JEG'S GROUP EMPLOYEES'
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2014

Note 1 - DESCRIPTION OF PLAN:

The following description of Jeg's Group Employees' 401(k) Profit Sharing Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Jeg's Automotive Group of Corporations (the Company). Participants are eligible to make voluntary contributions if they have reached the age of 21 and if they have completed ninety days of continuous employment with the Company. However, employees must have completed one year of continuous employment to be eligible for the Company's year end discretionary contribution. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to contribute up to 15% of their compensation to the Plan on a pre-tax basis through payroll deductions. Each year, the Company is required to make a matching contribution to the plan equal to 25% of the participants' elective deferrals during the year. Additionally, a year-end discretionary contribution may be made by the Company. This discretionary contribution is allocated to participants based on an integrated allocation formula. Participants may allocate their contributions and the corresponding Company matching contributions to eighteen investment options. The participants are responsible for allocating their entire balance including the portion relating to the Company discretionary contribution.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts. Allocations are based on participant earnings, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after six years.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or in annual installments.

For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. However, participants with a vested employer discretionary contribution balance of \$3,500 or more are required to leave that portion of their vested interest in the plan for a period of five years after termination.

401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2014

Note 1 - DESCRIPTION OF PLAN (Continued):

Forfeitures

Forfeitures shall be allocated to participants in the same manner as the Company's discretionary contribution. The amount of unallocated forfeitures at December 31, 2014 and 2013 was \$80,196 and \$134,606, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2 - SUMMARY OF ACCOUNTING POLICIES:

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments

The Plan's investments are stated at fair value. The mutual funds are valued at quoted market prices as provided by the trustee of the Plan. Common/collective trust funds are stated at fair value based on audited information reported by the Fund using the fair market value of the underlying investments. Common/collective trust funds with underlying investments in investment contracts are valued at the fair market value of the underlying investments and then adjusted to the contract value.

As described in the Plan Accounting – Defined Contribution Pension Plans Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC), investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of net assets available for benefits of the Plan attributable to fully benefit-responsive contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in fully benefit-responsive investment contracts through its common/collective trusts. As required by the FASB ASC, the statement of net assets available for benefits presents the fair value of the investment contracts, as well as an adjustment of the fully benefit responsive investment contracts from fair value to contract value.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

JEG'S GROUP EMPLOYEES'
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2014

Note 3 - FEDERAL INCOME TAX STATUS:

The Plan administrator has received a favorable determination from the Internal Revenue Service. The Plan administrator believes the Plan is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and is exempt from Federal income taxes. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan has adopted the provisions of the FASB ASC relating to uncertain tax positions. The Plan does not believe that its financial statements include any uncertain tax positions. With few exceptions, the plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note 4 - INVESTMENTS:

Information Prepared and Certified by Trustee

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, no auditing procedures were performed on the following information included in the accompanying financial statements and supplemental schedules which was obtained from data that has been prepared and certified to as complete and accurate by the Plan's trustee, Bank of America, N.A.

Note 5 - RISKS AND UNCERTAINTIES:

The Plan invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for plan benefits.

Note 6 - RECONCILIATION TO FORM 5500:

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	2014	2013
Net assets available for benefits per the financial statements	\$ 27,853,034	\$ 26,978,411
Employer's contribution receivable	(500,000)	(502,745)
Employee's contribution receivable	-	(11,056)
Net Assets Available for Benefits per Form 5500	<u>\$ 27,353,034</u>	<u>\$ 26,464,610</u>

Differences between the financial statements and the Form 5500 are the result of the financial statements being prepared on the full accrual basis while the Form 5500 is prepared on the cash basis for employer discretionary contributions and employee deferral contributions.

Note 7 - PLAN EXPENSES:

Certain expenses of the plan are paid for by the plan sponsor, Jeg's Automotive, Inc.

Note 8 - ASSETS AND LIABILITIES – FAIR VALUE INFORMATION:

In accordance with the Fair Value Measurements and Disclosures Topic of the FASB ASC, all financial instruments that are being measured and reported on a fair value basis must be classified and disclosed in one of the following three categories:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means, and if the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Assets measured at fair value on a recurring basis were as follows:

Description	December 31, 2014			
	Total	Level 1	Level 2	Level 3
