Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Tibbett & Britten Group NA LLC 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2014 and 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

1. DESCRIPTION OF PLAN:

The following description of the Tibbett & Britten Group NA LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, which began June 1, 1996 and was restated on November 10, 2009, is a defined contribution plan covering all eligible employees of Tibbett & Britten Group NA LLC and its subsidiaries (collectively, the Employer) who meet the service and age requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Tibbett & Britten Group NA LLC, Genesis Logistics Inc., Heartland Logistics Inc., Llano Logistics Inc. (through May 31, 2013, see below) and South Bay Terminals – SBT are participating companies in the Plan.

On May 31, 2013, Llano Logistics Inc. (Llano) was sold. Participants employed by Llano at the date of the sale were terminated and had the option to take a distribution of their account balances. Associated with this event, participant account balances and participant notes receivable approximating \$2.4 million were distributed out of the Plan in 2013.

Eligibility

All employees of the Employer age twenty-one and older and who have completed three months of credited service are eligible to participate in the Plan. Employees whose employment is governed by a collective bargaining agreement and who are non-resident aliens or leased employees are not eligible to participate in the Plan. Employees may enter the Plan on the first day of each calendar quarter after meeting Plan eligibility requirements.

Contributions

Participant Contributions – Participants may elect to have from 1% to 20% of eligible compensation, as defined, deferred and contributed to the Plan. Participants direct contributions in 1% increments to any of the Plan's investment options. The participants' elective deferrals are not taxed as compensation in the year of deferral. Participants may also make rollover contributions from other qualified defined benefit or contribution plans. Participants who reach age 50 may elect to make catch-up contributions.

Employer Matching Contributions – The Employer elected to apply the safe harbor provisions of the Internal Revenue Code (IRC) for 2014 and 2013 and made Employer safe harbor matching contributions equal to 100% of the first 3% of compensation deferred by the participant, plus an amount equal to 50% of the next 2% of compensation deferred by the participant.

Employer Discretionary Contributions – The Employer may make a discretionary contribution annually. No Employer discretionary contributions were made during 2014 or 2013.

Contributions are subject to limitations on annual additions and other limitations imposed by the IRC as defined in the Plan agreement.

Participant accounts

Each participant's account is credited with the participant's contributions, Employer matching and discretionary contributions, and earnings and losses thereon. The Plan's investments are participant-directed.

Vesting

All participants are 100% vested in elective deferrals, rollover contributions and Employer safe harbor matching contributions made to the Plan. Participants are 50% vested after 2 years of service and are fully vested after 3 years of service in any Employer non safe harbor matching and discretionary contributions.

Administrative fees

Certain expenses incurred in the administration of the Plan are paid by the Employer and are excluded from these financial statements. Investment related fees are included in net appreciation in fair value of investments. Fees related to participant directed transactions are charged directly to the participant's account and are included in administrative expenses.

Participant notes receivable

Participant notes receivable are permitted under certain circumstances and are subject to limitations. Participants may borrow from their funds up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes are repaid over a period not to exceed 5 years with exceptions for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest rates as determined reasonable by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

On termination of service due to death, disability or retirement, a participant or his or her beneficiary will receive a lump-sum distribution equal to the value of his or her account, partial payments, or installment payments over a certain period. Normal retirement age is age 65; however, the Plan also provides for early payment of benefit after reaching age 59 ½. The nonvested portion of the account is treated as a forfeiture. Hardship withdrawals are permitted in accordance with the Internal Revenue Service (IRS) guidelines.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following accounting principles and practices of the Plan are set forth to facilitate the understanding of data presented in the financial statements:

Basis of accounting

The Plan's transactions are reported on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan holds an investment contract through a common collective trust. Contract value for the common collective trust is based on the net asset value of the fund as reported by the trustees and audited financial statements of the trust. As required, the statements of net assets available for benefits present the fair value of the investment in the common collective trust as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for discussion of fair value measurements. Purchases and sales of securities are recorded on the trade date basis. Interest and dividend income is recorded on the accrual basis.

Participant notes receivable

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Upon default (as defined), the Plan administrator treats the default as a distribution and offsets the outstanding balance of the note against the participants' vested account balance.

Contributions

Employee deferrals are recognized when withheld from a participant's pay and Employer matching contributions are recognized at the same time. Employer discretionary contributions are recognized when the Employer makes a commitment for such contributions.

Payment of benefits

Benefits are recorded when paid.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent events

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The Plan has evaluated subsequent events through September 16, 2015, the date that the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE:

The following information included in the accompanying financial statements and supplemental schedule as of and for the years ended December 31, 2014 and 2013 was obtained from data that has been prepared and certified to as complete and accurate by Fidelity Management Trust Company (Fidelity), the trustee as defined by the Plan.

Investments
Net appreciation in fair value of investments
Interest and dividend income
Assets held at the end of year

4. FORFEITED ACCOUNTS:

Forfeited nonvested accounts totaled \$58 and \$47 as of December 31, 2014 and 2013, respectively. Forfeited nonvested accounts shall be used to first restore the balances of participants who are re-employed and had forfeited balances, and any remaining forfeiture balances would be used to reduce future Employer contributions. During 2014 and 2013, Employer contributions were reduced by forfeited nonvested accounts by \$129 and \$894, respectively.

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments are shares of mutual funds and a common collective trust managed by Fidelity, the trustee, and, therefore, these transactions qualify as party-in-interest transactions.

6. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. TAX STATUS:

On February 25, 2011, the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

8. INVESTMENTS:

The following investments at fair value represent 5% or more of net assets available for benefits at December 31, 2014 and 2013:

	<u>2014</u>	<u>2013</u>
Fidelity Growth Company Fund	\$ 424,541	426,175
Fidelity Managed Income Portfolio II Fund	310,742	329,944
Fidelity Freedom 2025 Fund	282,235	243,911
Fidelity Freedom 2030 Fund	293,219	250,259
Fidelity Investment Grade Bond Fund	206,257	185,842
MFS Value R5 Fund	278,298	*
Allianz NFJ Dividend Value Fund	*	268,911

* Amount did not exceed 5% of net assets available for benefits.

During the years ended December 31, 2014 and 2013, the Plan's mutual funds (including gains and losses of investments bought, sold, and held during the year) appreciated in value by \$51,664 and \$527,964, respectively.

9. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in the active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurements level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methods used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2014 and 2013.

- Mutual funds: The fair value of these securities is based on the net asset value (NAV) of shares held by the plan at year end which is based on observable market quotations for identical assets and are priced on a daily basis at the close of business.
- Common collective trust: The fair value of the common collective trust is determined by the fund trustee based on the fair value of the underlying securities within the fund, which represent the net asset value of the units held by the Plan at year end. The investment objective of the common collective trust is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital by investing typically in fixed income securities or bond funds. There are no unfunded commitments and units are redeemable at net asset value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuations methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

Assets at Fair Value as of December 31, 2014

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Tibbett & Britten Group NA LLC 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2014 and 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2014 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN:

The following description of the Tibbett & Britten Group NA LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, which began June 1, 1996 and was restated on November 10, 2009, is a defined contribution plan covering all eligible employees of Tibbett & Britten Group NA LLC and its subsidiaries (collectively, the Employer) who meet the service and age requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Tibbett & Britten Group NA LLC, Genesis Logistics Inc., Heartland Logistics Inc., Llano Logistics Inc. (through May 31, 2013, see below) and South Bay Terminals – SBT are participating companies in the Plan.

On May 31, 2013, Llano Logistics Inc. (Llano) was sold. Participants employed by Llano at the date of the sale were terminated and had the option to take a distribution of their account balances. Associated with this event, participant account balances and participant notes receivable approximating \$2.4 million were distributed out of the Plan in 2013.

Eligibility

All employees of the Employer age twenty-one and older and who have completed three months of credited service are eligible to participate in the Plan. Employees whose employment is governed by a collective bargaining agreement and who are non-resident aliens or leased employees are not eligible to participate in the Plan. Employees may enter the Plan on the first day of each calendar quarter after meeting Plan eligibility requirements.

Contributions

Participant Contributions – Participants may elect to have from 1% to 20% of eligible compensation, as defined, deferred and contributed to the Plan. Participants direct contributions in 1% increments to any of the Plan's investment options. The participants' elective deferrals are not taxed as compensation in the year of deferral. Participants may also make rollover contributions from other qualified defined benefit or contribution plans. Participants who reach age 50 may elect to make catch-up contributions.

Employer Matching Contributions – The Employer elected to apply the safe harbor provisions of the Internal Revenue Code (IRC) for 2014 and 2013 and made Employer safe harbor matching contributions equal to 100% of the first 3% of compensation deferred by the participant, plus an amount equal to 50% of the next 2% of compensation deferred by the participant.

Employer Discretionary Contributions – The Employer may make a discretionary contribution annually. No Employer discretionary contributions were made during 2014 or 2013.

Contributions are subject to limitations on annual additions and other limitations imposed by the IRC as defined in the Plan agreement.

Participant accounts

Each participant's account is credited with the participant's contributions, Employer matching and discretionary contributions, and earnings and losses thereon. The Plan's investments are participant-directed.

Vesting

All participants are 100% vested in elective deferrals, rollover contributions and Employer safe harbor matching contributions made to the Plan. Participants are 50% vested after 2 years of service and are fully vested after 3 years of service in any Employer non safe harbor matching and discretionary contributions.

Administrative fees

Certain expenses incurred in the administration of the Plan are paid by the Employer and are excluded from these financial statements. Investment related fees are included in net appreciation in fair value of investments. Fees related to participant directed transactions are charged directly to the participant's account and are included in administrative expenses.

Participant notes receivable

Participant notes receivable are permitted under certain circumstances and are subject to limitations. Participants may borrow from their funds up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes are repaid over a period not to exceed 5 years with exceptions for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest rates as determined reasonable by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

On termination of service due to death, disability or retirement, a participant or his or her beneficiary will receive a lump-sum distribution equal to the value of his or her account, partial payments, or installment payments over a certain period. Normal retirement age is age 65; however, the Plan also provides for early payment of benefit after reaching age 59 ½. The nonvested portion of the account is treated as a forfeiture. Hardship withdrawals are permitted in accordance with the Internal Revenue Service (IRS) guidelines.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following accounting principles and practices of the Plan are set forth to facilitate the understanding of data presented in the financial statements:

Basis of accounting

The Plan's transactions are reported on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan holds an investment contract through a common collective trust. Contract value for the common collective trust is based on the net asset value of the fund as reported by the trustees and audited financial statements of the trust. As required, the statements of net assets available for benefits present the fair value of the investment in the common collective trust as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for discussion of fair value measurements. Purchases and sales of securities are recorded on the trade date basis. Interest and dividend income is recorded on the accrual basis.

Participant notes receivable

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Upon default (as defined), the Plan administrator treats the default as a distribution and offsets the outstanding balance of the note against the participants' vested account balance.

Contributions

Employee deferrals are recognized when withheld from a participant's pay and Employer matching contributions are recognized at the same time. Employer discretionary contributions are recognized when the Employer makes a commitment for such contributions.

Payment of benefits

Benefits are recorded when paid.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent events

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The Plan has evaluated subsequent events through September 16, 2015, the date that the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE:

The following information included in the accompanying financial statements and supplemental schedule as of and for the years ended December 31, 2014 and 2013 was obtained from data that has been prepared and certified to as complete and accurate by Fidelity Management Trust Company (Fidelity), the trustee as defined by the Plan.

Investments
Net appreciation in fair value of investments
Interest and dividend income
Assets held at the end of year

4. FORFEITED ACCOUNTS:

Forfeited nonvested accounts totaled \$58 and \$47 as of December 31, 2014 and 2013, respectively. Forfeited nonvested accounts shall be used to first restore the balances of participants who are re-employed and had forfeited balances, and any remaining forfeiture balances would be used to reduce future Employer contributions. During 2014 and 2013, Employer contributions were reduced by forfeited nonvested accounts by \$129 and \$894, respectively.

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments are shares of mutual funds and a common collective trust managed by Fidelity, the trustee, and, therefore, these transactions qualify as party-in-interest transactions.

6. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. TAX STATUS:

On February 25, 2011, the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

8. INVESTMENTS:

The following investments at fair value represent 5% or more of net assets available for benefits at December 31, 2014 and 2013:

		<u>2014</u>	<u>2013</u>
Fidelity Growth Company Fund	\$	424,541	426,175
Fidelity Managed Income Portfolio II Fund		310,742	329,944
Fidelity Freedom 2025 Fund		282,235	243,911
Fidelity Freedom 2030 Fund		293,219	250,259
Fidelity Investment Grade Bond Fund		206,257	185,842
MFS Value R5 Fund		278,298	*
Allianz NFJ Dividend Value Fund		*	268,911

* Amount did not exceed 5% of net assets available for benefits.

During the years ended December 31, 2014 and 2013, the Plan's mutual funds (including gains and losses of investments bought, sold, and held during the year) appreciated in value by \$51,664 and \$527,964, respectively.

9. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in the active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurements level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methods used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2014 and 2013.

- Mutual funds: The fair value of these securities is based on the net asset value (NAV) of shares held by the plan at year end which is based on observable market quotations for identical assets and are priced on a daily basis at the close of business.
- Common collective trust: The fair value of the common collective trust is determined by the fund trustee based on the fair value of the underlying securities within the fund, which represent the net asset value of the units held by the Plan at year end. The investment objective of the common collective trust is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital by investing typically in fixed income securities or bond funds. There are no unfunded commitments and units are redeemable at net asset value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuations methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:
