Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED

DECEMBER 31, 2014 AND 2013

(1) DESCRIPTION OF THE PLAN:

The following description of The Redland Company, Inc. 401(k) Plan ("Plan") provides only general information. For more complete information, participants should refer to the plan document, a copy of which is on file in the offices of the Plan sponsor and participating employer.

. General -

The Plan is a defined contribution 401(k) profit sharing retirement plan covering all eligible employees from The Redland Company, Inc. The plan commenced on January 1, 2009 and it is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

. Eligibility -

In order to be eligible to participate in the Plan, an employee must be at least 18 years old and must have worked for the company for 3 consecutive months of service. Entry dates are on the first day of each month of the Plan year. To be eligible to receive employer matching contributions, participants must have completed at least one year of service (1,000 hours) and have been employed by the Company as of the last day of the Plan year.

. Funding -

Participants may contribute as much as 75% of their compensation up to the statutory maximum of $17,500 in 2014 and 2013. There is also a catch up provision that allows employees who are age 50 or older to contribute an additional $5,500. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. Contributions are subject to certain limitations. The employer may provide matching contributions determined each year. Matching contributions for 2014 were 25% of the first 1.25% in employee contributions not to exceed $650. There were no employer matching contributions for 2013.

. Participant Accounts -

Each participant's account is credited with 1) participant's contributions; 2) the employer's matching contributions, and 3) a ratable portion of investment gain or loss, net of Plan expenses. Each participant's account is charged with any distributions made to that participant.

(1) DESCRIPTION OF THE PLAN (CONTINUED):

. Vesting -

Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the employer's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on a 6-year graded vesting schedule:

Years of Service	Vested Percentage
Less than 1	0%
2 Years	20%
3 Years	40%
4 Years	60%
5 Years	80%
6 Years	100%

. Investment options -

Upon enrollment in the Plan, and any time subsequently, participants may direct contributions to be allocated among a selection of securities provided by the Plan Administrator *(Note 3)*.

. Payment of benefits –

On termination of service, death, disability or retirement, a participant or beneficiary may request to receive lump-sum amount equal to the value of the participant's vested interest in his or her account or partial payments thereon. Upon retirement or separation of service with an account balance less than $1,000, the plan administrator will distribute payment in the form of a lump-sum. Upon retirement or separation of service with an account balance of more than $1,000 but not exceeding $5,000, if the participant does not choose a lump-sum distribution the plan administration will roll over the distribution to an individual retirement account. If the vested portion of the account balance exceeds $5,000 (disregarding any rollover contributions), the Plan permits the participant to elect distribution as a lump-sum installment for required minimum distributions only. In-service distributions are available to participants who have reached age 59½ and are 100% vested in their account balances.

(1) DESCRIPTION OF THE PLAN (CONTINUED):

. **Forfeitures -**

Forfeitures are first used for restoration of participant forfeitures, and then to pay Plan expenses. Any remaining forfeitures are to be used to reduce employer's matching contributions. Forfeitures available totaled $1,206 and $241 for the plan years ended December 31, 2014 and 2013.

. **Notes receivable from participants -**

Participants may borrow from their fund accounts from $1,000 up to a maximum of $50,000 or 50% of their account balance, whichever is less. Loan terms would range from 1 - 5 years unless the loan was for the purchase of a primary residence. The loans would be secured by the balance in the participant's account and bear interest at a commercially reasonable rate commensurate with prevailing rates provided by local lending institutions. Principal and interest would be paid ratably through monthly payroll deductions. The Plan had outstanding notes receivable from participants of $47,189 and $82,800 at December 31, 2014 and 2013, respectively.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

. **Investments valuation and income recognition -**

Investments are reported at fair values *(see Note 3)*. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants *(see Note 5)*.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

. **Basis of accounting and use of estimates -**

The accompanying financial statements have been prepared using the accrual basis of accounting. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of American (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

. Termination -

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

. Subsequent events -

Management has evaluated subsequent events for the Plan through July 23, 2015, the date the financial statements were available to be issued.

(3) INVESTMENTS:

The Plan has a recordkeeping services agreement with Capital Bank and Trust Company (Capital Bank). Capital Bank maintains the contributions in separate accounts that are defined as funds sub-advised by third parties, or which invest in funds managed by American Funds. The account is credited with earnings on the underlying investments (principally mutual funds) and charged for Plan investment and distribution fees. The investments are included in the financial statements at fair value, as reported to the Plan by American Funds.

Allocations among the underlying investments are participant directed. The investments held at December 31, 2014 and 2013 consisted of the following (investments which represent more than 5% of total Plan assets are noted separately):

	2014	2013
Mutual funds		
American High Income Trust Fund	$ 512,511	$ 511,732
Growth Fund of America	264,189	243,081
World Growth and Income Fund	225,573	200,773
Target Date Retirement 2035	220,650	183,759
New Perspective Fund	201,129	178,326
Other Mutual Funds	305,954	243,129
Total Mutual Funds	1,730,006	1,560,800
Money Market Fund	599	1,446
Total investments	$1,730,605	$1,562,246

(3) INVESTMENTS (CONTINUED):

During the years ended December 31, 2014 and 2013, the Plan's mutual fund investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated/appreciated in value by $27,655 and $177,522 respectively (reported as net (depreciation) appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits).

(4) RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

(5) FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

(5) FAIR VALUE MEASUREMENTS (CONTINUED):

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2014 and 2013:

Mutual funds and money market funds: Valued at the net asset value of shares held by the Plan at year end.

The following tables set forth by level, within the fair value hierarchy, the Fund's assets at fair value as of December 31, 2014 and 2013.

Investments at fair value as of December 31, 2014:

	Level 1	Level 2	Level 3	Total

(5) FAIR VALUE MEASUREMENTS (CONTINUED):

Money market funds	-	1,446	-	1,446
Total investments at fair value	$1,560,800	$ 1,446	$ -	$1,562,246

(6) TAX STATUS:

The Plan is exempt from federal income taxes under the Internal Revenue Code and, accordingly, no provision for federal income taxes has been made. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by a taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Trustees believe the Plan is no longer subject to income tax examinations for years prior to December 31, 2011.

(7) RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS:

Plan investments are shares of funds managed by American Funds. Fees incurred by the Plan for investment management service are considered party-in-interest transactions. Additionally, the Plan's sponsor and participating employer absorbs virtually all of the Plan's administrative expenses.
