Report on the Financial Statements

We have audited the accompanying financial statements of Eaton Personal Investment Plan ("Plan"), which comprise the Statements of Net Assets Available for Benefits as of December 31, 2014 and 2013, and the related Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2014 and 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2014 and 2013, and the changes in net assets available for benefits of the Plan for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held for Investment Purposes at Year End is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS

Eaton Personal Investment Plan

1 Description of Plan

The following description of the Eaton Personal Investment Plan ("Plan") provides only general information. Participants should refer to the Plan document and summary plan description, which are available from the Company's Human Resources Department upon request, for a complete description of the Plan's provisions.

General:

Effective July 1, 1996, Eaton Corporation ("Company" or "Plan Sponsor") established the Plan. The Company is a subsidiary of Eaton Corporation plc ("Eaton"). On May 1, 1998, the Company amended the Plan and restated certain articles therein to qualify the Plan as a profit sharing plan under Section 401(a) of the Internal Revenue Code ("Code"), and include a cash or deferred arrangement that is intended to qualify under Section 401(k) of the Code. The Plan was amended and restated as of January 1, 2014. The Plan was further amended on December 19, 2014.

Eligibility:

The Plan provides that all active and former union employees who belong(ed) to the unions listed in the Plan document, will be (were) eligible for membership in the Plan on the date at which the employee has (had) completed the specified probationary period, as stated in the applicable collective bargaining agreement.

Contributions:

Employee Contributions - Employees may make before-tax or after-tax contributions with maximum employee contribution percentages determined by the applicable collective bargaining agreement. Catch-up contributions are permitted in the Plan, allowing participants age 50 and older to defer an additional amount of their compensation, as prescribed by the Internal Revenue Code.

Employer Contributions (Matching) - Certain eligible participants of the Plan may receive a Company matching contribution of 50% up to 6% of their deferred compensation or 25% up to 6% of their deferred compensation, depending on the location.

Employer Contributions (Retirement) - Certain eligible participants of the Plan may receive a Company contribution as specified in the applicable collective bargaining agreement.

Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code, as defined in the Plan Document.

Rollover contributions from other plans are also accepted, provided certain specified conditions are met.

NOTES TO FINANCIAL STATEMENTS

Eaton Personal Investment Plan

1 Description of Plan, Continued

Participants' Accounts:

Each participant's account is credited with the participant's contributions, Company matching contributions, and an allocation of the Plan's earnings, and is charged with an allocation of applicable administrative expenses. Allocations, if any, are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting:

All participants are 100% vested in elective deferrals, company contributions, subject to certain provisions as defined by the Plan, rollover contributions made to the Plan, and actual earnings thereon.

Notes Receivable from Participants:

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance, reduced by their highest outstanding loan balance during the preceding 12 months. Loan terms range from 1-5 years except for loans used for the purchase of a primary residence which may have a longer term. The loans are secured by the balance in the participant's account and bear interest at a rate based on the prime interest rate, as determined by the Plan Administrator. Principal and interest are paid through payroll deduction for active employees. Terminated employees are permitted to make loan payments directly to Fidelity.

Hardship Withdrawals:

Hardship withdrawals are permitted in accordance with Internal Revenue Service guidelines.

Payment of Benefits:

Upon termination of service, retirement, death or total and permanent disability, a participant is eligible to receive a lump sum amount equal to the value of his or her account. A participant may choose to take partial withdrawals.

Investment Options:

Employee contributions may be invested in any of the fund options available under the Plan.

2 Summary of Significant Accounting Policies

Basis of Accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTES TO FINANCIAL STATEMENTS

Eaton Personal Investment Plan

2 Summary of Significant Accounting Policies, Continued

Investment Valuation and Income Recognition:

The Plan's trustee is Fidelity Management Trust Company, and the Plan's investments, excluding notes receivables from participants, were invested in the Eaton Employee Savings Trust ("Master Trust"), which was established for the investment of assets of the Plan and the Eaton Savings Plan. The fair value of the Plan's interest in the individual funds of the Master Trust is based on the value of the Plan's interest in the fund as of January 1, 2002, plus actual contributions and allocated investment income (loss) less actual distributions.

Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the Plan year. Investments traded in the over-the-counter market and listed securities for which no sale was reported on that date are valued at the average of the last reported bid and asked prices. Common/collective trust funds and separate accounts are valued at the redemption value of the units held at year-end. Participant transactions (purchases and sales) occur daily with no restrictions. The common/collective trust and separate accounts have varying investment strategies ranging from mirroring specific market indexes, asset allocation strategies, and bond performance. However, in high volume liquidation demand periods, the Trustee may, at their discretion, delay liquidation requests so that it is in the best interest of all participants in the fund. Participant loans are valued at cost, which approximates fair value. The Eaton Stable Value Fund invests primarily in investment contracts issued by insurance companies, banks or other financial institutions, including investment contracts backed by high-quality fixed income securities.

Under the revised accounting standards, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

2 Summary of Significant Accounting Policies, Continued

Administrative Fees:

All administrative costs, management fees and expenses of the Plan are paid by the Trustee from the Master Trust unless such costs, fees and expenses are paid by the Company. The Company elected to pay certain administrative costs during 2014 and 2013 on behalf of the Plan. Certain transaction costs are paid by participants.

Plan Termination:

The Company may amend, modify, suspend, or terminate the Plan. No amendment, modification, suspension, or termination of the Plan shall have the effect of providing that any amounts then held under the Plan may be used or diverted to any purpose other than for the exclusive benefit of members or their beneficiaries.

Risks and Uncertainties:

The Master Trust's investments, as listed in Footnote 4, have varying degrees of risk, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

Subsequent Events:

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through June 18, 2015, which is the date the financial statements were available to be issued.

3 Tax Status

On October 10, 2012, the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended; however, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

3 Tax Status, Continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2014, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

4 Investments

Fidelity Management Trust Company, Trustee and Recordkeeper of the Plan, holds the Plan's investment assets and executes investment transactions, and all investment assets of the Plan are pooled for investment purposes in the Master Trust.

A summary of the assets of the Master Trust is as follows:

4 Investments, Continued

Investment income and administrative expenses relating to the Master Trust are allocated to the individual Plans based upon the average balance invested by each Plan in each of the individual funds of the Master Trust. A summary of the Master Trust's net investment income (loss) allocated to the participating Plans for the year ended December 31, 2014 and 2013 is as follows:

	<u>2014</u>	<u>2013</u>
Interest and dividend income	\$ 150,304,152	\$ 92,864,577
Net appreciation in fair value of investment funds:

6 Benefit-Responsive Investment Fund

The Plan holds the Eaton Stable Value Fund, a fund co-managed by Standish Mellon Asset Management Company, LLC and Pacific Investment Management Company, LLC, that invests in benefit-responsive investment contracts. The fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The traditional guaranteed investment contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan and the synthetic contract issuers are contractually obligated to guarantee the payment of a specific interest rate to the Plan.

As described in Footnote 2, because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Standish Mellon and PIMCO, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The average market yield of the Fund was 2.59% (2014) and 1.87% (2013). This yield is calculated based on actual investment income from the underlying investments for the last month of the year, annualized and divided by the fair value of the investment portfolio on the report date. The average yield of the Fund with an adjustment to reflect the actual interest rate credited to participants in the Fund was 2.63% (2014) and 1.55% (2013).

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting.

The fair value is based on various valuation approaches dependent on the underlying investments of the contract.

Certain events limit the ability of the Plan to transact at contract value with the issuers. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The issuer may terminate the contract for cause at any time.

7 Transfers In

At the close of business on December 31, 2013, Cooper Industries IAR and Shaper Lighting 401(k) plans were merged into the Plan. As a result, account balances totaling \$69,809,810 and \$1,248,804, and notes receivables from participants totaling \$2,197,135 and \$95,818 were transferred into the Plan.

8 Fair Value Measurements

In accordance with ASC 820, the Plan has categorized the financial instruments, based on the degree of subjectivity inherent in the valuation technique, into a fair value hierarchy of three levels, as follows:

- Level 1 - inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.
- Level 2 - inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Registered investment companies (mutual funds), and separate accounts: Valued at the net asset value ("NAV") of shares held by the Plan at year-end. Separate accounts may include U.S. government securities and corporate debt securities.

Common collective trusts: Valued at the net unit value of units held by the trust at year-end. The unit value is determined by dividing the total value of fund assets by the total number of units of the Fund owned.

Guaranteed investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
