Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2014 and 2013, and the changes in net assets available for benefits for the year ended December 31, 2014 in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The information included in the 2014 supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Linklaters LLP Money Purchase Pension Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all U.S. employees of Linklaters LLP (the "Company") excluding associate attorneys. Employees become eligible for participation after the completion of one (1) year of service and attaining age 21.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: The Employer shall make contributions on behalf of each participant, equal to 4% of their annual compensation for the year ended December 31, 2014. Annual salaries up to $260,000 were considered for the year ended December 31, 2014. The Plan has met minimum funding requirements based on the Plan's provisions.

Participant Accounts: Each participant's account is credited with an allocation of (a) the Company's contributions, (b) Plan earnings, and (c) forfeitures of employer money purchase contributions, and is charged with his or her withdrawals and an allocation of administrative expenses and Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. All funds are participant directed.

Employees who have entered the Plan as participants will be benefiting participants. Benefiting participants share in the Employer's contribution for any Plan year if they complete at least 1,000 hours of service during 12 consecutive months and have the following status:

- Retire during the Plan year;
- Die during the Plan year;
- Become disabled during the Plan year;
- Active on the last day of the Plan year.

Vesting: A participant shall have a vested interest in his/her Employer contribution account according to the following vesting schedule:

Years of Service	Vested Interest
1	20%
2	40%
3	60%
4	80%
5	100%

A participant is fully vested if he/she reaches normal retirement age, dies or becomes disabled prior to termination of employment.

(Continued)

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Forfeitures: Forfeitures of employer contributions are used to offset future employer contributions or administrative expenses of the Plan. At December 31, 2014 and 2013, forfeited, non-vested accounts were approximately $34,763 and $12,003, respectively, and are available to reduce employer contributions or to pay administrative expenses.

Payment of Benefits: Payment of benefits shall commence after any of the following occurs:

- Death of participant while an employee;
- Termination of a participant's service on or after his/her normal retirement date or by reason of disability; or
- The participant's termination of employment.

Beneficiaries are entitled to 100% of the participant's account balance upon death or disability, as defined. Distribution options include joint and survivor annuity, lifetime annuity, lump sum and installment payments.

Retirement: Normal retirement age is the date on which the participant attains age 62.

Plan Expenses: Certain administrative expenses are paid by the Plan sponsor. Plan expenses paid by the Plan for the year ended December 31, 2014 are $6,293, and consist primarily of record keeping and investment management fees.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits: Benefits are recorded when paid.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Mutual Fund Fees: Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity and thus not separately identifiable as an expense.

(Continued)

NOTE 3 - RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and earnings thereon. Effective October 6, 2015, the Plan will be terminated and its assets will be merged into the Linklaters LLP 401(k) Profit Sharing Plan.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy. Transfers between hierarchy measurement levels are recognized by the Plan as of the beginning of the reporting period.

(Continued)

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below.

	Fair Value Measurements at December 31 Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total

(Continued)

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan holds shares of a mutual fund managed by Schwab Retirement Plan Services ("Schwab") (a division of Charles Schwab & Co., Inc.). Schwab is the Plan custodian; therefore, these transactions and the Plan's payment of record keeping fees and investment management fees to Schwab qualify as party-in-interest transactions. These transactions, as well as mutual fund fees charged against the Plan's investment earnings described in Note 2, also qualify as party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company.

NOTE 6 - TAX STATUS

The Internal Revenue Service ("IRS") issued an opinion letter dated May 23, 2008 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities and is currently under a Department of Labor audit for the Plan years ended December 31, 2012 and 2011. Plan management believes this is a routine audit and there will be no impact on the Plan's tax qualification status. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 7 - SUBSEQUENT EVENTS

Effective May 25, 2015, the Company will cease making money purchase contributions to the Plan for periods after May 25, 2015. Effective October 6, 2015, the Plan will be merged into the Linklaters LLP 401(k) Profit Sharing Plan.

Plan management has evaluated subsequent events for recognition and disclosure through September 23, 2015, which is the date the financial statements were available to be issued.
