Part I Asset and Liability Statement

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Beckstoffer Vineyards Safe Harbor
401(k) Retirement Savings Plan

Report on the Financial Statements

We have audited the accompanying financial statements of Beckstoffer Vineyards Safe Harbor 401(k) Retirement Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Beckstoffer Vineyards Safe Harbor 401(k) Retirement Savings Plan as of December 31, 2014 and 2013, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held at end of year for the years ended December 31, 2014 and 2013 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

(1) DESCRIPTION OF PLAN:

The following description of the Beckstoffer Vineyards Safe Harbor 401K Retirement Savings Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. General

The Plan was formed January 1, 2001. The Plan is a defined contribution plan covering all full-time employees of the Company who have one year of service, 1000 hours and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Contributions are subject to certain Internal Revenue Code limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company contributes a percentage of the Participant's Elective Deferral. The employer matches participant elective deferrals up to 6% of the participant's compensation. Additional amounts may be contributed at the option of the Company's board of directors.

c. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative and investment expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. Vesting

Participants are immediately vested in their contribution, the Company's matching contribution and actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

(1) DESCRIPTION OF PLAN: (Continued)

e. The Auditor

The auditor of these financial statements was engaged to perform a full-scope audit and therefore these financial statements do not include additional illustrative disclosures that might be applicable for a DOL limited-scope audit relating to certified investment information.

f. Investment Contract

The plan holds fully benefit responsive investment contracts. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared using the contract value basis for fully benefit responsive investment contracts.

g. SEC Registrant

Neither the plan nor its plan sponsor is an SEC registrant or filer.

h. Investment Options

Upon enrollment in the Plan, participants could direct employee and employer match contributions into the investment funds maintained by American United Life Insurance Company. During the year ended December 31, 2014 the Plan changed its investment options to those maintained by Great-West Financial. Upon enrollment in the Plan, participants will now direct employee and employer match contributions into these investment funds.

Participants may change their investment options daily.

i. Payment of Benefits

When a participant retires or terminates employment, benefits will automatically be paid in installments or a lump sum amount equal to the vested value of their account balance. Benefits are recorded when paid.

j. Forfeited Accounts

At December 31, 2014, forfeited nonvested account totaled $1,915. This account will be used to pay future fees.

(2) SUMMARY OF ACCOUNTING POLICIES:

a. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting and using GAAP as promulgated by FASB.

b. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 8 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment gain (loss) includes the plan's gains and losses on investments bought and sold as well as held during the year.

The Plan’s deposit with the American United Life Insurance company at December 31, 2013 and for a portion of 2014 was valued at contract value which is considered an appropriate measurement of fair value.

c. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

d. Tax Status

The trust established under the Plan to hold the Plan’s assets is qualified pursuant to the appropriate section of the Internal Revenue Code, and, accordingly, the trust’s net investment income is exempt from income taxes. The Plan has obtained a favorable tax determination letter from the Internal Revenue Service and the Plan sponsor believes that the Plan continues to qualify and to operate as designed. The Plan's information returns (Form 5500) for the years ended December 31, 2012, 2013, and 2014 are subject to examination by federal taxing authorities generally for three years after they are filed.

(2) SUMMARY OF ACCOUNTING POLICIES: (Continued)

e. Date of Management's Review
Management has evaluated subsequent events through September 11, 2015, the date on which the financial statements were available to be issued.

(3) INVESTMENTS WITH INSURANCE COMPANIES:

American United Life Insurance Company
In 2008, the plan entered into a benefit-responsive investment contract with American United Life Insurance Company (AUL). During 2014 the assets were transferred to Great West Financial. AUL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the plan by AUL. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Besides the general account noted above the plan also has guaranteed investment contracts. Guaranteed investment contracts are fully benefit-responsive. Contract value is the relevant measurement attribute for net assets available for benefits. Contract value, as reported to the plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2013 was $7,623,541.

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator believes that any events that would limit the plan's ability to transact at contract value with participants are probable of not occurring.

Great-West Financial
During the year ended December 31, 2014 this investment contract was terminated and all plan assets were transferred to Great-West Financial. Participants could direct their accounts into mutual funds maintained by Great-West Financial and one fully benefit responsive investment contract.

(4) PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(5) PLAN ADMINISTRATION:

Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and thus are not separately disclosed in the accompanying financial statements. The employer pays the salaries and related benefits of the accountants who maintain the plan's records. The employer also contributes the office space where the business of the plan is conducted and where their records are kept. The employer also pays the administrative fees for the annual audit of the plan.

(6) INVESTMENTS:

The following presents investments that represent 5 percent or more of the Plan’s net assets:

(7) RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(8) FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for indentical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

(8) FAIR VALUE MEASUREMENTS:(Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014.

Mutual Funds: Share Prices/Net Asset Values (NVAs) reported on the Plan Summary Reports for NAV mutual funds are generally obtained from a file feed from the National Securities Clearing Corporation, and/or directly from the fund house, or a secondary pricing source, such as Interactive Data Corporation (IDC).

Key Guaranteed Portfolio Fund: The Key Guarenteed Portfolio Fund is a part of the general accounts of Great-West Life & Annuity Insurance Company. The effective annual interest rate will never be less than 0%. Interest earned on the Key Guaranteed Portofolio Fund value is compounded daily to the effective annual interest rate. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly. The interest rate to be credited to the contract holder will be determined by Great-West Life & Annuity Insurance Company prior to the last day of the previous calendar quarter.

The average yield earned by the Key Guaranteed Portfolio Fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The average for 2014 is 1.25%.

The actual average yield earned by the Key Guaranteed Portfolio Fund can be derived by averaging the plan’s quarterly interest rates. That average for 2014 is 1.20%.

The following events that would limit the fund’s ability to execute transactions include; Premature termination of the contract by the plan, significant layoffs, plan termination, bankruptcy, mergers and early retirement incentives. Non of these events are probable.

Either party to the Group Annuity Contract may terminate the contract with at least 60 days advance written notice to the other party. The contract termination date shall be any business day on or after the expiration of the 60 day notification period.

(8) FAIR VALUE MEASUREMENTS:(Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Following is a description of the valuation methodologies used for assets measured at contract value. There was no changes in the methodologies used at December 31, 2013.

The Contract offers a fixed interest investment option (the Fixed Option) through AUL's general account and a number of variable investment options through an AUL separate account. Thus, participants and/or trustee(s) can select the option(s) that reflect their individual investment style and risk tolerance. Under the Contract, it is possible to make transfers between the various options and to redirect the investment of future contributions as specified by the governing Plan document and Contract provisions.

Variable Investment Options: Amounts allocated to a variable investment account within an AUL separate account are credited to a participant's account in the form of accumulation units. The value of an accumulation unit of any investment account is determined at the close of each business day and is directly related to the net asset value of the shares of the underlying investment adjusted for any dividends or distributions received by AUL and the daily equivalent of any fee charged by AUL pursuant to the contract. The value of each accumulation unit is published each business day. Each investment account is invested by AUL exclusively in shares of a specific mutual fund or other investment entities as directed by the participant.

The preceding method described may produce a contract value calculation that may not be indicative of net realizable value or reflective of future contract values. Furthermore, although the plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the contract value of certain financial instruments could result in a different contract value measurement at the reporting date.

Funds allocated to the Fixed Option are placed in the AUL general account where they are invested in accordance with AUL's general account investment policy. The objective of that investment policy is to maximize long-term, risk-adjusted returns. AUL's general account assets are predominately fixed-income investments (bonds, mortgages, and private placements). The average maturity for these assets is nearly 10 years, and the average duration is between 5 and 6 years. The quality of these investments is high.

(8) FAIR VALUE MEASUREMENTS:(Continued)

All financial information related to the Contract's Fixed Option is reported to a Plan participant at contract value (principle invested plus interest earned). The Contract's Fixed Option has no liquid market value because it is not tradeable or assignable, and there are no defined maturities of the cash flows. The reported values for the Fixed Option are reported daily based on the valuation formula disclosed in the Contract, as calculated by AUL.

Liquidation of the entire Contract may cause a one-time adjustment to the aggregate contract value of the Fixed Option, resulting in a fair value different from the contract value. This total liquidation is a contingent event, which cannot be initiated by the Plan participants, and can only be initiated by the Plan Trustees upon termination of the Plan or complete termination of the Contract.

The following tables set forth by level, within the fair value hierarchy, the plan's assets at fair value (contract value) as of December 31, 2014 and 2013.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
