PROSPECT MOLD AND DIE COMPANY THRIFT INCENTIVE PLAN
NOTES TO FINANCIAL STATEMENTS
Year Ended December 31, 2014

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Prospect Mold & Die Company Thrift Incentive Plan ("The Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all full-time employees of Prospect Mold, Inc. ("The Company"), who have two months of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Effective January 1, 2014, the Plan has an automatic deferral feature that requires participants to be enrolled and contribute 4% of their compensation once they meet the eligibility requirements. The employee can complete a salary reduction agreement to change their contribution or elect not to defer under the Plan. The Plan's participants are allowed to contribute a percentage of pretax annual compensation, not to exceed the limits of Internal Revenue Code Sections 401(k), 402, 404, and 415. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a collective investment trust as investment options.

The Company contributes 25% of the first 4% of compensation that a participant contributes to the Plan, determined based on each payroll period. Additional amounts may be contributed at the option of the Company's board of directors. Contributions are subject to certain limitations. All contributions to the Plan are made in the form of cash contributions.

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 20% vested in the Plan after one year of service. For each year of service thereafter, the vesting percentage increases by 20% until the participant is 100% vested after completing five years of credited service.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balances in the participants' accounts and bear interest at a fixed rate determined by the Prime Rate plus 1.0% as of the first business day of the month before the loan is originated (effective rate at December 31, 2014 was 4.25%). Principal and interest are paid through payroll deductions. During the year ended December 31, 2014, interest income of \$5,204 was received on participant loans.

Payment of Benefits: Upon termination of service due to death, disability, or retirement, a participant can receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Upon termination of service, other than due to death, disability, or retirement, a participant with an account balance under \$5,000 will automatically receive a payout equal to the value of the participant's vested interest. However, if the terminated employee's account balance is more than \$1,000 and the Plan does not receive a distribution election form from the terminated employee, the Plan will distribute the proceeds into an Individual Retirement Account (IRA) in the name of the employee.

Year Ended December 31, 2014

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Forfeited Accounts: At December 31, 2014 and 2013, forfeited non-vested accounts totaled \$6 and \$0, respectively. This account is invested in the Putnam Stable Value Fund. The forfeiture account will be used to pay administrative expenses or reduce future employer contributions. In 2014, employer matching contributions of \$2,974 were paid using funds from forfeited non-vested accounts. In 2013, employer matching contributions of \$2,489 were paid using funds from forfeited non-vested accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review: Subsequent events were evaluated through September 24, 2015, which is the date financial statements were available to be issued.

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition: The Plan investments are reported at fair value, except for its collective investment trust, which is valued at contract value (Note 6). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Operating Expenses: All expenses of maintaining the Plan, including the accounting fee for year-end bookkeeping and Form 5500 preparation are paid by the Company.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs are significant observables other than quoted prices in active markets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 Fair Value Measurements: The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 3 Fair Value Measurements: The collective investment trust maintained by a trust company is not actively traded and significant other observable inputs are not available. The fair value of the collective investment trust has been determined to be the contract value at December 31, 2014 and 2013.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2014:

NOTE 4 - INFORMATION PREPARED AND CERTIFIED BY CUSTODIANS

Putnam Fiduciary Trust Company, the custodian of the Plan, provided the information on the Plan's investments and related investment activity as of and for the year ended December 31, 2014 that is included in the accompanying financial statements and supplemental schedules. This information was certified to as complete and accurate by Putnam Fiduciary Trust Company.

This information includes the following:

Investments, at fair value:	
Registered investment companies (mutual funds)	\$ 8,322,545
Collective investment trust	\$ 1,430,786
Investment income:	
Interest from collective investment trust	\$ 20,902
Dividends from mutual funds	\$ 344,163
Net appreciation in fair value of mutual funds	\$ 127,609

Additional information shown in the supplemental schedules

NOTE 5 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan's assets include investments in mutual funds and in a collective investment trust, which are subject to potential volatility in the underlying investment markets. This volatility has the potential to have a severe impact on the values of such investments, and it is at least reasonably possible that this could occur in the near term.

NOTE 6 – COLLECTIVE INVESTMENT TRUST WITH A TRUST COMPANY

The Plan is invested in the Putnam Stable Value Fund, a collective investment trust that has been established and is maintained by Putnam Fiduciary Trust Company as the trustee of the fund. The fund invests in guaranteed

NOTE 6 – COLLECTIVE INVESTMENT TRUST WITH A TRUST COMPANY (CONTINUED)

investment contracts (GICs) issued by insurance companies, banks, and other financial institutions, security-backed investment contracts (SBICs), and money market instruments.

The trust company only purchases contracts that are benefit-responsive and at contract value for participant directed transactions. The Plan's collective investment trust value represents contributions made under the fund, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at fund value.

There are no reserves against fund value for credit risk of the trust company or otherwise. The fund value at December 31, 2014 and 2013 was \$1,430,786 and \$1,409,159, respectively.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 8 – TAX STATUS

The Internal Revenue Service has ruled that the prototype plan, sponsored by the Putnam Fiduciary Trust Company Defined Contribution Prototype Plan and Trust, and used as the basis for this Plan, is in compliance with applicable sections of the Internal Revenue Code. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan administrator believes the Plan is no longer subject to income tax examinations for the years prior to December 31, 2010.
