401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of TMP Worldwide Advertising and Communications, LLC 401(k) Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan covering all employees, except those covered by a collective bargaining agreement, nonresident aliens and leased employees of TMP Worldwide Advertising and Communications, LLC (the Company). Management of the Company controls and manages the operation and administration of the Plan. Charles Schwab Bank (Charles Schwab) serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established on September 1, 2006, at the time the Company was formed.

Contributions

Each year, participants may contribute up to 50% of their pretax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code (IRC) limitations. The Plan has an auto-enrollment feature for employees at a rate of 6% of eligible compensation unless an alternate election is made by the employee.

Based on the Plan document, the Company can match up to 6% of base compensation. At the discretion of management, no match was done in 2014 and in 2013. Additional amounts may be contributed at the discretion of the Company's Board of Directors. No such additional discretionary contributions were made for the years ended December 31, 2014 and 2013. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participants' Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution, allocations of Company discretionary contributions, Plan earnings, and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan.

Participants may invest in self-directed brokerage accounts, which include unit investment trusts, common stocks, and money market funds.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant becomes 25% vested after each year of credited service and is 100% vested after four years of credited service. Participants become fully vested upon retirement, death, or disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates at the time funds are borrowed as determined quarterly by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service for reasons other than death, a participant may generally elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or select an installment payment. Upon termination of service due to death, a participant's vested interest in his or her account will be distributed to the participant's beneficiary in a lump-sum payment.

Administrative Expenses

The Plan’s expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses paid directly by the Company are excluded from these financial statements. Administrative expenses of the Plan are allocated to the participants on a pro-rata basis except for loan and distribution fees which are fully allocated to the individual participant, as provided by the Plan document.

Forfeited Accounts

Forfeitures of terminated participants’ nonvested accounts may be used to reduce future Company contributions or pay Plan administrative fees. At December 31, 2014 and 2013, forfeited nonvested accounts totaled $15,919 and $19,296, respectively. In 2014 and 2013, $40,803 and $51,034 of forfeited nonvested accounts were used to pay Plan investment advisory fees, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan utilizes various investment instruments, including common stocks, mutual funds, and a common collective trust. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of persons who elected to withdraw from the Plan, but were not yet paid at December 31, 2014 and 2013.

NOTE 3 - INVESTMENTS

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

a. Total investments as shown in the accompanying statements of net assets available for benefits of $40,917,038 and $37,791,193 as of December 31, 2014 and 2013 respectively. These amounts include the adjustment to contract value for fully benefit-responsive investment contracts.

b. Notes receivable from participants as shown in the accompanying statements of net assets available for benefits of $927,046 and $849,415 as of December 31, 2014 and 2013, respectively.

c. Investment income as shown in the accompanying statements of changes in net assets available for benefits of $2,656,339 and $7,041,250 for the years ended December 31, 2014 and 2013, respectively.

d. Interest income from notes receivable from participants as shown in the accompanying statements of changes in net assets available for benefits of $22,576 and $23,420 for the years ended December 31, 2014 and 2013, respectively.

For the years ended December 31, 2014 and 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

	2014	2013
Mutual funds	$ 1,240,300	$ 6,034,949
Self-directed brokerage accounts	(103,191)	(60,103)
Total net appreciation in fair value of investments	$ 1,137,109	$ 5,974,846

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 - FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used at December 31, 2014 and 2013 for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds and the Unit Investment Trust are valued at the net asset value (NAV) of shares held by the Plan at year end.

Common stocks are valued at the closing price reported on the active market on which the individual securities are traded.

Money market funds are valued at $1 cost, which is the value at which the fund is actively traded and approximates fair value based on the fair value of the fund’s underlying investments.

NOTE 4 - FAIR VALUE MEASUREMENTS (continued)

The common collective trust (CCT) fund is valued at the NAV of units of the fund held by the Plan based on the fair value of the underlying investments of the fund. The CCT fund does not have finite live or unfunded commitments. The fund does not impose significant withdrawal restrictions on participant-directed transactions. Withdrawals from the fund for other purposes generally require 12 months' advance written notice. The CCT fund consists of a capital preservation fund. The investment objective of the fund is stability of principal and high current income.

The following table sets forth by level, within the fair value hierarchy, the assets of the Plan at fair value, as of December 31, 2014:

NOTE 5 - EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and a common collective trust managed by Charles Schwab. Charles Schwab is the trustee as defined by the Plan and, therefore, transactions with Charles Schwab qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Additionally, fees of $5,470 and $5,125 were paid to the trustee by the Plan for the years ended December 31, 2014 and 2013, respectively. Fees of $56,896 and $71,248 were paid to an independent investment advisor by the Plan for the years ended December 31, 2014 and 2013, respectively.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

NOTE 7 - FEDERAL INCOME TAX STATUS

The Plan obtained its latest determination letter on March 2, 2011, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Net assets available for benefits in the accompanying financial statements are reported at contract value; however, they are reported at fair value in the Plan's Form 5500. The following table reconciles net assets available for benefits per the financial statements to the Plan's Form 5500 as of December 31, 2014 and 2013:

	2014	2013
Net assets available for benefits per the financial statements	$ 41,844,084	$ 38,643,501
Adjustment from contract value to fair value for interest in fully benefit-responsive investment contracts	4,518	4,315
Net assets available for benefits per Form 5500	$ 41,848,602	$ 38,647,816

The following table reconciles the net increase in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2014 and 2013:

	2014	2013
Increase in net assets available for benefits per the financial statements	$ 3,200,583	$ 6,916,808
Adjustment from contract value to fair value for interest in fully benefit-responsive investment contracts at beginning of year	(4,315)	(29,076)
Adjustment from contract value to fair value for interest in fully benefit-responsive investment contracts at end of year	4,518	4,315
Increase in net assets per Form 5500	$ 3,200,786	$ 6,892,047

NOTE 9 - SUBSEQUENT EVENTS

Management evaluated subsequent events through September 25, 2015, the date the financial statements were available to be issued. Events or transactions occurring after December 31, 2014, but prior to September 25, 2015 that provide additional evidence about conditions that existed at December 31, 2014, have been recognized in the financial statements for the year ended December 31, 2014. Events or transactions that provided evidence about conditions that did not exist at December 31, 2014 but arose before the financial statements were available to be issued have not been recognized in the financial statements for the year ended December 31, 2014.
