INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Ohio Valley Flooring, Inc. Retirement Savings Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Ohio Valley Flooring, Inc. Retirement Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Reliance Trust Company and TD Ameritrade Trust Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Reliance Trust Company held the Plan's investment assets and executed investment transactions from July 19, 2013 to December 31, 2014, and that TD Ameritrade Trust Company held the Plan's investment assets and executed investment transactions for the period January 1, 2013 to July 18, 2013. The plan administrator has obtained certifications from the trustees as of and for the years ended December 31, 2014 and 2013, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2014 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN:

The Ohio Valley Flooring, Inc. Retirement Savings Plan (the "Plan"), formerly the PFPC Enterprises Retirement Savings Plan, is a defined contribution plan which was formed effective January 1, 1989. The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan Agreement for more complete information.

General

The Plan covers substantially all employees of Ohio Valley Flooring, Inc. (the "Company" or "Employer"), other than nonresident aliens and those employees covered by a collective bargaining agreement. Participation commences on the earlier of January 1 or July 1 of the plan year after which the employee has reached twenty and one-half years of age. There is no service requirement.

Contributions

Participants may make contributions on a pre-tax basis each plan year subject to limitations determined by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Company will make a safe harbor match of a certain percentage of the participants' contributions. In 2014 and 2013, the Company matching percentage was 100% of the first 1% and 50% of the next 5% of participant contributions. The Company may also contribute an additional discretionary amount to the Plan as determined annually by the Company's Board of Directors. The Company did not make an additional discretionary contribution in 2014 and 2013.

The Plan includes a Qualified Automatic Contribution Arrangement (QACA). Under the arrangement, the Company will automatically withhold from compensation the percentage described below, which bases the automatic deferral percentage on the plan year of QACA participation.

<u>Automatic deferral percentage</u>	<u>Plan year of QACA participation</u>
3%	1 st plan year and 2 nd plan year
4%	3 rd plan year
5%	4 th plan year
6%	5 th and subsequent plan years

Participant accounts

Each participant's account is credited with the participant's elective contributions and the Company's related matching contributions and an allocation of (a) the Company's discretionary contribution, (b) Plan earnings, and (c) forfeitures. Investment earnings are allocated to eligible participants based on their relative account balance. Discretionary contributions are allocated to eligible participants based on their relative compensation for the plan year. All other allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants

The Plan permits participants to borrow from their vested account. The maximum amount that may be borrowed is the lesser of \$50,000 or 50% of the vested balance of the account. Participants are permitted to carry two loans against their account at any given time. The interest rate on the loan is determined by the plan administrator. Loans are payable within five years except for those used to acquire a principal residence. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

Participants are eligible for benefits at their retirement date. The normal retirement date is the first day of the month coinciding with or following the participant's 65th birthday. Early retirement may be elected after completing 10 years of service and reaching 55 years of age. Benefits are also payable upon death, permanent disability, or termination. There are various benefit payment options.

Advance distribution for hardship

Participants may withdraw from their fund accounts in any one plan year up to the lesser of 100% of the participant's elective and rollover accounts valued as of the last valuation date or the amount necessary to satisfy the immediate and heavy financial need of the participant.

Vesting

Accounts become fully vested upon termination of employment due to normal retirement, early retirement, death, or permanent disability. Vesting of the QACA safe harbor contribution at termination of employment for reasons other than above is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2 years or more	100%

Vesting of Employer's discretionary contributions at termination of employment for reasons other than above is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 3	0%
3 years or more	100%

Non-vested amounts are forfeited at termination and may be allocated to eligible participants based on relative balances or used to pay Plan expenses. Employee contributions are always 100% vested.

Forfeited accounts

At December 31, 2014 and 2013, the balance of forfeited nonvested accounts totaled \$15,869 and \$12,602, respectively. Administrative expenses of \$600 and \$5,482 were paid using forfeitures of nonvested accounts during December 31, 2014 and 2013, respectively. The Company plans to allocate the forfeiture balance to eligible participants based on relative balances or use the forfeiture balance to pay Plan expenses during 2015.

2. SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting

The accompanying financial statements have been presented on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits presents the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Valuation of investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. The change in the unrealized difference between cost and fair value of investments held is reflected in the statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

Payment of benefits

Benefits paid to participants are recorded when amounts are distributed.

Administrative expenses

Certain costs of administering the Plan are paid for by the Company, and are excluded from these statements. At times, administrative expenses are charged directly to participant accounts or paid by the Plan using forfeitures of nonvested accounts.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent events

The Company evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The Plan has evaluated subsequent events through July 15, 2015, the date the financial statements were available to be issued.

3. INVESTMENTS:

The Plan provides for participant directed investment programs for individual participants. Investments of participant contributions and related Company contributions can be made into various funds in accordance with each participant's election.

Investments whose fair value represents 5% or more of the Plan's net assets as of December 31, 2014 and 2013 are as follows:

	<u>2014</u>	<u>2013</u>
American Funds Growth Fund of America	\$ 4,657,648	4,658,376
American Funds Investment Co. of America Fund	3,381,481	3,619,956
American Funds EuroPacific Growth Fund	2,373,738	2,599,507
American Funds Balanced Fund	1,981,104	1,893,446
Metropolitan West Intermediate Bond Fund	1,580,159	1,325,738
SAGIC Diversified Bond – 61089 (at contract value)	1,471,114	1,715,518
American Funds Small Cap World Fund	1,158,285	1,142,737

During the years ended December 31, 2014 and 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) as follows:

	<u>2014</u>	<u>2013</u>
Mutual funds	\$ (65,691)	2,787,587
Common/collective trust fund	<u>-</u>	<u>21,720</u>
	<u>\$ (65,691)</u>	<u>2,809,307</u>

The Plan has a fully benefit-responsive investment contract with Massachusetts Mutual Life Insurance Company (MassMutual). MassMutual maintains the contributions in its separate account and provides a general investment account guarantee that provides a stated rate of return and protects participants from daily fluctuations in the market. The account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. MassMutual is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The investment contract is presented on the face of the statements of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported by MassMutual, represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Employer initiated events, such as layoffs, sale of a business unit, or company merger are considered market value events and are subject to the contract discontinuance provisions. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with the participants are probable of occurring. Therefore, participants may transact on a daily basis without restriction. Additionally, there are no unfunded purchase commitments.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

The average yield based on actual earnings was 2.60% and 1.52% for the years ended December 31, 2014 and 2013, respectively. The average interest rate credited to participants was 2.60% and 1.52% for the years ended December 31, 2014 and 2013, respectively.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Separate account guaranteed investment contract: Valued based on the fair value of the underlying assets in the separate account, including but not limited to corporate, U. S. government and agency, foreign issuers, and private placement bonds, and mortgage backed and other asset-backed securities. Management has determined that the value of the general account guarantee is immaterial.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2014 and 2013.

5. INCOME TAX STATUS:

On May 11, 2009, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualified under Internal Revenue Code (IRC) Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

6. INFORMATION CERTIFIED BY THE TRUSTEES:

All Plan investments held at December 31, 2014 and 2013 were certified by the trustees, Reliance Trust Company and TD Ameritrade Trust Company, as complete and accurate. All of the interest and dividends on the accompanying statement of changes in net assets available for benefits for the years ended December 31, 2014 and 2013, were certified as complete and accurate by the trustees, as was the net appreciation (depreciation) in fair value of investments.

7. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS:

Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments as they are paid through revenue sharing, rather than a direct payment.

9. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions.

Schedule C Soft Dollar Compensation Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information ("SAI").

For additional information on soft dollar compensation, refer to the section of the mutual fund's SAI that discusses brokerage allocation and other practices.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Ohio Valley Flooring, Inc. Retirement Savings Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Ohio Valley Flooring, Inc. Retirement Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Reliance Trust Company and TD Ameritrade Trust Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Reliance Trust Company held the Plan's investment assets and executed investment transactions from July 19, 2013 to December 31, 2014, and that TD Ameritrade Trust Company held the Plan's investment assets and executed investment transactions for the period January 1, 2013 to July 18, 2013. The plan administrator has obtained certifications from the trustees as of and for the years ended December 31, 2014 and 2013, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2014 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN:

The Ohio Valley Flooring, Inc. Retirement Savings Plan (the "Plan"), formerly the PFPC Enterprises Retirement Savings Plan, is a defined contribution plan which was formed effective January 1, 1989. The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan Agreement for more complete information.

General

The Plan covers substantially all employees of Ohio Valley Flooring, Inc. (the "Company" or "Employer"), other than nonresident aliens and those employees covered by a collective bargaining agreement. Participation commences on the earlier of January 1 or July 1 of the plan year after which the employee has reached twenty and one-half years of age. There is no service requirement.

Contributions

Participants may make contributions on a pre-tax basis each plan year subject to limitations determined by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Company will make a safe harbor match of a certain percentage of the participants' contributions. In 2014 and 2013, the Company matching percentage was 100% of the first 1% and 50% of the next 5% of participant contributions. The Company may also contribute an additional discretionary amount to the Plan as determined annually by the Company's Board of Directors. The Company did not make an additional discretionary contribution in 2014 and 2013.

The Plan includes a Qualified Automatic Contribution Arrangement (QACA). Under the arrangement, the Company will automatically withhold from compensation the percentage described below, which bases the automatic deferral percentage on the plan year of QACA participation.

<u>Automatic deferral percentage</u>	<u>Plan year of QACA participation</u>
3%	1 st plan year and 2 nd plan year
4%	3 rd plan year
5%	4 th plan year
6%	5 th and subsequent plan years

Participant accounts

Each participant's account is credited with the participant's elective contributions and the Company's related matching contributions and an allocation of (a) the Company's discretionary contribution, (b) Plan earnings, and (c) forfeitures. Investment earnings are allocated to eligible participants based on their relative account balance. Discretionary contributions are allocated to eligible participants based on their relative compensation for the plan year. All other allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants

The Plan permits participants to borrow from their vested account. The maximum amount that may be borrowed is the lesser of \$50,000 or 50% of the vested balance of the account. Participants are permitted to carry two loans against their account at any given time. The interest rate on the loan is determined by the plan administrator. Loans are payable within five years except for those used to acquire a principal residence. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

Participants are eligible for benefits at their retirement date. The normal retirement date is the first day of the month coinciding with or following the participant's 65th birthday. Early retirement may be elected after completing 10 years of service and reaching 55 years of age. Benefits are also payable upon death, permanent disability, or termination. There are various benefit payment options.

Advance distribution for hardship

Participants may withdraw from their fund accounts in any one plan year up to the lesser of 100% of the participant's elective and rollover accounts valued as of the last valuation date or the amount necessary to satisfy the immediate and heavy financial need of the participant.

Vesting

Accounts become fully vested upon termination of employment due to normal retirement, early retirement, death, or permanent disability. Vesting of the QACA safe harbor contribution at termination of employment for reasons other than above is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2 years or more	100%

Vesting of Employer's discretionary contributions at termination of employment for reasons other than above is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 3	0%
3 years or more	100%

Non-vested amounts are forfeited at termination and may be allocated to eligible participants based on relative balances or used to pay Plan expenses. Employee contributions are always 100% vested.

Forfeited accounts

At December 31, 2014 and 2013, the balance of forfeited nonvested accounts totaled \$15,869 and \$12,602, respectively. Administrative expenses of \$600 and \$5,482 were paid using forfeitures of nonvested accounts during December 31, 2014 and 2013, respectively. The Company plans to allocate the forfeiture balance to eligible participants based on relative balances or use the forfeiture balance to pay Plan expenses during 2015.

2. SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting

The accompanying financial statements have been presented on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits presents the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Valuation of investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. The change in the unrealized difference between cost and fair value of investments held is reflected in the statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

Payment of benefits

Benefits paid to participants are recorded when amounts are distributed.

Administrative expenses

Certain costs of administering the Plan are paid for by the Company, and are excluded from these statements. At times, administrative expenses are charged directly to participant accounts or paid by the Plan using forfeitures of nonvested accounts.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent events

The Company evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The Plan has evaluated subsequent events through July 15, 2015, the date the financial statements were available to be issued.

3. INVESTMENTS:

The Plan provides for participant directed investment programs for individual participants. Investments of participant contributions and related Company contributions can be made into various funds in accordance with each participant's election.

Investments whose fair value represents 5% or more of the Plan's net assets as of December 31, 2014 and 2013 are as follows:

	<u>2014</u>	<u>2013</u>
American Funds Growth Fund of America	\$ 4,657,648	4,658,376
American Funds Investment Co. of America Fund	3,381,481	3,619,956
American Funds EuroPacific Growth Fund	2,373,738	2,599,507
American Funds Balanced Fund	1,981,104	1,893,446
Metropolitan West Intermediate Bond Fund	1,580,159	1,325,738
SAGIC Diversified Bond – 61089 (at contract value)	1,471,114	1,715,518
American Funds Small Cap World Fund	1,158,285	1,142,737

During the years ended December 31, 2014 and 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) as follows:

	<u>2014</u>	<u>2013</u>
Mutual funds	\$ (65,691)	2,787,587
Common/collective trust fund	<u>-</u>	<u>21,720</u>
	\$ <u>(65,691)</u>	<u>2,809,307</u>

The Plan has a fully benefit-responsive investment contract with Massachusetts Mutual Life Insurance Company (MassMutual). MassMutual maintains the contributions in its separate account and provides a general investment account guarantee that provides a stated rate of return and protects participants from daily fluctuations in the market. The account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. MassMutual is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The investment contract is presented on the face of the statements of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported by MassMutual, represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Employer initiated events, such as layoffs, sale of a business unit, or company merger are considered market value events and are subject to the contract discontinuance provisions. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with the participants are probable of occurring. Therefore, participants may transact on a daily basis without restriction. Additionally, there are no unfunded purchase commitments.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

The average yield based on actual earnings was 2.60% and 1.52% for the years ended December 31, 2014 and 2013, respectively. The average interest rate credited to participants was 2.60% and 1.52% for the years ended December 31, 2014 and 2013, respectively.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Separate account guaranteed investment contract: Valued based on the fair value of the underlying assets in the separate account, including but not limited to corporate, U. S. government and agency, foreign issuers, and private placement bonds, and mortgage backed and other asset-backed securities. Management has determined that the value of the general account guarantee is immaterial.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2014 and 2013.

5. INCOME TAX STATUS:

On May 11, 2009, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualified under Internal Revenue Code (IRC) Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

6. INFORMATION CERTIFIED BY THE TRUSTEES:

All Plan investments held at December 31, 2014 and 2013 were certified by the trustees, Reliance Trust Company and TD Ameritrade Trust Company, as complete and accurate. All of the interest and dividends on the accompanying statement of changes in net assets available for benefits for the years ended December 31, 2014 and 2013, were certified as complete and accurate by the trustees, as was the net appreciation (depreciation) in fair value of investments.

7. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS:

Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments as they are paid through revenue sharing, rather than a direct payment.

9. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions.
