THE YORK CONTAINER COMPANY RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2014 AND 2013

NOTE A - DESCRIPTION OF THE PLAN

The following description of The York Container Company Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all eligible employees of York Container Company (the Company). There are no eligibility service requirements under the Plan in order to begin salary deferral contributions except for temporary employees. To be able to participate in the Plan, temporary employees must be age 21 and have worked 1,000 hours in one year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

Contributions

Each year, participants may contribute up to 100% of their compensation, not to exceed the annual maximum deferral amount as defined by law. Catch-up contributions are permitted for eligible participants age 50 or older by the end of a calendar year. The Plan has automatic enrollment at a 3% deferral rate for eligible employees into a qualified default investment fund. The participant may modify enrollment to waive participation or to change this automatic deferral percentage or fund. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Plan allows for Roth elective deferrals. These deferrals are subject to federal income taxes in the year of deferral, but the deferrals are not subject to federal income taxes when distributed.

The Plan's employer matching contribution is 50% of the participant's salary deferral, including catch-up contributions, to a maximum of 6% of the participant's eligible compensation. To be eligible for the employer matching contribution, employees must have one year of eligible service, which is defined as being 1,000 hours. The employer matching contribution was \$311,662 and \$306,823 for 2014 and 2013, respectively.

Additionally, the Plan Sponsor may make a discretionary matching contribution to be determined each year equal to a percentage of the participant's contribution. To be eligible for discretionary matching contribution, employees must have one year of eligible service, which is defined as being 1,000 hours. As of December 31, 2014 and 2013, the Company did not make any additional matching contributions.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2014 AND 2013

NOTE A - DESCRIPTION OF THE PLAN - continued

Contributions - continued

The Plan Sponsor may make a discretionary profit sharing contribution equal to a percentage of the participant's compensation. A participant must complete 1,000 hours throughout the year and be employed in a certain eligible class as defined in the Plan document to be eligible for the employer's profit sharing contribution, with the exception of death, permanent disability and retirement. The Plan was amended on January 1, 2014 which added the requirement that the participant must be employed on the last day of the Plan year. An additional profit sharing contribution based on the Plan Sponsor's profitability was made to each eligible employee for the years ended December 31, 2014 and 2013. The Company made profit sharing contributions of \$537,797 and \$522,957 for 2014 and 2013, respectively.

Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and the participant's share of (a) the employer contributions, (b) an allocation of Plan earnings or losses based on the participant's directed investment accounts and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investments for their account.

Vesting and Forfeitures

A participant is 100% vested at all times in the participant's salary deferral contributions, rollover contributions, and earnings thereon regardless of the number of years of service. If participants cease participation, other than by retirement, disability, or death, the vested interest in their employer contributions and earnings thereon is dependent upon the years of credited service, as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

THE YORK CONTAINER COMPANY RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2014 AND 2013

NOTE A - DESCRIPTION OF THE PLAN - continued

Vesting and Forfeitures - continued

For participants hired between January 1, 2007 and December 31, 2007, if the participant ceases participation, other than by retirement, disability, or death, the vested interest in the profit sharing contribution is dependent upon the years of credited service, as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2 years	0%
2 years	20%
3 years	100%

For participants hired before May 1, 2012, the participant is fully vested for the employer match immediately.

Forfeitures shall be used for payment of Plan expenses. Next, forfeitures will be used to reduce future employer contributions to the Plan.

At December 31, 2014 and 2013, forfeited nonvested accounts amounted to \$4,407 and \$34,106, respectively. During 2014 and 2013, \$0 and \$36,372, respectively, of forfeited nonvested accounts were used to reduce employer contributions.

Payment of Benefits

Upon termination of employment, if a participant's vested interest in their account exceeds \$1,000, no distribution shall be made to the participant before they reach the age of normal retirement or receipt of consent to pay out by the participant and their spouse.

If the participant's account is less than \$1,000, the account balance is paid out in the form of a lump sum distribution.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2014 AND 2013

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements are discussed in Note D. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. Purchases and sales are recorded on a trade date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Fully Benefit Responsive Investments

As described in Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962, *Defined Contribution Pension Plans*, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis for fully benefit-responsive investment contracts.

Common Collective Trust

The Plan has an investment, the Fidelity Stable Value Portfolio Fund, a common collective trust (CCT), which is considered to be fully benefit-responsive. The fund provides its participants with a medium for collective investment and reinvestment in one or more bank, insurance company or synthetic investment contracts. The fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The yield earned was 1.11% and 1.24% for the years ended December 31, 2014 and 2013, respectively. The average yield adjusted to reflect the actual interest rate credited to participant accounts was 1.14% and 1.10% for the years ended December 31, 2014 and 2013, respectively.

THE YORK CONTAINER COMPANY RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2014 AND 2013

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Common Collective Trust - continued

As described above, because the CCT is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contract. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The fair value of the investment is valued based on the unit values of the fund held by the Plan at year end. Unit values are based on the fair value of the underlying assets of the fund which are derived from observable market data, which is a Level 2 input.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities of the Plan are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participant's account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE C - INVESTMENTS

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as of, and for the years ended, December 31, 2014 and 2013. Accordingly, the custodian has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate. The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

THE YORK CONTAINER COMPANY RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2014 AND 2013

NOTE C - INVESTMENTS - continued

At December 31, 2014 and 2013, the Plan's investments were held by the custodian, Fidelity Management Trust Company. Adjustments have been made to some of these amounts using additional information obtained from the Company and record keeper of the Plan in order to present the financial statements on an accrual basis.

The following table presents investments that represent 5% or more of the Plan's net assets each year:

	December 31,	
	2014	2013
Mutual funds:		
T. Rowe Price Growth Stock Class R	\$ 3,072,145	\$ 3,630,368

Fidelity Advisor Strategic Income Class I	1,508,680	1,589,642
Lord Abnett International Core Equity Class A	1,436,939	1,697,375

During 2014 and 2013, the Plan's investments, including investments bought, sold, and held during the year, appreciated (depreciated) in value by \$(239,154) and \$3,556,070, respectively.

NOTE D - FAIR VALUE MEASUREMENT

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs consist of unobservable inputs for identical assets and have the lowest priority. The Plan uses valuation techniques based on the available inputs to measure the fair value of its investment. When available, the Plan measures fair value using Level 1 inputs because they provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 and Level 2 inputs are not available.

Gains and losses (realized and unrealized) are reported in net appreciation (depreciation) in fair value of investments in the Statements of Changes in Net Assets Available for Benefits.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2014 and 2013.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

THE YORK CONTAINER COMPANY RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2014 AND 2013

NOTE D - FAIR VALUE MEASUREMENT - continued

Common Collective Trust: The CCT is valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure the securities liquidations will be carried out in an orderly business manner.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2014 and 2013, respectively.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2014 AND 2013

NOTE F - PLAN TAX STATUS

The Plan's prototype non-standardized document obtained its latest opinion letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code. The prototype has been amended since receiving the determination letter for various amendments. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable sections of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

NOTE G - TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are managed by Fidelity Management Trust Company, the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Transactions resulting in Plan assets being transferred to or used by a related party are prohibited under ERISA unless a specific exemption exists. Fidelity Management Trust Company is a party-in-interest as defined by ERISA as a result of investing Plan assets in its funds and accounts and providing investment management services. However, these transactions are exempt under Section 408(b)(8) and are not prohibited by ERISA.

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. For the year ended December 31, 2013, investment related expenses are included in net appreciation (depreciation) of fair value of investments. Effective March 3, 2014, the Plan was changed to no longer include investment related expenses in net appreciation (depreciation) of fair value of investments and instead shows them as administrative expenses.

THE YORK CONTAINER COMPANY RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2014 AND 2013

NOTE A - DESCRIPTION OF THE PLAN

The following description of The York Container Company Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all eligible employees of York Container Company (the Company). There are no eligibility service requirements under the Plan in order to begin salary deferral contributions except for temporary employees. To be able to participate in the Plan, temporary employees must be age 21 and have worked 1,000 hours in one year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

Contributions

Each year, participants may contribute up to 100% of their compensation, not to exceed the annual maximum deferral amount as defined by law. Catch-up contributions are permitted for eligible participants age 50 or older by the end of a calendar year. The Plan has automatic enrollment at a 3% deferral rate for eligible employees into a qualified default investment fund. The participant may modify enrollment to waive participation or to change this automatic deferral percentage or fund. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Plan allows for Roth elective deferrals. These deferrals are subject to federal income taxes in the year of deferral, but the deferrals are not subject to federal income taxes when distributed.

The Plan's employer matching contribution is 50% of the participant's salary deferral, including catch-up contributions, to a maximum of 6% of the participant's eligible compensation. To be eligible for the employer matching contribution, employees must have one year of eligible service, which is defined as being 1,000 hours. The employer matching contribution was \$311,662 and \$306,823 for 2014 and 2013, respectively.

Additionally, the Plan Sponsor may make a discretionary matching contribution to be determined each year equal to a percentage of the participant's contribution. To be eligible for discretionary matching contribution, employees must have one year of eligible service, which is defined as being 1,000 hours. As of December 31, 2014 and 2013, the Company did not make any additional matching contributions.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2014 AND 2013

NOTE A - DESCRIPTION OF THE PLAN - continued

Contributions - continued

The Plan Sponsor may make a discretionary profit sharing contribution equal to a percentage of the participant's compensation. A participant must complete 1,000 hours throughout the year and be employed in a certain eligible class as defined in the Plan document to be eligible for the employer's profit sharing contribution, with the exception of death, permanent disability and retirement. The Plan was amended on January 1, 2014 which added the requirement that the participant must be employed on the last day of the Plan year. An additional profit sharing contribution based on the Plan Sponsor's profitability was made to each eligible employee for the years ended December 31, 2014 and 2013. The Company made profit sharing contributions of \$537,797 and \$522,957 for 2014 and 2013, respectively.

Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and the participant's share of (a) the employer contributions, (b) an allocation of Plan earnings or losses based on the participant's directed investment accounts and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investments for their account.

Vesting and Forfeitures

A participant is 100% vested at all times in the participant's salary deferral contributions, rollover contributions, and earnings thereon regardless of the number of years of service. If participants cease participation, other than by retirement, disability, or death, the vested interest in their employer contributions and earnings thereon is dependent upon the years of credited service, as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

THE YORK CONTAINER COMPANY RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2014 AND 2013

NOTE A - DESCRIPTION OF THE PLAN - continued

Vesting and Forfeitures - continued

For participants hired between January 1, 2007 and December 31, 2007, if the participant ceases participation, other than by retirement, disability, or death, the vested interest in the profit sharing contribution is dependent upon the years of credited service, as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2 years	0%
2 years	20%
3 years	100%

For participants hired before May 1, 2012, the participant is fully vested for the employer match immediately.

Forfeitures shall be used for payment of Plan expenses. Next, forfeitures will be used to reduce future employer contributions to the Plan.

At December 31, 2014 and 2013, forfeited nonvested accounts amounted to \$4,407 and \$34,106, respectively. During 2014 and 2013, \$0 and \$36,372, respectively, of forfeited nonvested accounts were used to reduce employer contributions.

Payment of Benefits

Upon termination of employment, if a participant's vested interest in their account exceeds \$1,000, no distribution shall be made to the participant before they reach the age of normal retirement or receipt of consent to pay out by the participant and their spouse.

If the participant's account is less than \$1,000, the account balance is paid out in the form of a lump sum distribution.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

THE YORK CONTAINER COMPANY RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2014 AND 2013

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements are discussed in Note D. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. Purchases and sales are recorded on a trade date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Fully Benefit Responsive Investments

As described in Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962, *Defined Contribution Pension Plans*, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis for fully benefit-responsive investment contracts.

Common Collective Trust

The Plan has an investment, the Fidelity Stable Value Portfolio Fund, a common collective trust (CCT), which is considered to be fully benefit-responsive. The fund provides its participants with a medium for collective investment and reinvestment in one or more bank, insurance company or synthetic investment contracts. The fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The yield earned was 1.11% and 1.24% for the years ended December 31, 2014 and 2013, respectively. The average yield adjusted to reflect the actual interest rate credited to participant accounts was 1.14% and 1.10% for the years ended December 31, 2014 and 2013, respectively.

THE YORK CONTAINER COMPANY RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2014 AND 2013

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Common Collective Trust - continued

As described above, because the CCT is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contract. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The fair value of the investment is valued based on the unit values of the fund held by the Plan at year end. Unit values are based on the fair value of the underlying assets of the fund which are derived from observable market data, which is a Level 2 input.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities of the Plan are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participant's account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE C - INVESTMENTS

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as of, and for the years ended, December 31, 2014 and 2013. Accordingly, the custodian has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate. The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

THE YORK CONTAINER COMPANY RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2014 AND 2013

NOTE C - INVESTMENTS - continued

At December 31, 2014 and 2013, the Plan's investments were held by the custodian, Fidelity Management Trust Company. Adjustments have been made to some of these amounts using additional information obtained from the Company and record keeper of the Plan in order to present the financial statements on an accrual basis.

The following table presents investments that represent 5% or more of the Plan's net assets each year:

	December 31,	
	2014	2013
Mutual funds:		
T. Rowe Price Growth Stock Class R	\$ 3,072,145	\$ 3,630,368

Fidelity Advisor Strategic Income Class I	1,508,680	1,589,642
Lord Abbett International Core Equity Class A	1,436,939	1,697,375

During 2014 and 2013, the Plan's investments, including investments bought, sold, and held during the year, appreciated (depreciated) in value by \$(239,154) and \$3,556,070, respectively.

NOTE D - FAIR VALUE MEASUREMENT

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs consist of unobservable inputs for identical assets and have the lowest priority. The Plan uses valuation techniques based on the available inputs to measure the fair value of its investment. When available, the Plan measures fair value using Level 1 inputs because they provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 and Level 2 inputs are not available.

Gains and losses (realized and unrealized) are reported in net appreciation (depreciation) in fair value of investments in the Statements of Changes in Net Assets Available for Benefits.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2014 and 2013.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE D - FAIR VALUE MEASUREMENT - continued

Common Collective Trust: The CCT is valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure the securities liquidations will be carried out in an orderly business manner.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2014 and 2013, respectively.

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
<u>December 31, 2014:</u>				
Common Collective Trust Fund:				
Fidelity Advisor Stable Value Fund	\$1,247,991	n/a	Immediate	None
<u>December 31, 2013:</u>				
Common Collective Trust Fund:				
Fidelity Advisor Stable Value Fund	\$ 504,782	n/a	Immediate	None

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions.

NOTE F - PLAN TAX STATUS

The Plan's prototype non-standardized document obtained its latest opinion letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code. The prototype has been amended since receiving the determination letter for various amendments. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable sections of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

NOTE G - TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are managed by Fidelity Management Trust Company, the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Transactions resulting in Plan assets being transferred to or used by a related party are prohibited under ERISA unless a specific exemption exists. Fidelity Management Trust Company is a party-in-interest as defined by ERISA as a result of investing Plan assets in its funds and accounts and providing investment management services. However, these transactions are exempt under Section 408(b)(8) and are not prohibited by ERISA.

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. For the year ended December 31, 2013, investment related expenses are included in net appreciation (depreciation) of fair value of investments. Effective March 3, 2014, the Plan was changed to no longer include investment related expenses in net appreciation (depreciation) of fair value of investments and instead shows them as administrative expenses.
