Independent Auditor's Report

To the Board of Trustees
Clausen Miller P.C. Retirement Savings Plan

We have audited the accompanying financial statements of Clausen Miller P.C. Retirement Savings Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2014 and 2013 and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

GLOBAL ALLIANCE OF INDEPENDENT FIRMS

To the Board of Trustees
Clausen Miller P.C. Retirement Savings Plan

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets of the Plan as of December 31, 2014 and 2013 and the changes in net assets for the year ended December 31, 2014, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year as of December 31, 2014 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Note 1 - Plan Description

The following description of Clausen Miller P.C. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all full-time employees of Clausen Miller P.C. (the "Company") who have completed one month of service and are age 21 or older. Participants are eligible to receive employer matching contributions following 12 months of service and a discretionary qualified nonelective contribution on the first day of the first quarter following 12 months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Contributions - The Plan provides for employee salary 401(k) contributions subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make voluntary Roth 401(k) contributions, which are also subject to certain IRS limitations.

Eligible employees may also contribute, with the consent of the plan administrator, amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have reached age 50 may make catch-up contributions in addition to their regular deferral contributions.

Employer Contributions - The Plan provides for employer matching contributions of 20 percent of the employee's deferral contribution up to 100 percent of the employee's compensation.

The Company may make an annual discretionary qualified nonelective contribution (QNEC) based on a percentage of covered payroll, as defined in the plan agreement. The percentage in 2014 was 5 percent.

Vesting - Participants are immediately vested in their contributions and the employer match portion of their account plus actual earnings thereon. Vesting in the Company's discretionary QNEC contribution portion of their accounts plus actual earnings thereon is based on years of continuous service beginning at 20 percent after two years of service and increasing 20 percent for each year of continuous service thereafter. A participant is 100 percent vested after six years of service with the Company.

Participant Notes Receivable - Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance, whichever is less. The notes receivable are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Interest rates range from 3.57 percent to 5.97 percent. Principal and interest are paid ratably through monthly payroll deductions.

Note 1 - Plan Description (Continued)

Benefit Payments - Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account.

Participant Accounts - Each participant's account is credited with the participant's contributions, employer matching contributions, and allocations of the Company's discretionary contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on the participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan. Participants may also invest in any publicly traded money markets, debt or equity securities, or mutual funds through self-directed brokerage accounts.

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions. At December 31, 2014 and 2013, forfeited account balances totaled $201,270 and $224,294, respectively.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by Northern Trust Investments, Inc. or its affiliates. Northern Trust Investments, Inc. is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments are stated at fair value except as noted below. The Stable Asset Return Fund common collective trust fund primarily holds guaranteed investment contracts, fixed-income securities, and derivatives. The fair value of the guaranteed investment contracts is based on current yields of similar instruments with comparable durations taking into account the contract terms including interest reset intervals and the credit rating of the issuer. The fair value of the fixed-income securities is valued using quoted market prices and/or other market data for the same or comparable instruments and transactions in establishing the prices, discounted cash flow models, and other pricing models. These models are primarily industry-standard models that consider various assumptions, including time value and yield curve as well as other relevant economic measures. The fair value of a wrapper contract provided by the contract issuer is based on the replacement cost methodology, which is the present value of the difference between the replacement wrapper fee and the contracted wrapper fee. The remaining common collective trust funds are valued at net asset value per share (or its equivalent) of the funds, which is based on the fair value of the funds' underlying net assets.

Additionally, the Plan allows participants to invest in self-directed brokerage accounts. The self-directed brokerage accounts include various investments in publicly traded securities, such as money market accounts, mutual funds, and corporate stock. See Note 4 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Various administrative costs are paid by the Company.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Note 2 - Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including September 11, 2015, which is the date the financial statements were available to be issued.

Note 3 - Significant Investments

Investments that exceed 5 percent of end of year net assets are as follows:

	2014	2013
Common collective trust, at contract value -		
Stable Asset Return Fund	$ 6,480,253	$ 7,229,143
Common collective trusts, at fair value:		
Index Equity Fund	6,754,310	6,843,200
2020 Retirement Date Fund	6,032,837	5,345,722
Large-Cap Equity Fund	9,731,363	8,747,866
Small-Mid Cap Equity Fund	4,524,753	5,009,399

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2014 and 2013.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Note 4 - Fair Value Measurements (Continued)

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

(1) The investment objective of this common collective trust is to provide current income consistent with the preservation of principal and liquidity.

(2) This class represents an investment in actively managed common collective trusts that invest primarily in both U.S. and international equity securities, which may include common stocks, options, and futures.

(3) This class represents an investment in actively managed common collective trusts that invest primarily in bond and other debt securities.

(4) This class represents an investment in actively managed common collective trusts that invest primarily in equity securities.

(5) This class represents an investment in actively managed common collective trusts that invest primarily in model portfolios of equity securities.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer.

The fair value of the Plan's investments in common collective trust accounts is estimated based on the net asset value per share (or its equivalent) of the account. There were no unfunded commitments or liquidity restrictions pertaining to these investments.

Note 5 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax position and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The plan administrator believes the Plan is no longer subject to tax examinations for years prior to 2011.
