Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

## Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with U.S. generally accepted auditing standards established by the AICPA Auditing Standards Board. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

## Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2014 and 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

**Disclaimer of Opinion**

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

**Other Matter**

The supplemental schedule of assets held for investment purposes at end of year is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

**Report on Form and Content in Compliance With DOL Rules and Regulations**

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with U.S. generally accepted auditing standards established by the AICPA Auditing Standards Board and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of plan:

The following description of the Tuttle-Click Automotive Group Retirement Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan was established December 29, 1950, and has been amended several times since that date.

General:

The Sponsor of the Plan is TCAG, Inc. (Sponsor or TCAG).

The Plan is a defined contribution retirement plan with 401(k) provisions consisting of a salary reduction arrangement. The Plan covers substantially all employees of TCAG who have completed three months of service. Effective March 3, 2014 the Plan was amended to reduce the service requirement to two months. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant contributions:

Participants may elect to defer up to 60% of their pretax annual compensation, subject to current statutory limits determined annually and prescribed by the Internal Revenue Service. Upon satisfying eligibility requirements, participants who do not affirmatively elect otherwise are automatically enrolled in the Plan with a pre-tax deferral rate of 2%. Participants may also elect to make after-tax and catch-up contributions to the Plan. The Plan permits eligible participants to make additional voluntary contributions of qualified rollovers from other retirement plans.

On June 20, 2014, the Plan was amended to allow the Sponsor to automatically enroll existing employees who met the eligibility requirements but either did not have a deferral election in place or who had a previous deferral election in place but had a current deferral rate of zero. Participants were notified of the amendment and given 30 days to affirmatively elect otherwise. In addition, the Plan was amended effective September 12, 2014 to provide for an annual 1% increase in deferral rates for participants below 3%, up to a maximum of 3% of compensation, regardless of whether the existing deferral is by election or as the result of automatic enrollment. Participants will be given a notice period to affirmatively elect otherwise. The first increase will occur in the Spring of 2015.

Employer contributions:

The employer may make discretionary matching or other contributions to the plan. Employer contributions are invested in the same funds and increments as directed by the participant for the participant's contributions. Contributions are subject to statutory limitations. For plan years 2014 and 2013, a discretionary match of 100% of employee deferrals up to a maximum of $500 was contributed to the plan for eligible participants.

1. Description of plan (continued):

Participants' accounts:

Each participant's account is credited with the participant's elective deferral and rollover contributions, allocations of the employer's contributions, actual earnings thereon, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their elective deferral pretax, after-tax and catch-up contributions and any rollover contributions made to the Plan, plus actual earnings thereon. Vesting in the employer's contribution portion of the participant's accounts plus actual earnings thereon is based on years of credited service. Participants vest 20% per year, beginning with their first year of credited service and fully vest upon the completion of their fifth year of credited service or upon attaining their normal retirement date. The Plan defines a year of credited service to be a twelve consecutive month period commencing with the participant's hire date with at least 1,000 hours of service. Upon death or total disability of any participant prior to retirement, the participant's account balance shall become fully vested.

Participants' loans:

The Plan allows for participants to obtain loans from the Plan. All loans require written spousal consent, cannot exceed 50% of the vested portion of the participant's account (or $50,000 if less), and must be a minimum of $1,000. All loans must be repaid within five years unless the proceeds are used for purchase of a principal residence, in which case the loan may be repaid over a ten-year period. Loans will provide for the repayment of interest at a rate comparable to rates available at commercial lending institutions. Principal and interest may be paid through payroll deduction. The participant's individual account serves as collateral for the loan. Loans will be considered in default if payments are not made for 90 days or if there is any outstanding principal remaining after the last scheduled repayment date. Upon default, death, disability or termination of employment, the entire outstanding principal and accrued interest shall be immediately due and payable. Because the participant's account collateralized the loan in its entirety, the credit quality of the participant is not assessed by the Plan Administrator. Unpaid loans will be treated as a taxable distribution from the Plan.

For financial reporting purposes, participants' loans are included in the statement of net assets available for benefits as notes receivable from participants

1. Description of plan (continued):

Hardship withdrawals:

If approved by the Plan Administrator, a participant may withdraw up to the vested portion of his/her individual account balance to satisfy any of the following immediate and heavy financial needs: unreimbursed medical expenses for qualified persons, purchase of a principal residence, to prevent eviction from or foreclosure on a principal residence, to pay for post-secondary education expenses for qualified persons, funeral expenses or for expenses that qualify as a casualty deduction under the Internal Revenue Code (IRC). Prior to receiving a hardship withdrawal, a participant must first exhaust all other options, including a loan from the Plan. The participant will be unable to contribute to the Plan for six months following receipt of a hardship withdrawal.

Investment options:

Upon enrollment in the Plan, a participant may direct contributions in any whole percentage increments into any of several different investment options. All of the assets are issued by and are in the custody of Fidelity Management Trust Company. Participants may change their investment options at any time.

Payment of benefits:

On termination of service due to death, disability, retirement or other reason, a participant whose vested account balance exceeds $5,000 may elect to receive a lump-sum amount payment equal to the value of their account balance. Participants with account balances less than $5,000 must take a lump sum distribution as soon as practicable following termination. The Plan requires mandatory distributions under the Plan in excess of $1,000 be automatically rolled over to an IRA established on behalf of participants who do not affirmatively consent to receive their distribution.

Forfeitures:

Forfeited balances of terminated participants' nonvested accounts are first used to reduce future employer contributions, then to pay administrative expenses. At December 31, 2014 and 2013 nonvested accounts to be allocated in future periods totaled $121,350 and $65,600. No forfeitures were used to reduce employer contributions during 2014 or 2013; however, $21,887 and $24,990 in forfeitures were used to pay plan administrative expenses.

2. Summary of significant accounting policies:

Basis of accounting:

The Plan's financial statements are prepared using the accrual method of accounting.

Estimates:

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of significant accounting policies (continued):

Investment valuation and income recognition:

The Plan's investments are stated at fair value. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation in the fair value of investments includes both realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Payments of benefits:

Benefits paid to participants are recorded when paid.

Subsequent events:

The Plan has evaluated the events that have occurred subsequent to December 31, 2014 through October 1, 2015, the date that the financial statements were available to be issued. The Plan has no responsibility to update these financial statements for events and circumstances occurring after this date.

3. Federal income tax status:

The Sponsor has adopted a volume submitter plan as published by Fidelity Management & Research Company, who obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Sponsor believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of December 31, 2014 and 2013.

3. Federal income tax status (continued):

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

4. Fair value measurements:

Fair value is defined as the price to sell an asset or transfer a liability between market participants as of the measurement date. Fair value measurements assume the asset or liability is exchanged in an orderly manner; the exchange is in the principal market for that asset or liability (or in the most advantageous market when no principal market exists); and that the market participants are independent, knowledgeable, able and willing to transact an exchange. The fair value for qualifying alternative investments is determined based on the investment's net asset value as a practical expedient. Considerable judgment is required in interpreting market data used to develop the estimates of fair value. Accordingly, the estimates presented in the financial statements are not necessarily indicative of the amounts that could be realized in a current market exchange. The use of different market assumptions and estimation methodologies may have a material effect on the estimated fair value.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets or active markets that the Plan does not have access to;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

4. Fair value measurements (continued):

At December 31, 2014, the fair value of assets measured on a recurring basis is as follows:

| | Fair value | Level 1 | Level 2 | Level 3 |
|---|---|---|---|---|
| Registered investment companies: | | | | |
| Balanced funds | $ 1,934,590 | $ 1,934,590 | $ - | $ - |
| Bond funds | 2,613,860 | 2,613,860 | - | - |
| International funds | 632,271 | 632,271 | - | - |
| Lifecycle funds | 14,587,377 | 14,587,377 | - | - |
| Money market fund | 5,314,277 | 5,314,277 | - | - |

| | $49,087,344 | $49,087,344 | $ - | $ - |

At December 31, 2013, the fair value of assets measured on a recurring basis is as follows:

| | Fair value | Level 1 | Level 2 | Level 3 |
|---|---|---|---|---|
| Registered investment companies: | | | | |
| Balanced funds | $ 1,866,077 | $ 1,866,077 | $ - | $ - |
| Bond funds | 2,568,021 | 2,568,021 | - | - |
| International funds | 2,287,363 | 2,287,363 | - | - |

| Money market fund | 4,711,060 | 4,711,060 | - | - |
| Specialty funds | 33,200 | 33,200 | - | - |

| Stock funds - Mid cap | 9,201,506 | 9,201,506 | - | - |
| Stock funds - Small cap | 440,671 | 440,671 | - | - |
| | $46,272,510 | $46,272,510 | $ - | $ - |

The following is a description of the valuation methodologies used for assets measured at fair value:

Registered investment companies: Valued at the closing price reported in the active market in which the individual securities are traded.

4. Fair value measurements (continued):

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Investments:

The Plan Administrator obtained a certification of the following investment information from the trustee, Fidelity Management Trust Company, as of December 31, 2014 and 2013 and for the years then ended. The information was certified as complete and accurate by the trustee and the Plan Administrator instructed the independent public accountants not to perform any auditing procedures with respect to this information:

- Total investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits of $50,690,545 and $47,891,252 as of December 31, 2014 and 2013.

- Net investment income and interest income on notes receivable from participants as shown in the accompanying statements of changes in net assets available for benefits of $3,047,046 and $7,683,259 for the years ended December 31, 2014 and 2013.

The fair value of individual investments that represent 5% or more of the Plan's net assets at December 31, 2014 and 2013 is as follows:

| | 2014 | 2013 |
|---|---|---|
| Fidelity Freedom 2010 | $ 2,971,940 | $ 2,922,989 |
| Fidelity Freedom 2020 | 3,352,229 | - |
| Fidelity Growth Company Fund | 6,417,806 | 5,685,772 |
| Fidelity Low-Priced Stock Fund | 3,680,896 | 3,977,439 |
| Fidelity Retirement Money Market Portfolio | 5,314,277 | 4,711,060 |
| Morgan Stanley Institutional Mid Cap Growth Fund | 2,845,935 | 3,203,271 |
| TRP Dividend Growth Fund Advisor Class | 4,213,122 | 3,677,242 |

6. Related party transactions:

Certain accounting functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan.

7. Plan termination:

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

8. Reconciliation of financial statements to Form 5500:

The following is a reconciliation of investments per Form 5500 to the financial statements at December 31, 2014 and 2013:

| | 2014 | 2013 |
|---|---|---|
| Interest in registered investment companies per Form 5500 | $43,773,067 | $41,561,450 |
| Interest bearing cash per Form 5500 | 5,314,277 | 4,711,060 |
| Registered investment companies per the financial statements | $49,087,344 | $46,272,510 |

9. Risks and uncertainties:

The Plan invests in various investment securities that are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
