Sabra Dipping Company, LLC 401(k) Plan

Notes to Financial Statements
December 31, 2014

1. Plan Description

The following description of the Sabra Dipping Company, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan was formed on March 1, 2008. The Plan has contribution components that consist of: a discretionary non-elective contribution covering all eligible employees of Sabra Dipping Company, LLC (the "Company" or “Employer”) whether or not eligible at the end of the plan year; a safe-harbor matching contribution; and employee voluntary contributions who are eighteen years of age or older.

Contributions

Each year, under the 401(k) plan, participants may contribute from 1% to 50% of their pre-tax compensation as defined by the Plan. Effective August 8, 2014, the Plan was amended to also permit participants to make Roth contributions to the Plan. There is an annual limit as to the amount that can be deducted from compensation that is determined by the Internal Revenue Code (“IRC”).

The Employer will make a fully vested safe-harbor matching contribution to each participant’s account in the amount of 100% of each dollar a participant defers not to exceed 4% of the participant’s covered compensation. This contribution is intended to satisfy a safe harbor contribution formula permitted by the IRC.

For the 2014 plan year, no Employer discretionary non-elective contributions were made to the Plan.

Vesting

Participants are 100% vested in their salary reduction contributions, Employer safe-harbor matching contributions plus account earnings thereon at all times. Vesting in the Employer’s discretionary non-elective contributions plus earnings occurs ratably with employees being fully vested after three years of service.

Forfeitures

All forfeitures are used to pay Plan administrative fees and recordkeeping expenses. If forfeitures are not sufficient to pay these fees and expenses for the year, the remaining amounts will be paid by the Company. In any year when forfeitures exceed expenses, the excess may be used to reduce future Employer contributions or reserved to cover future Plan expenses. At December 31, 2014 and 2013, forfeited non-vested accounts totaled $2,559 and $1,150. In 2014, no forfeitures were used to reduce Plan expenses or Employer contributions.

1. Plan Description (*continued)*

Notes Receivable from Participants

Loans of up to 50 percent of a participant's vested account balance that are not less than $500 or no more than $50,000 are permitted subject to the approval of a loan application. Participants may not have more than one loan outstanding at any time. The interest rate is the prime rate as published in The Wall Street Journal on the 14th of each month, plus two percentage points. This interest rate is effective for any loan processed as of the 16th day of the month. Loans are repaid through payroll deductions over a period of between one and five years, unless the loan was made to acquire a primary residence, in which case the loan can be repaid over a thirty year period.

Participant Accounts

Upon enrollment in the Plan, a participant may direct their contributions into various investment options offered by the Plan. Each participant's account is credited with contributions, allocations of investment earnings and the amount of appreciation or depreciation attributed to plan assets since the preceding valuation date. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either: (1) a lump-sum payment, or (2) installment payments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accounts of the Plan are maintained, and the accompanying financial statements have been prepared, on the modified cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America ("U.S. GAAP"). Under this basis, investment income is recognized when received and disbursements are recognized when made, except for investments which are reflected at fair value. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits of the Plan in conformity with U.S. GAAP.

Use of Estimates

The preparation of financial statements requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies *(continued)*

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist. At December 31, 2014 and 2013, the Plan's investments were valued using level 2 inputs.

Investment Valuation and Income Recognition

Pooled separate accounts are reported at fair value, as reported to the Plan by Transamerica Financial Life Insurance Company ("TFLIC"), based on the quoted market prices of the underlying mutual funds. The unit values of the pooled separate accounts are calculated by dividing the total assets of the separate account by the number of units in the separate account. The stable value fund is reported at contract value, a measurement which approximates fair value, and is based on the beginning balance plus any deposit and credited interest, less any withdrawals, charges, or expenses. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Accounting for Uncertainty in Income Taxes

The Plan recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. Management has determined that the Plan had no uncertain tax positions that would require financial statement recognition and/or disclosure. The plan administrator believes that the Plan is no longer subject to examinations by the applicable taxing jurisdictions for periods prior to December 31, 2008.

2. Summary of Significant Accounting Policies *(continued)*

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is September 30, 2015.

3. Information Certified (Unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TFLIC, the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected in the accompanying statement of net assets available for benefits (modified cash basis) as of December 31, 2014 and 2013, the supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) (modified cash basis) as of December 31, 2014, and the related investment activity reflected in the statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2014.

4. Investments

The following table states the asset classes of the investments held by the Plan at December 31:

	2014	2013

	$ 8,076,441	$ 6,032,344

During 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Pooled Separate Accounts	$ 361,474
Stable Value Fund	2,191
	$ 363,665

4. Investments *(continued)*

The following investments represent 5% or more of the Plan's net assets available for benefits at December 31:

	2014	2013
Morgan Stanley Growth Ret Acct	$ 664,903	$ 659,434
Vanguard Target Retirement Income Ret Acct	484,429	*

Loomis Sayles Investment Grade Bond Ret Acct	*	379,350

* - Amount was less than 5% of the Plan's net assets available for benefits.

5. Transamerica Stable Value Comp

The Transamerica Stable Value Comp (the "Fund") is an investment choice in the TFLIC Group Annuity Contract and is fully benefit-responsive. Contract value, as reported by Transamerica, is the beginning balance plus any deposit and credited interest, less any withdrawals, charges or expenses. The repayment of principal and interest credited to participants is a non-tradable financial obligation of TFLIC. However, if an event should ever occur such that realization of full contract value for a particular investment contract is no longer probable (i.e. a significant decline in creditworthiness of TFLIC), the Fund may no longer be considered fully benefit-responsive. The terms of the investment contract require all permitted participant-initiated transactions to occur at contract value with no conditions, limits or restrictions. Permitted participant-initiated transactions are those allowed by the underlying defined contribution plan such as withdrawals for benefits, loans or transfers to other investment choices within the Plan. Since the Fund is an obligation of TFLIC, the occurrence of an event that limits the ability of the investment to transact at contract value is not probable.

Prior to January 1st and July 1st, the effective annual rate of interest is established for the corresponding six month period. Interest is credited, based upon the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six month period. There is no stated minimum or maximum interest rate for the Fund. The Fund is backed by the general account of TFLIC. While TFLIC declare rates periodically and backs the principal and interest of the Fund, any guarantees are subject to the claims paying ability of the insurance company. Although Plan participants generally may withdraw assets from the Fund without restrictions, TFLIC may impose a hold period at the contract level in the event of a full contract discontinuance or partial contract discontinuance. The Fund seeks to protect against any loss of principal while providing returns in excess of money market funds and one-year U. S. Treasury bills. The Fund has a portfolio investment rate design in which all deposits are credited with the same interest rate on a daily basis, and with no set maturity. The effective guaranteed credited interest rate is set on a semi-annual basis and announced at least 45 days in advance of the date the new rate becomes effective. The guaranteed rate of interest shall not change during the six month period for which it is effective. For the 2014 and 2013 plan years, the average yield and interest credited to participants was 0.50% for the Fund.

5. Transamerica Stable Value Comp *(continued)*

The credit risk of TFLIC was evaluated by nationally recognized statistical rating agencies as follows: A.M. Best Company (A+ since July 2015), Moody's Investors Service (A1 since June 2015), Standard and Poor's (AA- since December 2014) and Fitch Ratings (AA- since September 2014).

The statements of net assets available for benefits present the Fund at contract value. Since contract value provides a good approximation of fair value, there is no adjustment from fair value to contract value.

6. Related Party Transactions

All investments of the Plan are managed by TFLIC. TFLIC is the custodian as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest.

Transamerica Retirement Solutions Corporation is the record-keeper as defined by the Plan.

7. Tax Status

The Internal Revenue Service has determined and informed the volume submitter preparer by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

9. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
