested balances, net of tax withholding, in a lump sum. If the amount is more than $1,000, an individual retirement account is set up for the participant, and the funds are rolled into it. Otherwise, terminated participants receive a lump-sum amount equal to the value of the participant's vested interest in his or her account when they elect a distribution of their account balance.

In-service withdrawals of certain vested balances are available to participants in cases of hardship or upon attaining age 65. Also, contributions that were transferred into the Plan from another qualified plan may be transferred out of the Plan to an individual retirement account or another qualified plan.

Forfeitures

All employer contributions through December 31, 2014 were safe harbor match contributions. There were no nonvested balances and no forfeitures in 2014.

Note 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared using the modified cash basis of accounting. This method differs from accounting principles generally accepted in the United States of America since revenues are recorded when received rather than when earned, and expenses are recorded when paid rather than when incurred.

Investment valuation and income recognition

All investments are participant-directed, and are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded when received. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Participant loans are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Interest income on participant loans is recorded when received.

Payment of benefits

Benefits are recorded when paid.

Use of estimates

The preparation of financial statements in conformity with the modified cash basis requires Plan management to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities and changes therein, and disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Note 3 TAX STATUS

Effective July 20, 2012, the Plan adopted the Nova 401(K) Associates Volume Submitter Profit Sharing Plan and Trust Agreement, Basic Plan Document #01 (Prototype Plan). The Prototype Plan obtained its latest opinion letter on July 1, 2009, in which the Internal Revenue Service stated that the Prototype Plan, as designed, was in compliance with the applicable requirements of the Code. Therefore, no provisions for income taxes are included in the accompanying financial statements.

Note 3 **TAX STATUS** – (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that is more likely than not to be sustained upon examination by the U.S. Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

Note 4 **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Plan's sponsor has the right to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants will become fully vested in their accounts.

Note 6 **FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2

Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 6 **FAIR VALUE MEASUREMENTS** – (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Pooled separate accounts (PSAs) are not publicly traded, but are invested in assets whose values are publicly quoted. PSAs are carried at the net asset value (NAV) of the PSA; this value is driven by the quoted market prices of the underlying investments. If the PSA investment can be redeemed at NAV at the balance sheet date, the investment is characterized as a Level 2 fair value measurement. Otherwise, the investment is characterized as a Level 3 fair value measurement.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All investments are valued using level 2 fair value measurements. Note 5 sets forth the plan's assets at fair value as of December 31, 2014 and 2013.

Note 7 **REPORTABLE TRANSACTIONS**

There were no reportable transactions in 2014.

Note 8 **RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 **SUBSEQUENT EVENTS**

The Plan has evaluated subsequent events through September 24, 2015, the date which the financial statements were available to be issued.

We have conducted a DOL limited-scope audit of the financial statements of Prime Controls, L.P. 401(k) Plan for the year ended December 31, 2014 and have issued our report thereon dated September 24, 2015. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter dated May 7, 2015. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

You are responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Prime Controls, L.P. 401(k) Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2014. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on your knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was the estimated fair value of investment assets.

CPA™

Your estimate of the fair value of pooled separate accounts is based on the quoted market prices of the underlying securities within each pooled separate account. These fair values were summarized in Note 5 to the financial statements. As explained in the first paragraph of this letter, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5 to those financial statements

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no nontrivial misstatements.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

This information is intended solely for the use of the Plan Administrator of Prime Controls, L.P. 401(k) Plan and its officers and management, and is not intended to be, and should not be, used by anyone other than these specified parties.
