Notes to Financial Statements

December 31, 2014

Note 1 - Description of Plan

The following description of the ARS Services Inc. 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering substantially all employees of ARS Services Inc. (the "Company") who have attained the age of twenty-one (21) and completed three (3) months of service, except for union employees, non-resident aliens, and employees as a result of Internal Revenue Code (IRC) Section 410(b)(6)(c) transactions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Management is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's board of directors.

Contributions - Each year, participants may contribute up to seventy-five percent (75%) of their pre-tax annual compensation, subject to Internal Revenue Service (IRS) limitations. Participants who have attained age fifty (50) before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a money market fund as investment options for participants. The Company will make a safe harbor matching contribution to the account of each eligible participant in an amount equal to (a) one hundred percent (100%) of the amount of the employee's elective deferrals that do not exceed three percent (3%) of the employee's compensation in the plan year, plus (b) fifty percent (50%) of the amount of the employee's elective deferrals that exceed three percent (3%) but do not exceed five percent (5%) of the employee's compensation in the plan year. During the year ended December 31, 2014, the Company made safe harbor matching contributions of \$152,724. Additional discretionary profit sharing contributions may be contributed at the option of the Company's board of directors and are invested in a portfolio in investments as directed by the Company. During the year ended December 31, 2014, there were no discretionary profit sharing contributions made to the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts - Each participant's account is credited with the participant's contributions and company safe harbor matching contributions, as well as allocations of the Company's discretionary profit sharing contribution and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting - Participants are immediately vested in their voluntary contributions, as well as the Company's safe harbor matching contribution, plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contribution portion of their accounts, plus actual earnings thereon, is based on years of service. A participant is vested in the Company's discretionary profit sharing contributions in accordance with the following schedule:

Note 1 - Description of Plan - Continued

Vesting - Continued

Less than three (3) years	0%
Three (3) years	20%
Four (4) years	40%
Five (5) years	70%
Six (6) years	100%

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or fifty percent (50%) of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates of four and one-quarter percent (4.25%) at December 31, 2014, which were commensurate with local prevailing rates at the time the loans were initiated. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits - On termination of service due to death, disability, or retirement, a participant, or a beneficiary in the case of death, will receive a distribution equal to the value of the participant's vested interest in his or her account. The participant may elect to take a distribution as a lump-sum payment, installment payments, or partial withdrawals, provided the minimum withdrawal is \$1,000. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In-service distributions may be made to a participant who has not separated from service, provided that the participant has attained the age of fifty-nine and one-half (59½). In-service distributions are permitted from all accounts. Distributions are not restricted to those accounts in which a participant is fully vested. There is no minimum distribution amount. Participants with account balances less than \$5,000 upon termination of service receive an automatic cash payout.

Forfeitures - At December 31, 2014 and 2013, forfeited non-vested accounts totaled \$55 and \$65, respectively. These accounts will be used either to pay administrative expenses or to reduce future employer contributions. During the year ended December 31, 2014, no forfeitures were used to pay administrative expenses or reduce employer contributions.

Note 2 - Summary of Accounting Policies

Basis of Accounting - The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2 - Summary of Accounting Policies - Continued

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent Events - The Plan has evaluated subsequent events through September 8, 2015, the date the financial statements were available to be issued.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three (3) levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

ARS SERVICES INC. 401(K) PROFIT SHARING PLAN & TRUST

Notes to Financial Statements - Continued

December 31, 2014

Note 4 - Fair Value Measurements - Continued

Level 2	Inputs to the valuation methodology include:
	• quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

The asset or liability's fair value measurement level, within the fair value hierarchy, is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual fund and money market fund: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014:

	Level 1	Level 2	Level 3	Total
Mutual funds:

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become one hundred percent (100%) vested in their accounts, and plan assets shall be distributed in accordance with the terms of the Plan.

Note 6 - Tax Status

The IRS has determined and informed the Company by an opinion letter dated March 31, 2008, that the prototype plan and related trust are acceptable under Section 401 of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and that the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal and state taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.
