EMPLOYEES' INVESTMENT PLAN**

Notes to Financial Statements

December 31, 2014 and 2013

(1) Plan Description

The Board of Directors of Thomas & Betts Corporation (the Corporation) adopted the Thomas & Betts Corporation Employees' Investment Plan (the Plan) effective July 1, 1984. The participants in the Plan are eligible employees of the Corporation and its participating subsidiaries. Eligibility, participation, enrollment, contributions, vesting, forfeitures, loans, withdrawals, distributions, and other Plan provisions are described in detail in the Plan document.

(a) *Contributions by Participants and Employer*

An eligible covered employee may elect to authorize before-tax contributions in an amount up to 30% (up to 15% for certain bargaining unit employees) of their compensation in each payroll period subject to certain limitations; however, highly compensated employees (HCEs), as defined, are generally limited to before-tax contributions of 5% of their compensation in each payroll period.

New or rehired employees who are eligible to participate in Part A of the Plan and who have not made a voluntary deferral election will be automatically enrolled in Part A of the Plan. As part of automatic enrollment, the participant shall be deemed to have made a before-tax deferral election of 3% of compensation beginning with the first payroll period ending on or after the 60th day of employment. The deemed election may be changed or revoked by the covered employee at any time subsequent to automatic enrollment.

In general, for eligible covered employees, the Corporation matches 75% of a participant's before-tax contributions up to 3% of compensation and 50% of the amount of a participant's before-tax contributions between 3% and 5% of compensation, subject to regulatory limitations (the General Employer Match).

Bargaining unit employees formerly of Power Solutions (PS) and Joslyn Hi-Voltage (JHV) receive a match of 50% of their before-tax contributions up to 6% of compensation.

A participant who has attained age 50 before the end of a Plan year may also elect to make before-tax catch-up contributions. The Corporation does not make matching contributions with respect to any catch-up contributions.

(b) *Nonelective Contributions by Employer*

Generally, nonbargained employees of the Corporation who are eligible to participate in the Plan will receive a nonelective employer contribution equal to 3% of compensation and an additional 2% of compensation in excess of the Social Security Taxable Wage Base in effect at the beginning of the calendar year.

Notes to Financial Statements

December 31, 2014 and 2013

During the second quarter of 2012, the Corporation and the union representing collectively bargained employees at its Mercer, PA facility approved a plan to discontinue the future accrual of benefits for participants in the Corporation's pension plan covering bargained employees at the Mercer facility (Part D of The Thomas & Betts Pension Plan For Bargaining Unit Employees) after December 31, 2012. Part C of the Plan covering bargained employees at the Mercer facility was amended to provide a nonelective employer contribution of 2% to all eligible employees beginning January 1, 2013. In addition, the amendment provides certain employees an additional employer contribution (transition benefit) during 2013 and 2014.

During the second quarter of 2011, the Corporation and the union representing collectively bargained employees at its Athens, TN facility approved a plan to discontinue the future accrual of benefits for participants in the Corporation's pension plan covering bargained employees at the Athens facility (Part C of The Thomas & Betts Pension Plan For Bargaining Unit Employees) after December 31, 2011. Part B of the Plan covering bargained employees at the Athens facility provides a nonelective employer contribution equal to 2% of compensation to all eligible employees beginning January 1, 2012. In addition, Part B provides certain employees an additional employer contribution (transition benefit) during 2012 and 2013.

(c) Participant Accounts

Each participant's separate account is credited with the participant's and employer contributions, allocations of earnings (loss) on their account, and allocations of administrative expenses. Allocations of earnings (loss) and expenses are based upon the market activity and fees of the investment options selected by the participant.

(d) Vesting

A participant vests in employer contributions at the end of each year starting with the second year of vesting service, at the rate of 25% each year (fully vested after five years). A participant in the Plan whose employment terminates for any reason before his or her death, attainment of age 60, or total and permanent disability is entitled to receive the vested portion of his or her employer contribution account, adjusted for Plan earnings or losses thereon. A participant is entitled to receive 100% of the participant's own contributions, adjusted for Plan earnings or losses thereon. During 2014, the Corporation divested the "HVAC" and the "Steel Structures" businesses. Participants in the Plan whose employment ceased with the Corporation on the date of and due to the divestiture of one of the aforementioned businesses, became fully vested in their accounts as of the date of cessation of employment with the Corporation.

(e) Forfeitures

Employees of certain entities acquired by the Corporation have a 100% nonforfeitable right to the amounts in their accounts attributable to transferred contributions from the acquired entity's plan and, in certain cases, to the amount in their former employer contribution accounts.

Notes to Financial Statements

December 31, 2014 and 2013

Under the provisions of the Plan, unvested employer contributions are subject to forfeiture at the time a participant has a severance of employment. Unallocated forfeitures are invested in the Vanguard Prime Money Market Fund and such forfeitures and related earnings, if any, can reduce future employer contributions. Forfeitures used to offset employer contributions totaled \$1.1 million during the plan year ended December 31, 2014. The Plan held unallocated forfeitures of \$0.7 million and \$0.4 million at December 31, 2014 and 2013, respectively.

(f) *Investment Elections*

Generally, each participant may direct contributions in any one or more of 24 funds. Each participant may change the amount and allocation of his or her contribution or reallocate existing balances among funds by notifying The Vanguard Group, Inc., the Plan's record keeper, on any business day. The appropriate Vanguard Target Retirement Fund is the default investment for participants who fail to make an investment election for contributions.

(g) *Participant Loans*

The Plan permits active participants with vested accrued benefits, excluding nonelective employer contributions, of at least \$2 thousand to borrow directly from their account. Participants may borrow a minimum of \$1 thousand, up to a maximum of the lesser of \$50 thousand or 50% of their vested accrued benefit, after excluding nonelective employer contributions, for a period of up to 5 years. Participants may not have more than one outstanding loan at any time. The interest rate charged is generally one percentage point greater than the prime rate on the first business day of the month in which the loan is granted. This rate does not change for the life of the loan. Loan repayments credited to a particular account of a participant are reinvested in proportion to the participant's most recent investment directive. Participant loans are recorded at amortized cost and are presented as "Notes receivable from participants" on the statements of net assets available for benefits. There were 1,015 participants with loans outstanding as of December 31, 2014.

The Plan has outstanding loans with maturity dates in excess of 5 years as a result of two plan mergers into the Plan during 2008. After the Corporation acquired Homac Mfg. Company (Homac) in January 2008, the Homac Mfg. Company Profit Sharing Retirement Plan (the Homac Plan) was merged into the Plan in July 2008. The Lamson & Sessions Co. Deferred Savings Plan was merged into the Plan in December 2008, after the Corporation acquired The Lamson & Sessions Co. (LMS) in November 2007. Participant loans outstanding in the Homac Plan and the LMS Plan on the date of the respective plan merger will continue to be subject to the loan provisions of those plans. The Homac Plan allowed loans for a period up to 10 years and the LMS Plan allowed loans for a period up to 15 years for purchase of a primary residence.

(h) *Distributions of Benefits and Withdrawals*

An employee who terminates employment for any reason other than death may elect to have his vested balance exceeding \$5 thousand distributed as a lump sum or in installments. A lump sum distribution is required if the vested balance is \$5 thousand or less. In-service distributions and hardship withdrawals are made in accordance with applicable Plan provisions.

(2) Accounting Policies

(a) *Basis of Presentation*

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles (GAAP).

(b) *Use of Estimates in Preparation of Financial Statements*

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

(c) *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(d) *Payments of Benefits*

Benefits are recorded when paid.

(3) Information Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee, Vanguard Fiduciary Trust Company, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the statements of net assets available for benefits as of December 31, 2014 and 2013 and related notes (excluding level designations in note 4).
- Investment activity, as shown in the statements of changes in net assets available for benefits for the year ended December 31, 2014 and related notes.
- The schedule of assets (held at end of year) as of December 31, 2014 as shown in supplemental schedule.

As permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any audit procedures with respect to the investment information certified by the trustee of the Plan, except for comparing such information included in the Plan's financial statements and supplemental schedule, line 4i - schedule of assets (held at end of year).

(4) Fair Value Measurements

The Plan records its investments at fair value. Fair value is the price received to transfer an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Measuring fair value involves a hierarchy of valuation inputs used to measure fair value. This hierarchy prioritizes the inputs into three broad levels as follows: Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities; Level 2 inputs are quoted prices for similar assets and liabilities in active markets or inputs that are observable for the asset or liability, either directly or indirectly; and, Level 3 inputs are unobservable inputs in which little or no market data exists, therefore requiring a company to develop its own valuation assumptions.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2014:

Collective trust fund	—	45,686	—	45,686
Total investments at fair value	\$ 269,341	45,686	—	315,027

The following is a description of the valuation methodologies used for investments measured at fair value.

Mutual funds: Fair value represents the net asset value, based on quoted market prices in active markets, of units held by the Plan at year end.

Collective trust fund: The collective trust fund is valued at the net asset value per unit as determined by the collective trust as of the valuation date. The Plan has elected as a practical expedient to reflect the collective trust fund on the basis of net asset value. The underlying assets owned by the Vanguard Retirement Savings Trust consist primarily of guaranteed investment contracts. Fair value of guaranteed investment contracts reflects the present value of expected future cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issue.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. Accordingly, the statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis. Participant benefits could be paid at less than contract value if (1) fair value is less than contract value, (2) there is an event or condition that is outside the normal operation of the plan (for example, a plan

termination resulting from a change in control transaction affecting the plan sponsor), (3) plan participants are required to liquidate their investment balances in the guaranteed investment contracts as a result of the event or condition, and (4) the Corporation does not provide 12 months' notice to Vanguard. The Plan administrator does not believe it is probable that such a sequence of events will occur.

(5) Investments

The following table presents investments that represent 5% or more of the Plan's net assets at December 31, 2014 and 2013:

	<u>2014</u>	<u>2013</u>
	(In thousands)

Vanguard Target Retirement 2025 Fund	16,133	14,746
Vanguard Retirement Savings Trust*	39,932	45,686

* The contract value for the Vanguard Retirement Savings Trust was \$38.8 million and \$44.5 million as of December 31, 2014 and 2013, respectively.

During the year ended December 31, 2014, the Plan's investments, including investments bought and sold, as well as held, during the year, appreciated (depreciated), as follows:

		2014
		(In thousands)
Mutual funds:		
Domestic equity	\$	7,611
International equity		(979)
Life cycle/target date		4,434

Security transactions are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. The cost of securities sold is based on the average cost of those securities.

(6) Related-Party Transactions

The trustee of the Plan (Vanguard Fiduciary Trust Company) manages the Plan's investments. Therefore, transactions involving Vanguard funds qualify as party-in-interest transactions. Fees paid by the Plan for recordkeeping services amounted to \$0.1 million for the year ended December 31, 2014.

EMPLOYEES' INVESTMENT PLAN

Notes to Financial Statements

December 31, 2014 and 2013

(7) Risks and Uncertainties

Investments of the Plan are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan investments include collective trust funds that invest in securities with contractual cash flows, which may include asset-backed and mortgage-backed securities. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, and may be adversely affected by shifts in the market's perception of the issuers of these securities and changes in interest rates.

(8) Termination

Although it has not expressed any intent to do so, the Board of Directors of the Corporation may terminate the Plan, in whole or in part, or permanently discontinue contributions thereunder for any reason at any time. In the case of such termination or permanent discontinuance of contributions thereunder, the participants become fully vested in their accounts, except to the extent the law or regulations may preclude such vesting in order to prevent discrimination in favor of highly compensated employees.

(9) Income Taxes

The Internal Revenue Service has issued a determination letter dated September 10, 2012, stating that the Plan is a qualified plan under Section 401(a) of the Internal Revenue Code, as amended, and the trust established under the Plan is exempt from income tax under Section 501(c) of the Internal Revenue Code. Since the date of this letter, the Corporation has made amendments to the Plan. The Plan administrator and the Plan's outside tax counsel believe that the Plan is properly designed to be in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. As of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan believes it is no longer subject to income tax examinations for plan years prior to and including the year ended 2011.

(10) Collective Trust Fund

Plan investment options include the Vanguard Retirement Savings Trust, which is a collective trust fund that invests primarily in fully benefit-responsive investment contracts. The underlying assets owned by the Vanguard Retirement Savings Trust consist primarily of guaranteed investment contracts. The interest crediting rate of the guaranteed investment contracts is calculated based upon many factors, including current economic and market conditions, the general interest rate environment, and purchases and redemptions by unit holders. There is no relationship between future crediting rates and the adjustment to contract value reported in the statements of net assets available for benefits. The interest crediting rate resets every quarter based on the performance of the underlying investment portfolio.

The average market yield of the Vanguard Retirement Savings Trust was 2.3% during 2014 and 2.0% during 2013. The actual interest crediting rate to the Vanguard Retirement Savings Trust participants was 1.9% during 2014 and 1.6% during 2013.

(11) Subsequent Event

The Plan evaluated subsequent events through September 25, 2015 which is the date the financial statements were available to be issued, and has concluded that there are no significant subsequent events requiring recognition or disclosure in these financial statements.
