The assets of the Plan are maintained, and transactions therein are executed, by Wells Fargo Bank, N.A., the Plan's trustee.

Participation

Any full time employee is eligible to participate in the Plan on the first day of the first payroll period following the completion of thirty days of employment. Part time employees must work one year and have 1,000 hours of service in order to participate. Participants are automatically enrolled with a 1% deferral percentage after they meet the eligibility requirements unless they submit an election to not participate or participate at a different deferral percentage.

Participant Accounts and Contributions

Each participant's account is credited with the participant's contribution, the Company's matching and/or profit sharing contributions, net investment income earned on the account balances and forfeitures of terminated participants' non-vested account balances, as applicable. Plan participants may contribute 1% to 70% of gross compensation up to the maximum amount allowed, which will not cause the Plan to violate any of its provisions or any limits imposed by the Internal Revenue Code (IRC). The Company's discretionary matching contribution for 2014 and 2013 was 50% of the participant's contribution up to 6% of compensation for all participants. Participants are also eligible for discretionary Company profit sharing contributions. Profit sharing contributions made in 2014 and 2013 were \$102,375 and \$106,882, respectively.

Rollover Contributions

Distributions from another qualified plan may be transferred into the Plan.

Investment Options

Participants may direct the manner in which their contributions are to be allocated among the investment options available under the Plan. The Company contributions are allocated based upon the participant investment elections.

Plan Expenses

The Plan pays trustee and investment management fees to Wells Fargo Bank, N.A., the trustee of the plan, and therefore these transactions qualify as party-in-interest. Fees paid by the Plan for the trustee and investment fees amounted to approximately \$102,000 and \$112,000 for the years ended December 31, 2014 and 2013, respectively.

Party-in-Interest Transactions

The Plan also participates in a revenue sharing arrangement whereby the Plan receives funds to pay certain administrative expenses. These funds totaled approximately \$80,000 and \$98,000 for the years ended December 31, 2014 and 2013, respectively. These amounts are included in net investment gain on the statements of changes in net assets available for benefits.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are 100% vested in Company contributions and any earnings thereon after three years of service.

Forfeitures

Forfeitures shall be used to restore any previously forfeited amounts of a re-employed participant and to correct any errors in allocations of contributions, forfeitures, or earnings. Any remaining forfeitures are used to reduce Company matching contributions. Forfeitures of approximately \$0 and \$2,400 were used during 2014 and 2013, respectively. Unallocated forfeitures were approximately \$6,500 and \$17,200 as of December 31, 2014 and 2013, respectively.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their account balance. Loan terms range from 1 to 5 years or may exceed 5 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the current prime rate plus 1% at the time of issuance. The interest rate on loans outstanding at December 31, 2014 was 4.25%.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Benefit Payments

Upon termination of service, death, or financial hardship, a participant's vested balance may be distributed in accordance with the provisions of the Plan. In addition, participants who have attained normal retirement age, as defined by the Plan, may elect to withdraw balances from their accounts while still employed.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to participant accounts shall become fully vested.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Financial Statements

The financial statements are prepared on the accrual basis of accounting.

Investments

Investments in securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the year, or in such cases where only bid and asked prices are available on the last business day of the year, the mean between these prices is used for valuation purposes. Purchases and sales of securities are reflected on the trade dates. Gains and losses on sales of securities are based on the actual cost of securities. Dividend income is recorded on the ex-dividend date. Interest from other investments is recorded as earned.

As described in Accounting Standard Codification (ASC) 962, *Defined Contribution Pension Plans*, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit responsive contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The Wells Fargo Stable Return Fund is a fully benefit-responsive investment contract in a common collective trust. As required by ASC 962, the statements of net assets available for benefits present the fair value of the investments in the collective trust as well as the adjustment of the investments in the collective trust from fair value to contract value relating to the investment contract. The statements of changes in net assets available for benefits are prepared on a contract value basis. Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events generally include significant changes in the operation, or investment strategies of the Plan or significant events impacting the Plan sponsor. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Plan Benefits and Expenses

Benefits and expenses are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (US GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. INVESTMENTS

All Plan investments are participant-directed. The following table presents investments that represent 5 percent or more of the Plan's net assets as of December 31, 2014 and/or 2013 (all amounts are stated at fair value with the exception of the Wells Fargo Stable Return Fund which is stated at contract value):

	2014	2013
American Funds AMCAP Fund A	\$ 1,191,616	\$ 1,071,369
American Funds Europacific Growth Fund A	2,296,108	2,588,231
Invesco Endeavor Fund	2,081,615	2,208,150
PIMCO Total Return Fund A	1,509,134	1,432,650
Wells Fargo Stable Return Fund	1,648,897	1,385,709
Mainstay Large Cap Growth Fund	2,395,772	2,355,961
MFS Value Fund	1,831,451	1,878,468
Putnam Capital Opportunities A Fund	-	1,224,872
JP Morgan Small Cap Core	1,216,734	-

The net investment gain (loss) on the statements of changes in net assets available for benefits reflects the gains and losses on investments bought and sold, as well as held during the year, and represents the net appreciation (depreciation) in the various mutual fund investments.

The trustee has certified to the completeness and accuracy of the amounts reported as investments, notes receivable from participants, net investment gain and interest and dividends on the Plan's financial statements and the accompanying supplemental Schedule of Assets (Held at End of Year). Certain Plan investments are units of funds managed by the trustee, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value as held by the Plan. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual Funds: Valued at the net asset value of shares held by the plan at year end.

Common Collective Trust: Valued at the net asset value, exclusive of the adjustment to contract value. The use of net asset value as fair value is deemed appropriate as the collective trust funds do not have finite lives, unfunded commitments relating to these types of investments or significant restrictions on redemptions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
December 31, 2014				
Mutual Funds	\$ 15,027,037	\$ -	\$ -	\$ 15,027,037
Common Collective Trust	-	1,961,081	-	1,961,081
Total assets at fair value	<u>\$ 15,027,037</u>	<u>\$ 1,961,081</u>	<u>\$ -</u>	<u>\$ 16,988,118</u>
December 31, 2013				
Mutual Funds	\$ 15,056,567	\$ -	\$ -	\$ 15,056,567
Common Collective Trust	-	1,478,456	-	1,478,456
Total assets at fair value	<u>\$ 15,056,567</u>	<u>\$ 1,478,456</u>	<u>\$ -</u>	<u>\$ 16,535,023</u>

5. INCOME TAX STATUS

The Plan obtained its latest determination letter on April 27, 2012, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter, however, the Plan sponsor believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

6. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The Plan's interest in a common collective trust relating to a fully benefit-responsive investment contract is shown at contract value on the accompanying financial statements and fair value on the Form 5500. In order for the Plan to satisfy the non-discrimination tests required under Section 401(k) of the IRC, certain participants were entitled to refunds of contributions made and earnings on those contributions totaling \$3,364 and \$2,046 at December 31, 2014 and 2013, respectively. These refunds have been recorded as a liability in the accompanying financial statements. In addition, certain loans have been deemed distributed in the Form 5500 but are reflected in the outstanding loans balance in the accompanying financial statements. Finally, the Form 5500 is prepared on the cash basis and the financial statements are prepared on the accrual basis.

Contribution receivables have been recorded on the financial statements, but not on the Form 5500. The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	2014	2013
Net assets available for benefits per the financial statements	\$ 17,169,300	\$ 16,659,731
Employer contribution receivable	(2,742)	-

Adjustment to contract value	<u>23,228</u>	<u>11,308</u>
Net assets available for benefits per the Form 5500	<u>\$ 17,193,150</u>	<u>\$ 16,673,085</u>

The following is a reconciliation of certain line items per the 2014 statement of changes in net assets available for benefits to the Form 5500:

	2014

Benefit payments per the financial statements	\$ 1,000,942
Change in refunds due of participant contributions	<u>(1,318)</u>
Benefit payments per the Form 5500	<u>\$ 999,624</u>

7. SUBSEQUENT EVENTS

Effective February 28, 2015, certain product lines of the Company were sold. Due to this sale, certain participants were terminated causing a partial plan termination. All unvested participant accounts became fully vested for all terminated employees.

Plan Management evaluated subsequent events through September 21, 2015, the date which the financial statements were available to be issued. There were no other material subsequent events that required recognition or additional disclosure in these financial statements.
