PUPPET LABS, INC. 401(k)
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013

1. Plan Description

The following description of the Puppet Labs, Inc. 401(k) (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution savings and profit sharing plan established on January 1, 2011 by Puppet Labs, Inc. ("Puppet Labs" or the "Company") under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Effective August 1, 2014, the Plan changed trustees from State Street Bank and Trust Company to Ascensus Trust Company and third-party recordkeepers from ADP Recordkeeping Services to Ascensus Recordkeeping Services.

b. Eligibility

Employees of the Company, excluding interns and internal contractors, are eligible to participate in the Plan upon completing one month of service and reaching the age of 18. Participants can enter the Plan on the first day of the month following the date on which the eligibility requirements are met.

c. Participant Contributions

Participants may elect to defer up to 90% of their eligible compensation, limited by the requirements of the IRC. Upon reaching the age of 50, eligible employees may make additional catch-up contributions as allowed by the IRC. Additionally, participants may roll over amounts representing distributions from other qualified defined benefit or defined contribution plans into the Plan.

Effective August 1, 2014, the Plan was amended to include an automatic enrollment feature whereby all current employees not deferring and any new employees that meet the eligibility requirements are automatically enrolled with a 3% deferral rate unless they elect otherwise. Each year this percentage is increased by 1% until the participant reaches a 6% deferral rate.

d. Employer Contributions

The Company, at its discretion, may make matching or profit sharing contributions to the Plan. During 2014, there were no discretionary matching or profit sharing contributions made.

During 2014, the Company made qualified non-elective contributions of approximately $15,000 to certain employees who were incorrectly excluded from timely entering the Plan.

e. Participant Accounts

Participants are able to direct their account balances into a variety of investments offered by the Plan. Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, the Company's contributions, and an allocation of the Plan's earnings and expenses. The benefit to which a participant is currently entitled to is the benefit that can be provided from the participant's vested account.

f. Vesting

Participants become vested in their discretionary employer matching and profit sharing contributions on a four-year graded scale, with 25% vesting granted for each year of service.

g. Notes Receivable From Participants

The Plan does not allow for participant loans.

h. Payment of Benefits

Upon reaching retirement age, termination of service, disability or death, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a partial payment. However, account balances less than $5,000 may be distributed in a single lump-sum cash payment to the participant or beneficiary at the election of the trustee. Participants may withdraw rollover contributions at any time or make an in-service withdrawal of elective deferrals or employer contributions if they have reached the normal retirement age of 65.

i. Hardship Withdrawals

Upon certain conditions, participants, while still employed by the Company, are permitted to withdraw, in a single sum, a portion of their employee deferrals and rollover contributions or 100% vested employer contributions as a result of an immediate and heavy financial need. These conditions include unreimbursed medical expenses, the purchase of the participant's principal residence, the payment of postsecondary education tuition, the payment of burial or funeral costs of immediate family members, the payment of natural disaster clean-up on the participant's principal residence or to prevent eviction or foreclosure from the participant's principal residence. A participant's right to make deferrals to the Plan will be suspended for six months after the receipt of a hardship withdrawal.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles ("GAAP").

b. Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Net appreciation in fair value of investments consists of the net change in unrealized gains or losses during the year and the realized gain or loss on investments sold during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date.

d. Payment of Benefits

Benefits are recorded when paid.

e. Administrative Expenses

Substantially all administrative expenses are paid by the Company. Investment related expenses not paid by the Company are deducted from investment earnings before allocation to participant accounts. For the year ended December 31, 2014, direct expenses paid by the Plan were $9,415.

f. Forfeitures

Forfeitures may be used to reduce future Company contributions or to pay administrative expenses of the Plan. At December 31, 2014 and 2013, there were no forfeitures available to reduce future employer contributions or to pay Plan expenses.

g. New Accounting Pronouncement

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. ASU 2015-07 amended Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, to remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The

amendment also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value ("NAV") per share practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively. Management does not expect this ASU to have a material impact on the financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefits Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965): I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures; and III. Measurement Date Practical Expedient*. This three-part ASU simplifies current benefit plan accounting and requires (i) fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value and accordingly removes the requirement to reconcile their contract value to fair value; (ii) benefit plans to disaggregate their investments measured using fair value by general type, either on the face of the financial statements or in the notes to the financial statements; (iii) the net appreciation or depreciation in investments for the period to be presented in the aggregate rather than by general type, and removes certain disclosure requirements relevant to individual investments that represent five percent or more of net assets available for benefits. Further, the amendments in this ASU eliminate the requirement to disclose the investment strategy for certain investments that are measured using Net Asset Value ("NAV") per share using the practical expedient in the FASB ASC Topic 820. Part III of the ASU provides a practical expedient to permit employee benefit plans to measure investments and investment-related accounts as of the month-end that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end, while requiring certain additional disclosures. The amendments in Parts I and II of this standard are effective retrospectively for fiscal years beginning after December 15, 2015 and early adoption is permitted. The amendments in Part III of this standard are effective prospectively for fiscal years beginning after December 15, 2015 and early adoption is permitted. Management does not expect this ASU to have a material impact on its financial statements.

3. Investments

Participants can direct their accounts among various mutual funds and a money market fund. Prior to the transfer to Ascensus, the Plan also offered a variety of collective trust funds.

The following table presents investments that represent 5% or more of the Plan's net assets available for benefits at December 31:

"*" The balance was less than 5% of net assets available for benefits for the year denoted.

Investments appreciated in fair value during the year ended December 31, 2014 as follows:

	2014
Mutual funds	$ 16,892
Collective trust funds	64,133
	$ 81,025

4. Fair Value Measurements

ASC 820 establishes a framework for fair value measurements, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for the Plan's investment assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds and money market fund: Valued at fair value based on quoted market prices.

Collective trust funds: The Plan's interest in the collective trust funds is based on the fair value of the collective trust fund's underlying investments based on information reported by the investment advisor using the daily reported NAV of the underlying investments at year-end.

The following table sets forth by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2014:

	Investment Assets at Fair Value at December 31, 2014

Collective trust funds	$ -	$ 593,950	Daily	1 – 2 days

There were no unfunded commitments at December 31, 2014 and 2013.

5. Risks and Uncertainties

The Plan assets are invested in a variety of investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, foreign currency and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits, and therefore participant account balances.

6. Information Certified by the Trustees

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following information included in the financial statements and supplemental schedule was provided and certified by Ascensus, Inc. as agent for Ascensus Bank & Trust Company, the trustee of the Plan as of December 31, 2014 and for the period from August 1, 2014 to December 31, 2014 and State Street Bank & Trust Company, the trustee of the Plan as of December 31, 2013 and for the period from January 1, 2014 to August 29, 2014 as complete and accurate:

- Investments, at fair value
- Investment income
- Investments, Note 3
- Schedule of assets (held at end of year)

7. Related-Party Transactions

Certain Plan investments were offered by Vanguard Investments, an affiliate of Ascensus Trust Company, and State Street Bank Global Advisors, an affiliate of State Street Bank & Trust Company, the trustees of the Plan. These investments and investment transactions are considered exempt related party transactions.

The Plan sponsor, Puppet Labs, is a party-in-interest to the Plan; however, there were no transactions with the Plan sponsor other than the funding of contributions to the Plan and payment of certain administrative expenses of the Plan.

8. Income Tax Status

Effective August 1, 2014, the Plan adopted the Ascensus Non-Standardized Flexible 401(k) Profit Sharing Plan prototype document ("Ascensus Plan Document") which received a favorable opinion letter dated March 31, 2008 in which the Internal Revenue Service ("IRS") stated that the Ascensus Plan Document was in compliance with the applicable requirements of the IRC. Prior to August 1, 2014, the Plan adopted the Automatic Data Processing Defined Contribution Plan Non-Standardized 401(k) Profit Sharing Plan prototype document ("ADP Plan Document") which received a favorable opinion letter dated March 31, 2008 in which the IRS stated that the ADP Plan Document was in compliance with the applicable requirements of the IRC. The Plan has been amended since the date of the Ascensus Plan Document opinion letter. However, management believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, management believes that the Plan is qualified and the related trust is tax exempt as of and for the year ended December 31, 2014.

Assuming it meets certain initial and ongoing requirements, the Plan is generally exempt from federal and state income taxes. However, GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become fully vested in their accounts.

10. Reconciliation of the Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Plan's Form 5500 as of December 31:

	2014	2013
Net assets available for benefits per the financial statements	$ 4,074,963	$ 1,651,319
Contributions receivable not recorded on the Form 5500 December 31, 2013	–	(40,862)
Excess contributions payable not recorded on the Form 5500 December 31, 2013	–	6,299
Net assets available for benefits per the Form 5500	$ 4,074,963	$ 1,616,756

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31:

		2014

Net increase in net assets available for benefits per the Form 5500	$	2,458,207

11. Subsequent Events

Management has evaluated the potential recognition and disclosures in the financial statements of subsequent events that have occurred through September 4, 2015, which is the date the financial statements were available to be issued.
