MNA LLC is the plan sponsor and plan administrator. Charles Schwab Bank is the trustee and the recordkeeper for the Plan.

Eligibility

Employees of the Companies at least 21 years of age and having completed one month of employment are generally eligible to participate in the Plan. Employees must have one year of service in order to be eligible for employer contributions.

Contributions

The Plan allows participants to contribute an amount from 1% to 75% of their annual compensation. Participants are subject to certain contribution limitations under Section 401(k) and Section 415 of the Internal Revenue Code. Participants that have reached the age of 50 may elect to defer additional amounts to the Plan. A participant may designate all or a portion of their elective deferral contribution as after-tax Roth elective deferrals.

The Plan includes an automatic enrollment provision. Newly eligible employees who have not affirmatively opted out of enrollment in the Plan are automatically enrolled. During 2013, employees enrolled as a result of this provision deferred 3% of their compensation to the Plan. Effective January 1, 2014, the Plan was amended so that automatically enrolled participants defer 4% of their compensation to the Plan and an automatic escalation provision was added so that all employees who are automatically enrolled are subject to a 1% annual increase in deferral percentage up to a maximum of 10%, subject to change by the participant.

The Companies may make discretionary matching contributions to the Plan. In 2014 and 2013, the Companies matched 50% of each participant's contribution, not to exceed 2% of their total compensation. Employer matching contributions totaled $1,011,829 and $922,827 in 2014 and 2013, respectively.

1. DESCRIPTION OF THE PLAN (Continued)

Contributions (Continued)

The Companies may also make discretionary profit sharing contributions to the Plan. The Executive Committee of MNA LLC determines the amount of the discretionary annual profit sharing contribution to be made. The profit sharing contributions for 2014 and 2013 were $1,654,786 and $1,546,578, respectively, which were paid by the Companies during 2015 and 2014, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution, employer contributions, and investment earnings or losses, and is reduced by benefit payments and administrative expenses. Employer profit sharing contributions are allocated to participant accounts in the same proportion that each participant's eligible compensation for the Plan year bears to the total eligible compensation of all participants for the Plan year. Net earnings or losses from each investment fund are allocated to each participant's account based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participant contributions and employer profit sharing contributions vest immediately. Contributions made through the employer match become 100% vested after three years of service.

Payment of Benefits

Normal retirement age is 65, at which time participants are entitled to 100% of their account balance. On termination of service due to death, disability, retirement or termination of the Plan, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Actively-employed participants that have reached the age of 59 ½ may elect to receive in-service distributions. The Plan requires in-service distributions to actively-employed participants that have reached the age of 70 ½. Hardship withdrawals are also permitted from the Plan for actively-employed participants.

For termination of service for other reasons, participants with a nonforfeitable account balance of more than $1,000 may receive the value of the vested interest in his or her account as a lump-sum amount equal to the value of the participant's vested interest in his or her account or may leave the balance in the Plan. If the nonforfeitable account balance is $1,000 or less, a participant may only receive the value of the vested interest in his or her account as a lump-sum distribution. Expenses associated with initiating distributions are paid by the individual participants.

Forfeitures

If an employee terminates their employment before their account has become fully vested, they will forfeit the unvested balance of their account and the forfeitures are used to reduce the employer's contribution. The Companies used approximately $31,700 and $38,800 of forfeitures to reduce employer contributions in 2014 and 2013, respectively. The Companies used approximately $6,100 of forfeitures to pay administrative expenses during 2014. No amounts were used to pay administrative expenses during 2013. Amounts forfeited by participants totaled approximately $77,700 and $13,300 during 2014 and 2013, respectively. Unapplied, forfeited, nonvested accounts earned income of approximately $6,100 during 2014. Unapplied, forfeited, nonvested accounts totaled approximately $51,500 and $5,500 at December 31, 2014 and 2013, respectively.

1. DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants
Participants may borrow up to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined annually by the plan administrator. Expenses associated with initiating and maintaining notes receivable are paid by the individual participants.

Plan Termination
Although they have not expressed any intent to do so, the Companies have the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared in conformity with accounting principles generally accepted in the United States of America.

Investments and Income Recognition
The Plan's investments are stated at fair value. The net appreciation in the fair value of investments consists of both realized and unrealized gains and losses on the Plan's investments. Purchases and sales are recorded on a trade date basis. Interest income is accrued when earned. Dividends are recorded on the ex-dividend date. During 2013, management fees and operating expenses charged to the mutual funds and collective investment trusts held in the Plan were deducted from income earned and were not separately reflected. Consequently, management fees and operating expenses were reflected as a reduction of investment return for such investments during 2013. Beginning in 2014, management fees and operating expenses are reported separately in administrative expenses and are not reflected as a reduction of investment returns.

Risks and Uncertainties
Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying financial statements.

Fair Value Measurements
FASB ASC 820 establishes a hierarchy for information and valuations used in measuring fair value that is broken down into three levels based on reliability. Level 1 valuations are based on quoted prices in active markets for identical assets or liabilities. Level 2 valuations are based on inputs, other than quoted prices included within Level 1 that are observable, either directly or indirectly. Level 3 valuations are based on information that is unobservable and significant to the overall fair value measurement. A description of where the Plan's assets fall within the ASC 820 hierarchy is provided in Note 3.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits
Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses
In 2014, administrative expenses included management fees, operating expenses, transaction fees, and loan servicing expenses and totaled $85,876. In 2013, administrative expenses included transaction fees and loan servicing expenses and totaled $1,310. In 2013, management fees and operating expenses were included in net appreciation (depreciation) in fair value of investments on the accompanying statement of changes in net assets available for benefits. Certain other administrative expenses of the Plan are paid by the Companies.

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. INVESTMENTS (Continued)

Fair Value Measurements (Continued)
Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2014 and 2013.

Money market fund and mutual funds: valued at fair value based on quoted market prices.

Collective investment trusts: valued using the net asset value, based on value of the underlying investments held at year end, divided by the number of units outstanding. The unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are primarily based on observable inputs. These investments do not have any unfunded commitments. The Plan can redeem these investments daily. There are currently no redemption restrictions on these investments.

The methodology described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. PARTY-IN-INTEREST TRANSACTIONS

The Plan has investments in mutual funds managed by MNA LLC. Therefore, transactions involving these investments constitute party-in-interest transactions. A fiduciary for the Plan is also a board member of the Exeter Trust Company. There were no fees paid by the Plan to Exeter Trust Company or MNA LLC for investment services for the years ended December 31, 2014 and 2013, respectively. Transactions involving notes receivable from participants also qualify as party-in-interest transactions.

5. TAX STATUS

The Plan uses a prototype plan document developed by Charles Schwab Trust Company, a division of Charles Schwab Bank. Charles Schwab Trust Company received a determination letter from the Internal Revenue Service (IRS) dated May 23, 2008, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (the Code). The Plan itself has not received a determination letter from the IRS. However, the Plan's management and tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the accompanying financial statements.

6. RECONCILIATION TO FORM 5500

While net assets available for benefits and change in net assets available for benefits agree between the financial statements and Form 5500 in total as of and for the years ended December 31, 2014 and 2013, certain classifications differ between the financial statements and Form 5500.

7. SUBSEQUENT EVENTS

Effective January 1, 2015, Transamerica Corporation became the trustee and recordkeeper of the Plan.

Subsequent events have been evaluated through October 5, 2015, which is the date the financial statements were available to be issued.
