## SMITHFIELD FOOD, INC. HOURLY 401(k) PLAN

Notes to Financial Statements  
December 31, 2014 and 2013

---

### (1) Description of Plan

The following description of the Smithfield Foods, Inc. Hourly 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions. On May 1, 2014 the Plan changed its name from John Morrell & Co. 401(k) Savings Plan to Smithfield Foods, Inc. Hourly 401(k) Plan.

#### *General*

The Plan is a defined contribution plan established by Smithfield Foods, Inc. The Plan is for the benefit of eligible employees of Smithfield Foods, Inc. and affiliated employers that have adopted the Plan (collectively, the Company). Eligibility requirements for 401(k) and matching contributions are 90 days of service and attainment age of 18. To be eligible for discretionary profit sharing contributions, a participant must have completed one year of service, as defined by the Plan, and attained age 18. Individuals in the Curly's Foods Inc. Division who are eligible to accrue a benefit under the Smithfield Salaried Pension Plan following their transfer to the Curley's Food's Inc. Division shall not be eligible to receive employer profit sharing contributions. The Plan excludes employees governed by the terms of a collective bargaining agreement, leased employees, independent contractors, individuals who are not paid based upon hours worked and nonresident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Smithfield Foods, Inc. Investment Committee (Investment Committee) is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, monitors investment performance and controls and manages the operation and administration of the Plan. Great-West Financial Retirement Plan Services, LLC (Great-West) serves as trustee of the Plan and J.P. Morgan Invest Holdings LLC's (JP Morgan) serves as the record keeper.

Effective May 1, 2014, the Plan was amended and restated to allow only those employees whose pay is paid based upon the hours worked for the Company to be eligible to participate in the Plan.

#### *Contributions*

Each year, participants may contribute up to 50% of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts. The Company makes a matching contribution of 50% of the first 4% of compensation contributed by each participant. The Company may make additional matching contributions and/or profit sharing contributions at the option of the Company's board of directors. Contributions are subject to certain limitations.

### (1) Description of Plan, Continued

#### *Contributions, Continued*

Effective January 1, 2014 the Plan was amended to include automatic compensation reduction contributions. Under this amendment, 2% of compensation of eligible employees hired after March 31, 2007 and 4% of compensation of eligible employees hired on or after January 1, 2014 will be deferred unless a contrary election is made.

#### *Investment Options*

Participants direct the investment of their accounts into various investment options offered by the Plan, which include registered investment companies and common collective trust funds. In addition, participants may utilize an individual self-directed brokerage option, through which participants are able to invest in a variety of securities including stocks, bonds, registered investment companies and government securities in accordance with the plan document.

#### *Participant Accounts*

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings (losses), and charged with benefit payments, transaction fees related to a participant's note receivable, and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### *Vesting*

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is 100% vested after five years of credited service.

#### *Notes Receivable from Participants*

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms extend to five years for general purpose loans and to ten years for the purchase of a primary residence. Participants are limited to one outstanding loan at any point in time. The loans are secured by the balance in the participant's account and bear interest at 2% above the prime rate at the end of the preceding month in which the loan was taken. As of December 31, 2014, interest rates ranged from 4.25% to 10.25%. Principal and interest are paid ratably through payroll deductions.

### Notes to Financial Statements December 31, 2014 and 2013

#### (1) Description of Plan, Continued

##### *Payment of Benefits*

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or various installment and annuity options as provided by the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Amounts contributed on a pre-tax basis may only be withdrawn upon demonstration of financial hardship, disability, or after the participants reach the age of 59.5 years.

##### *Forfeited Accounts*

At December 31, 2014 and 2013, forfeited non-vested accounts totaled \$499,889 and \$116,110, respectively. These accounts will be used to reduce future Company contributions and pay administrative expenses of the Plan. During 2014, forfeitures of \$25,725 were used to reduce Company contributions.

#### (2) Summary of Significant Accounting Policies

##### *Basis of Accounting*

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

##### *Use of Estimates*

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates and assumptions.

##### *Investment Valuation and Income Recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, trustee and insurance company. See Note 5 for discussion of fair value measurements.

December 31, 2014 and 2013

### (2) Summary of Significant Accounting Policies, Continued

#### *Investment Valuation and Income Recognition, Continued*

In accordance with GAAP, a stable value fund held by a defined contribution plan is required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the stable value fund as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

#### *Excess Contributions Payable*

The Plan failed to pass the Average Deferral Percentage Test for the 2014 and 2013 plan years. Excess contributions amounting to \$42,044 and \$382,903 at December 31, 2014 and 2013, respectively, are recorded as a liability in the accompanying statements of net assets available for benefits and as a reduction of participant contributions for that year.

#### *Payment of Benefits*

Benefits are recorded when paid.

##### *Expenses*

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the plan document. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan.

##### *Subsequent Events*

The Plan has evaluated subsequent events through September 22, 2015, the date the financial statements were available to be issued.

#### (4) Financial Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Great-West, except for comparing such information certified by Great-West to information included in the Plan's financial statements and supplemental schedule. The following information was certified by Great-West:

- The investments at fair value at December 31, 2014.
- Notes receivable from participants at December 31, 2014.
- Net appreciation in fair value of investments for the year ended December 31, 2014.
- Interest and dividends for the year ended December 31, 2014.
- Interest income on notes receivable from participants for the year ended December 31, 2014.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

#### (5) Fair Value Measurements

Fair value as defined under GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1: Observable inputs such as quoted prices in active markets.
- Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.
- Level 3: Unobservable inputs about which little or no market data exists, therefore, requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of the fair value of assets and liabilities and their placement within the fair value hierarchy levels.

## Notes to Financial Statements December 31, 2014 and 2013

### (5) Fair Value Measurements, Continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

When quoted prices are available in active markets for identical instruments, investment securities are classified within level 1 of the fair value hierarchy. Level 1 investment securities include registered investment companies and common stock.

Level 2 investment securities include common collective trust funds for which quoted prices are not available in active markets for identical instruments. The Plan utilizes a third party pricing service to determine the fair value of each of these investment securities. Because quoted prices in active markets for identical assets are not available, these prices are determined using observable market information such as quotes from less active markets and/or quoted prices of securities with similar characteristics. Common collective trust funds are valued at the closing net asset value (NAV) of the units held by the Plan at year end. The common collective trust fund NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2014 and 2013:

|                                  | Assets at Fair Value as of December 31, 2014 |                |         |                |
|----------------------------------|----------------------------------------------|----------------|---------|----------------|

- (a) Represents investment in a common collective trust meant to align with an expected retirement date. The funds are invested in domestic and international equity, fixed-income, real estate and money market strategies. The allocation to different asset classes will change over time and become increasingly conservative as retirement approaches. There are no unfunded commitments, redemption frequency restrictions or other redemption restrictions.
- (b) Represents investment in a common collective trust which seeks a moderate level of stable income without principal volatility by investing in investment contracts issued by selected high quality insurance companies and financial institutions. There are no unfunded commitments. See Note 6 for further discussion.
- (c) Represents investment in a common collective trust which seeks a favorable long-term total return by investing primarily in a portfolio of equity securities of smaller domestic companies based on the Russell 2000 Index. The Small-Cap Blend Index investment strategy attempts to replicate the Russell 2000 Index using a proprietary quantitative process that closely matches the overall investment characteristics of the index. There are no unfunded commitments, redemption frequency restrictions or other redemption restrictions.
- (d) Represents investment in a common collective trust which seeks to approximate as closely as practicable the total return of the Standard & Poor's 500 Index ("S&P Index") through investment of at least 80% of its assets in equity securities of companies similar to those that comprise the S&P Index. There are no unfunded commitments, redemption frequency restrictions or other redemption restrictions.

#### (5) Fair Value Measurements, Continued

- (e) Represents investment in a common collective trust which seeks a return which exceeds that of a benchmark consisting of a 1/3 weighting in the Barclays Capital U.S.TIPS Index, a 1/3 weighting in the Dow Jones - UBS Commodity Index SM, and a 1/3 weighting in the Dow Jones U.S. Real Estate Investment Trust Index. There are no unfunded commitments, redemption frequency restrictions or other redemption restrictions.
- (f) Represents investment in a common collective trust which seeks to provide investors with a 4% annualized excess return relative to the Russell 2500 Index over a full market cycle by investing in a diversified portfolio of domestic equities. There are no unfunded commitments, redemption frequency restrictions or other redemption restrictions.

There were no significant transfers among investment levels during the years ended December 31, 2014 and 2013.

#### (6) Wells Fargo Stable Return Fund (E)

The Wells Fargo Stable Return Fund (E) (the Fund) is a collective trust fund sponsored by Wells Fargo Bank, N.A. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the Fund's NAV per unit, which is based on the assets held by the Fund less any liabilities, divided by the total number of units outstanding. Distribution to the Fund's unit holders is declared daily from the net investment income and automatically reinvested in the Fund on a monthly basis, when paid.

Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the Fund, plus earnings, less participant withdrawals and administrative expenses. The Fund imposes certain restrictions on the Plan, and the Fund itself may be subject to circumstances that impact its ability to transact at contract value, as described in the following paragraphs. Plan management believes that the occurrence of events that would cause the Fund to transact at less than contract value is not probable.

##### *Restrictions on the Plan*

Participant-initiated transactions are those transactions allowed by the Plan, including withdrawals for benefits, loans, or transfers to noncompeting funds within a plan, but excluding withdrawals that are deemed to be caused by the actions of the plan sponsor.

### (6) Wells Fargo Stable Return Fund (E), Continued

#### *Restrictions on the Plan*

The following events may limit the ability of the Fund to transact at contract value:

- A failure of the Plan or its trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.
- Any communication given to the Plan participants designed to influence a participant not to invest in the Fund or to transfer assets out of the Fund.
- Any transfer of assets from the Fund directly into a competing investment option.
- The establishment of a defined contribution plan that competes with the Plan for employee contributions.
- Complete or partial termination of the Plan or its merger with another plan.
- The redemption of all or a portion of the interests in the Fund held by the Plan at the direction of the plan sponsor, including withdrawals due to the removal of a specifically identifiable group of employees from coverage under the Plan (such as group layoff or early retirement incentive program), the closing or sale of a subsidiary, employing unit, or affiliate, the bankruptcy or insolvency of the Plan Sponsor, or the merger of the Plan with another plan.

#### *Circumstances that Impact the Fund*

The Fund invests in assets, typically fixed income securities or bond funds, and enters into "wrapper" contracts issued by third parties. A wrapper contract is an agreement by another party, such as a bank or insurance company, to make payments to the Fund in certain circumstances. Wrapper contracts are designed to allow a stable value portfolio to maintain a constant NAV and protect a portfolio in extreme circumstances. In a typical wrapper contract, the wrapper issuer agrees to pay the difference between the contract value and the market value of the underlying assets if the market value falls below the contract value.

The wrapper contracts generally contain provisions that limit the ability of the Fund to transact at contract value upon the occurrence of certain events. These events include:

- Any substantive modifications of the Fund or the administration of the Fund that is not consented to by the wrapper issuer.
- Any change in law, regulation, or administrative ruling applicable to a plan that could have a material adverse effect on the Fund's cash flow.
- Employer-initiated transactions by participant plans as described above.

#### (6) Wells Fargo Stable Return Fund (E), Continued

##### *Circumstances that Impact the Fund, Continued*

In the event that wrapper contracts fail to perform as intended, the Fund's NAV may decline if the market value of its assets decline. The Fund's ability to receive amounts due pursuant to these wrapper contracts is dependent on the third-party issuer's ability to meet its financial obligations. The wrapper issuer's ability to meet its contractual obligations under the wrapper contracts may be affected by future economic and regulatory developments.

The Fund is unlikely to maintain a stable NAV if, for any reason, it cannot obtain or maintain wrapper contracts covering all of its underlying assets. This could result from the Fund's inability to promptly find a replacement wrapper contract following termination of a wrapper contract. Wrapper contracts are not transferable and have no trading market. There are a limited number of wrapper issuers. The Fund may lose the benefit of a wrapper contract on any portion of its assets in default in excess of a certain percentage of portfolio assets.

#### (7) Related Party Transactions and Party-In-Interest Transactions

During 2014, fees paid to Great-West, the plan trustee, and JP Morgan, the plan record keeper, amounted to \$548,085, for investment management and administrative services.

#### (8) Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated August 16, 2012 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended and restated since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

#### (9) Transfers of Assets

As a result of the plan amendment and restatement described in Note 1, transfers of assets to (from) the Plan to the Smithfield Foods, Inc. Salaried 401(k) Plan and from the Smithfield Foods, Inc. Bargaining 401(k) Plan for the year ended December 31, 2014 were as follows:

| Bargaining 401(k) Plan, net                       | 132,262                |

#### (10) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

#### (11) Nonexempt Transactions

During 2013, employee contributions and loan repayments of \$422,596 were withheld from participants' pay during November but were not remitted to the Plan's trust within the time frame required by the DOL under the plan asset rules.

Delinquent contributions resulted from the change in plan trustee during 2013. The plan trustee's application of IRS Treasury Regulation 1.401(k)-1(a) prohibited the Company from depositing amounts withheld to the trust until the asset transfer was reconciled and amounts could be allocated to the individual participant accounts. During this period, the prior trustee was not able to receive additional funds as the trustee relationship had been terminated.

The delinquent employee contributions and loan repayments were remitted to the Plan prior to December 31, 2013 and the Company computed the lost earnings on these late remittances and deposited those amounts to the trust on February 14, 2014. The Company corrected the earnings on the delinquent loan repayments and made the correction during 2014.

### (12) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
