CPE HR CORPORATE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of the CPE HR Corporate 401(k) Plan provides only general information. Participants should refer to the Plan's adoption agreement (the Adoption Agreement) for more complete information on the Plan's provisions.

General

The Plan is a defined contribution plan and was established effective January 1, 2008. The Plan covers substantially all employees of CPE HR, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and the Internal Revenue Code (IRC).

The Plan was amended at various dates through December 31, 2014 to comply with applicable laws and regulations.

Contributions

Employees who are at least 18 years old are eligible to participate. All eligible employees are automatically enrolled to defer 3% of their eligible compensation as pre- and/or post-tax contributions. Employees may elect not to defer or choose a different percentage of deferral, subject to the IRC limitations, by submitting a new enrollment form. Plan participants over age 50 may defer catch-up contributions, subject to the IRC limitations. Participants may also contribute rollovers representing distributions from other qualified plans into the Plan.

As defined in the Plan, the Company makes safe harbor match of the participant's pre-tax and/or Roth elective contributions, dollar for dollar, up to 3% of eligible compensation, and 50 cents for each additional dollar between 3% and 5% of eligible compensation. Total matching contributions amounted to \$279,212 for the year ended December 31, 2014.

The Company also may elect to make other non-matching contributions to the Plan. During the year ended December 31, 2014, the Company did not make non-matching contributions to the Plan.

Participants direct the investment of their contributions and their share of the Company's contributions into various investment options offered by the Plan. The Plan currently offers pooled separate accounts and a stable value fund as investment options for participants.

CPE HR CORPORATE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Vesting

Participants are 100% vested in their salary deferral contributions and in the Company's safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's non-matching contributions and earnings thereon is based on years of continuous service as follows:

<u>Years of Service</u>	<u>Percentage</u>
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Plan Administration

The Plan's assets are held by Transamerica, the custodian of the Plan, which invests cash received, interest, and dividend income, and makes distributions to participants. Transamerica also administers the payment of interest and principal on the notes receivable from participants.

Participant Accounts

Separate accounts are maintained for each participant, which are adjusted to reflect the participant's contributions and Company's safe harbor and non-matching contributions, as well as the participant's share of the Plan's income and any related administrative expenses.

Notes Receivable from Participants

Participants are permitted to borrow from their fund accounts as defined by the Adoption Agreement, subject to certain limitations. All notes receivable are adequately secured by the participant's account balance, bear interest as defined by the Adoption Agreement, and generally repaid on an installment basis through payroll deductions over a period not to exceed five years, except when borrowed funds are used to acquire a principal residence.

Payment of Benefits

Upon termination of service due to death, disability or retirement, the participant or beneficiary will receive a lump-sum payment. The Plan's normal retirement age is defined by the Plan document.

CPE HR CORPORATE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Forfeitures

Forfeitures of the unvested balance of terminated participants' accounts are first used to pay Plan expenses, and any remaining forfeitures will reduce the Company's future contributions. During the year ended December 31, 2014, forfeitures in the amount of \$1,100 were used to offset the Company's contributions. At December 31, 2014 and 2013, the balances of available forfeitures were \$1,089 and \$1,161, respectively.

Administrative Expenses

All reasonable expenses related to Plan administration are paid from Plan assets, except to the extent the expenses are paid by the Company.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis in conformity with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements, and the reported amounts of additions and deductions during the reporting periods. The most important of these estimates and assumptions relate to fair value measurements of the Plan's investments. These and other estimates and assumptions are based on the best available information but actual results could be materially different from those estimates.

Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the accompanying statements of net assets available for benefits.

CPE HR CORPORATE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Valuation of Investments

In accordance with GAAP, all assets of the Plan are stated at fair value or amounts approximating fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP also requires the statements of net assets available for benefits present the adjustment from fair value to contract value for the fully benefit-responsive investment contracts, and the statement of changes in net assets available for benefits to be prepared on a contract value basis for the fully benefit-responsive investment contracts. Fully benefit-responsive contracts are the contracts that guarantee that (1) the crediting rate provided under the contract will not fall below zero and (2) participant-initiated withdrawals from the fund (i.e., withdrawals as the result of death, disability, retirement, termination of employment, hardship withdrawal, loan and transfers to a non-competing fund) will be covered at contract value.

Investment Contract

The Plan has entered into a traditional group annuity contract with Transamerica through the Stable Value Fund. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their account balances at contract value. Thus, the investment contract is considered fully benefit-responsive, as defined by GAAP. Accordingly, the fully benefit-responsive group annuity contract is included in the financial statements at contract value, which approximates fair value. Contract value represents contributions made under the contract, plus earnings, less plan withdrawals and administrative expenses.

Transamerica maintains the contributions and invests them in Transamerica's general account. This investment seeks to protect against any loss of principal while providing returns in excess of money market funds and one-year U.S. Treasury bills. The investment has a portfolio investment rate design in which all deposits are credited with the same interest rate, credited on a daily basis, and with no set maturity. The effective credited interest rate is set monthly and effective on the first day of the month. Contract charges may reduce this return. There are no reserves against contract value for credit risk of Transamerica or otherwise.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Investment Contract - Continued

During the years ended December 31, 2014 and 2013, crediting interest rates for the Stable Value Fund were as follows:

	<u>2014</u>	<u>2013</u>
Minimum Rate	1.60%	1.70%
Average Rate	1.60%	1.70%
Closing Rate	1.60%	1.70%

Certain events limit the ability of the Plan to transact at contract value with Transamerica. Such events include the following: (1) the Plan is changed so as to significantly affect Transamerica's obligations to the contract, (2) the contract can no longer be treated as a pension plan contract, (3) the Plan is terminated, (4) failure to comply with the contract requirements, (5) failure to provide information, (6) the sum of the contract account values at any time equals \$20,000 or less, or (7) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events, which would limit the Plan's ability to transact at contract value with participants, are probable of occurring.

Recognition of Income

Sales and purchases are accounted for on a trade date basis, and interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net Change in Fair Value of Investments

Net change in fair value of investments includes realized and unrealized gains and losses on investments sold or held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned.

Payment of Benefits

Benefit payments to participants are recorded when paid.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Recently Adopted Accounting Guidance

In the normal course of business, the Plan evaluates all new accounting pronouncements to determine the potential impact they may have on its financial statements. Based upon this review, the Plan does not expect any of the recently issued accounting pronouncements, which have not already been adopted by the Plan, to have a material impact on its financial statements.

Subsequent Events

In accordance with GAAP, events occurring between December 31, 2014 and September 17, 2015 (the date these financial statements were available to be issued) were evaluated, and no material subsequent events that required recognition in these financial statements were noted.

NOTE 3 - INCOME TAX STATUS

The Company has adopted a volume submitter plan with cash or deferral arrangement that received a favorable opinion letter from the Internal Revenue Service (IRS), stating that the form of the underlying volume submitter document is qualified under Section 401 of the IRC, and that any employer adopting this form of the plan will be considered to have a plan qualified under Section 401(a) of the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The plan administrator believes that the Plan operates in accordance with applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

In accordance with GAAP, the Plan management is required to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken. As a result, the Plan has recognized no interest or penalties related to uncertain tax positions.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan document to amend or terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested for any portion of their accounts not fully vested previously.

NOTE 5 - INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian of the Plan has certified to the completeness and accuracy of all investments reflected in the accompanying statements of net assets available for benefits as of December 31, 2014 and 2013, and the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2014, and the related investment activity reflected in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2014.

NOTE 6 - FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date (an exit price). The fair value hierarchy prioritized the inputs to valuation techniques used to measure fair value into three levels, with the highest priority given to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority given to unobservable inputs (Level 3). The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of valuation methodologies used for assets measured at fair value:

Pooled Separate Accounts: the fair value of the investments in this category has been determined by using the net asset value (NAV) per share as practical expedient. The NAV of these accounts is not a publicly quoted price in an active market; however, it is based on underlying investments, which are traded on an active market (Level 2).

Stable Value Fund: valued at contract value, which approximates fair value and is based on its beginning balance plus any deposits and credited interest, less any withdrawals, charges, or expenses, a measurement which approximates fair value (Level 2).

CPE HR CORPORATE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 6 - FAIR VALUE MEASUREMENTS - CONTINUED

While the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain assets could result in a different fair value measurement at the measurement date.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one level to another. In such instances, the transfer is reported at the end of the reporting period. There have been no transfers from one level to another during the years ended December 31, 2014 and 2013.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2014 and 2013:
