MEI TECHNOLOGIES, INC. 401k PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

A. Description of the Plan

General

The following brief description of the MEI Technologies, Inc. 401k Plan (the "Plan") is provided for general information purposes only. The Plan is sponsored by MEI Technologies, Inc. (the "Company" or "Plan Sponsor"). Participants should refer to the Plan Document for more complete information. The Company's corporate offices are located in Houston, Texas.

The Plan was effective September 16, 1993, restated effective April 20, 2010, and is a defined contribution plan available to all employees of the Company who have attained age 18. All employees of the Company are eligible to participate in the Plan, except for those employees covered by an independent contract agreement, nonresident aliens, and/or residents of Puerto Rico. Eligible employees may enter the Plan on the first day of each month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The purpose of the Plan is to encourage the Company's employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

Contributions

Participants may contribute up to 90% of pre-tax annual compensation, as defined by the Plan. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the "Code") as defined in the Plan Document. Eligible participants may make a rollover contribution to the Plan.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the year may make catch-up contributions in accordance with, and subject to the limitations imposed by the Code.

The Company may make discretionary matching contributions to the Plan as determined annually by its Board of Directors. Participants must be: (1) employed on the last day of the year, and complete 501 hours of service during the year; or, (2) have died, retired or suffered disability during such year to be eligible to receive discretionary matching contributions.

The Company matches 50% of the participant's contributions up to 6% of the participant's compensation per pay period, except for those employees covered under the White Sands Facility Contract. The Company may elect to contribute additional amounts as determined by its Board of Directors. The Company made no such election for the year ended December 31, 2014 or 2013.

A. Description of the Plan - continued

Contributions - continued

The Company matches participant contributions for those employees covered under the White Sands Facility contract as follows:

Participant Contributions (as a % of eligible compensation)	Employer Match (as a % of eligible compensation)
1%	1.0%
2%	1.5%
3%	2.0%
4%	2.5%
5%	3.0%
6%	3.5%
7% and greater	4.0%

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's discretionary matching contribution; (b) Plan earnings or losses, net of expenses; and, (c) forfeitures of terminated participants' non-vested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of the accounts into their choice of various registered investment companies and money market accounts.

Vesting

Participants are 100% vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contribution portion of accounts, plus actual earnings thereon, is based on years of service. A participant is fully vested after one year of service. The non-vested balance is forfeited upon termination of service. In the event of disability, early retirement, or death, the participant will become fully vested.

Participant Loans

Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of (1) $50,000 reduced by the excess (if any) of the highest outstanding balance of Plan loans to the participant during the 12-month period ending on the day before the loan is made, of (2) 50% of their vested account balance. Loan terms range up to five years or longer for the purchase of a primary residence.

A. Description of the Plan - continued

Participant Loans – continued

The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Company. As of December 31, 2014 and 2013, interest rates were 5.25%. Principal and interest is paid ratably through payroll deductions. Participant loans are classified as notes receivable from participants in the Plan's financial statements.

Benefit Payments

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balance. Benefits are distributed in the form of rollovers or lump sum payments. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

A participant may receive a hardship distribution from salary reduction contributions if the distribution is: (1) due to uninsured medical expenses incurred by the participant, their spouse, dependents, or primary beneficiary designated by the participant; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses; or, (4) needed to prevent eviction of the participant from their principal residence or foreclosure upon the mortgage of the participant's principal residence; or, (5) to make payments for burial or funeral expenses for the participant's deceased parent, spouse, dependent, or primary beneficiary; or (6) to pay expenses for the repair of damage to the participants principal residence; or any other immediate and heavy financial need as determined based on Internal Revenue Service ("IRS") regulations.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are used to offset employer matching contributions and non-elective contributions for the year. For the years ended December 31, 2014 and 2013, forfeitures allocated to reduce employer contributions were $3,337 and $19,288, respectively. As of December 31, 2014 and 2013, there was $10,649 and $7,698, respectively, available to be used in accordance with Plan provisions.

Investment Options

Upon enrollment in the Plan, a participant may direct their salary deferrals in 1% increments into any of the Plan's investment options.

A. Description of the Plan - continued

Plan Expenses

Employees of the Company perform certain administrative functions with no compensation from the Plan. In accordance with Plan provisions, the Company pays substantially all costs relating to asset charges and recordkeeping. All significant administrative expenses are paid by the Company and are not reflected in the accompanying financial statements.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan's administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Investment Valuation and Income

The investments of the Plan are stated at fair value as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note D for information related to the Plan's valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

B. Summary of Significant Accounting Policies - continued

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

Fidelity International Discovery	3,370,137
Fidelity Balanced	2,364,523
Spartan 500 Index	2,199,754

The Plan's net realized and unrealized gains on investments were $369,992 and $6,393,118 as of December 31, 2014 and 2013, respectively.

D. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

GAAP requires that we describe the methodologies used to measure the fair value of assets and liabilities. We have described below the methodology used to measure each major category of assets and liabilities. There have been no changes in the methodologies used at December 31, 2014 and 2013.

- Money market funds are valued based on the short-term cash component as of the measurement date and classified within Level 1 of the valuation hierarchy.

- Mutual funds are measured using the estimated net asset values of the shares held by the Plan at year end and are classified within Level 1 of the valuation hierarchy.

D. Fair Value Measurements - continued

The following table details the Plan's investments, at fair value by level, within the fair value hierarchy, as of December 31, 2014 and 2013. The Plan has only assets classified within Level 1 of the valuation hierarchy.

	2014	2013
Mutual funds – equity		
Large growth	$ 4,833,325	$ 4,771,388
Large value	1,832,519	1,797,326
Large blend	3,205,264	3,176,755
Mid-cap blend	3,607,483	3,698,550
Small blend	3,710,633	4,234,069
International	2,999,860	4,075,828
Balanced/Hybrid	2,532,660	2,394,505
Lifecycle funds	8,518,427	9,264,213
Specialty	461,561	499,794
Mutual funds – fixed income		
Diversified bond	822,432	817,909
Government bond	1,657,291	2,277,528
High yield	1,311,186	1,299,224
Mutual funds – money market	1,494,027	2,147,202
Total investments, at fair value	$ 36,986,668	$ 40,454,291

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy.

E. Information Certified by the Trustee (Unaudited)

The Plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator limited auditing procedures with respect to the investment information certified by Fidelity Management Trust Company, which included total investments as of December 31, 2014 and 2013, the total investment income for the years ended December 31, 2014 and 2013, and all information included in the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

F. Tax Status

The IRS notified the volume submitter by letter dated March 31, 2008, that the volume submitter plan is designed to be in accordance with applicable sections of the Code and, therefore, the Plan is tax-exempt. The letter also states that an employer who adopts the volume submitter plan may rely on the letter in respect to qualification of its Plan under Code Section 401(a). The Company has not requested an individual determination letter on the Plan.

The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and, therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan's administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company believes the Plan is no longer subject to income tax examination for years prior to 2011.

G. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, all amounts credited to participant's accounts will become 100% vested. In the event of complete or partial Plan termination, participants will become 100% vested in their accounts.

H. Parties-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in shares of mutual funds managed by Fidelity Management Trust Company, which acts as the trustee for only those investments as defined by the Plan. Transactions in such investments, as well as loans made to participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

I. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits and changes in net assets available for benefits per the financial statements to the Plan's Form 5500.

	2014	2013

Less: Participant contributions receivable		(54,874)
Net assets available for benefits per the Form 5500	$ 37,283,861	$ 41,011,448

The following is a reconciliation of the net decrease in assets available for benefits as of December 31, 2014 and 2013, per the accompanying financial statements to the Form 5500:

	2014	2013
Net decrease in assets available for benefits per the financial statements	($3,815,649)	($1,503,098)
Current year participant contributions receivable per the financial statements	-	(54,874)
Current year employer contributions receivable per the financial statements	(12,021)	(45,209)

Net decrease in assets available for benefits per the Form 5500	($3,727,587)	($1,461,358)

The reconciling items noted above are due to the difference in the method of accounting used in preparing the Form 5500 as compared to the Plan's financial statements.

J. Subsequent Events

In preparing the accompanying financial statements, management of the Company has evaluated all subsequent events and transactions for potential recognition or disclosure through September 3, 2015, the date the financial statements were available for issuance.
