No Company profit sharing contributions were made for the year ended December 31, 2014.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution, if any, and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. Participants are vested in the Company contributions at 20 percent after two years of service and an additional 20 percent each year thereafter until 100 percent vested upon six years of service. While still employed by the Company, if a participant becomes disabled, dies or reaches normal retirement age, the participant becomes 100 percent vested.

Forfeitures

Forfeitures may first be used to pay Plan administrative expenses and then to reduce Company contributions. During the year ended December 31, 2014, forfeitures of $2,129 were utilized to reduce Company contributions. As of December 31, 2014, $7,036 of forfeitures are available for future use.

NOTE 1. PLAN DESCRIPTION (Continued)

Payment of Benefits

On termination of service for any reason, a participant or their beneficiaries, as applicable, whose account balance is greater than $5,000 may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or in installment payments, in accordance with the Plan. If the participant's account balance is less than $5,000, the participant will receive a lump-sum distribution.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from data provided by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (collectively the "Custodians" and "Great West").

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Administrative Expenses

Administrative expenses incidental to the administration of the Plan, including fees of the Custodians and independent public accountants may be paid by the Plan. Administrative expenses not paid by the Company are paid by the Plan.

Most investment options have fees which reduce the overall return on assets. The net appreciation of investments is reflected net of these fees.

According to the agreement between the Company and Great West, Great West is required to make annual contributions to the Plan Expense Account ("PEA") in an amount equal to 0.0375 percent of the Plan's assets (0.45 percent annually). The funds in the PEA may be used to pay Plan administrative expenses during the year or may be allocated to participants as earnings or contributions. The net appreciation of investments is inclusive of these contributions. During the year ended December 31, 2014, Great West contributed $16,543 to the PEA, all of which was used to pay Plan administrative expenses. As of December 31, 2014, there were no funds available in the PEA.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Accounting principles generally accepted in the United States of America require that for fully benefit-responsive investment contracts the amount representing the difference between the fair value and the contract value be presented on the face of the statements of net assets available for plan benefits. As of December 31, 2014 and 2013, there was no difference between the contract value and fair value of the Key Guaranteed Portfolio Fund. The investments and changes therein of the funds have been reported to the Plan by Great West using fair value.

Investments are valued daily. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits Payable to Participants

Benefits are recorded when paid.

Concentration of Risk

The Plan's investments have exposure to risk to the extent that the investments are subject to market and interest rate fluctuations that may materially affect the value of the investment balances.

Fair Value

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value (Continued)

Mutual Funds – This category consists of publicly traded funds of registered investment companies. The net asset value of the mutual fund's shares is quoted on the exchange where the fund is actively traded and therefore classified as Level 1 within the valuation hierarchy.

Guaranteed Interest Contract ("GIC") – Valued at contract value, which approximates fair value (see Note 3) and therefore classified as Level 2 in the valuation hierarchy.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	Investments at Fair Value as of December 31, 2014

Recent Accounting Pronouncement

On July 31, 2015, the FASB issued a new Accounting Standards Update ("ASU") that simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts, plan investment disclosures, and measurement date practical expedient. The guidance is contained in ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans, Topic 960; Defined Contribution Plans, Topic 962; and Health and Welfare Benefit Plans, Topic 965: Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient.* The amendments are effective for all plan years beginning after December 15, 2015. Plan management does not expect this pronouncement to have a material impact on the Plan's financial statements.

NOTE 3. INVESTMENTS

Investment options are selected by the Plan Sponsor and are participant-directed. The participants have several investments they can choose from. See the attached Schedule of Assets (Held at End of Year) for a detailed listing of investments.

The following presents investments that represent five percent or more of the Plan's net assets at December 31:

	2014	2013
Vanguard 500 Admiral Fund**	$ 184,469	$ *
Vanguard Target Retirement 2015 Fund	342,688	310,743
Vanguard Target Retirement 2020 Fund	594,599	523,498
Vanguard Target Retirement 2025 Fund	480,485	356,163
Vanguard Target Retirement 2030 Fund	596,484	540,801
Vanguard Target Retirement 2035 Fund	402,537	332,244

* Less than five percent of net assets as of December 31.
**Fund changed class during 2014.

For the year ended December 31, 2014, net appreciation of investments in registered investment companies (mutual funds) was $171,477.

The Plan entered into a fully benefit-responsive investment contract with Great West. Great West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Great West is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

Since the Key Guaranteed Portfolio Fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the fund. Contract value, as reported to the Plan by Great West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for the credit risk of Great West or otherwise. The crediting interest rate is based on a formula agreed upon with Great West. Such interest rates are reset quarterly as of the beginning of each month. The contract value is also the fair value to be disclosed.

Certain events limit the ability of the Plan to transact at contract value with Great West. Such events include, but are not limited to the following: (1) premature termination of the contracts by the Plan, (2) Company layoffs, (3) bankruptcy of the Plan Sponsor, (4) Plan termination, (5) mergers, or (6) early retirement incentives. The plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

Average yields for the Key Guaranteed Portfolio Fund:	2014	2013
Based on actual earnings	1.25%	1.26%
Based on interest rate credited to participants	1.25%	1.26%

NOTE 4. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their Company contributions.

NOTE 5. FEDERAL INCOME TAX STATUS

The Company adopted a volume submitter plan which is the subject of a favorable tax opinion letter from the IRS dated March 31, 2008. The Company routinely self-reviews the administration of the Plan and self-corrects any compliance issues in accordance with the Employee Plans Compliance Resolution System. The Company believes that the Plan currently is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 6. FINANCIAL DATA CERTIFIED BY THE CUSTODIANS

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by Great West and was not subjected to any auditing procedures performed by the independent public accountants:

a. Participant-directed investments and notes receivable from participants as shown in the accompanying statements of net assets available for plan benefits as of December 31, 2014 and 2013.

b. Net appreciation of investments, interest and dividend income on investments, and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for plan benefits for the year ended December 31, 2014.

c. Investments and participant loans as of December 31, 2014 as listed in the accompanying Schedule of Assets (Held at End of Year).

NOTE 7. PARTY-IN-INTEREST TRANSACTIONS

Plan investments are held, and some are managed, by Great West and its affiliates. Transactions with Great West and its affiliates qualify as party-in-interest transactions for which exemptions exist. Great West and its affiliates received recordkeeping fees of $27,512 that were paid by participants through the Plan and Great West receives indirect compensation from certain investments based on a formula. In addition, the Plan's advisor received direct compensation of $16,543.

NOTE 8. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 reduced by the highest outstanding loan balance during the previous 12 months, or 50 percent of their vested account balance with a minimum loan amount of $1,000. The loan interest rate is set at one percent above the prime rate, as defined in the Plan. Principal and interest are paid ratably through payroll deductions over periods ranging up to five years or up to 15 years if the loan is for the purchase of a principal residence. The loans are stated at the unpaid principal amount, secured by the balance in the participant's account and bear interest at 4.25 percent. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 9. RECONCILIATION TO FORM 5500

The following table presents a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500 as of December 31:

	2014	2013
Net assets available for plan benefits per the financial statements	$ 3,673,939	$ 3,189,329
Corrective distributions	15,334	5,376
Net assets available for plan benefits per the Form 5500	$ 3,689,273	$ 3,194,705

The following is a reconciliation of the net increase in net assets available for plan benefits per the financial statements to the Form 5500 for the year ended December 31, 2014:

Net increase in net assets available for plan benefits per the financial statements	$ 484,610
Change in corrective distributions	9,958
Net increase in net assets available for plan benefits per the Form 5500	$ 494,568

NOTE 10. SUBSEQUENT EVENTS

The Company has evaluated subsequent events that have occurred through September 30, 2015, which is the date that the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements.
