INDEPENDENT AUDITOR'S REPORT

To the Trustee Committee
International TechneGroup Incorporated Thrift Savings 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of International TechneGroup Incorporated Thrift Savings 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Delaware Charter Guarantee & Trust Company (d/b/a Principal Trust Company) and Standard Insurance Company, the Trustees of the Plan, except for comparing the information with the related information included in the financial statements and supplementary schedule. We have been informed by the Plan administrator that Delaware Charter Guarantee & Trust Company (d/b/a Principal Trust Company) held the Plan's investment assets and executed investment transactions for the year ended December 31, 2014 and for the period December 15, 2013 to December 31, 2013, and that Standard Insurance Company held the Plan's investments assets and executed investment transactions for the period January 1, 2013 to December 14, 2013. The Plan administrator has obtained certifications from the Trustees as of and for the years ended December 31, 2014 and 2013, that the information provided to the Plan administrator by the Trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The supplementary Schedule of Assets Held for Investment Purposes at End of Year as of December 31, 2014 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplementary schedule referred to above.

As discussed in Notes 2 and 8, the investment in International TechneGroup Incorporated common stock amounting to \$2,770,994 and \$2,790,912 as of December 31, 2014 and 2013, respectively, has been valued at estimated fair value as determined by the Board of Directors in the absence of readily ascertainable market values. We have reviewed the procedures used by the Board of Directors in arriving at its estimate of fair value and have reviewed underlying documentation, and, in the circumstances, we believe the procedures are reasonable and the documentation appropriate. However, because of the inherent uncertainty of valuation, those estimated fair values may differ significantly from the values that would have been used had a ready market for the stock existed, and the differences could be material.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplementary schedule, other than that derived from the information certified by the Trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on Form and Content in Compliance With DOL Rules and Regulations (Continued)

The supplementary Schedule of Assets Held for Investment Purposes at End of Year that accompanies the Plan's financial statements does not disclose the historical cost of certain non-participant directed Plan assets. Disclosure of this information is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

INTERNATIONAL TECHNEGROUP INCORPORATED
THRIFT SAVINGS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2014 AND 2013

1. DESCRIPTION OF THE PLAN

The following description of the International TechneGroup Incorporated (the Employer) Thrift Savings 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Employer who are age eighteen (18) or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective December 1, 2013, Trustee and third party administration responsibilities for the Plan were transferred from Standard Insurance Company to Delaware Charter Guarantee & Trust Company (d/b/a Principal Trust Company). As a result of this change in Trustees, all Plan assets were transferred to Delaware Charter Guarantee & Trust Company (d/b/a Principal Trust Company) on December 15, 2013. In conjunction with this change, effective December 1, 2013, the Plan was amended and restated in its entirety to incorporate all necessary changes in law to meet the requirements of the Internal Revenue Code of 1986, as amended and ERISA. As a result, certain provisions may be retroactively effective.

Contributions

As amended, each year participants may contribute any percentage of annual compensation, as defined in the Plan. The Employer may contribute discretionary matching amounts of base compensation that a participant contributes to the Plan. For the years ended December 31, 2014 and 2013, the Employer elected to make matching contributions of two percent (2%) of base compensation and overtime pay. Additional amounts may be contributed at the option of the Employer's Board of Directors. For the years ended December 31, 2014 and 2013, no additional amounts were contributed by the Employer. Prior to October 31, 2007, all employer contributions were invested in International TechneGroup Incorporated common stock. Effective November 1, 2007, the Employer stock is no longer an investment option. All Employer contributions are invested in accordance with the participant's investment selection. The contributions are limited to the maximum amount deductible under the applicable provisions of the Internal Revenue Code of 1986, as amended.

Rollovers

The Plan permits participants to transfer distributions from other qualified plans into the Plan.

INTERNATIONAL TECHNEGROUP INCORPORATED
THRIFT SAVINGS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2014 AND 2013

1. DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Each participant's account is credited with (a) participant's contributions, (b) the Employer's contributions, (c) an allocation of Plan earnings and losses, and (d) administrative expenses. Participants direct the investment of their account balances among certain investment options offered by the Plan. Allocations are based on participant account balances and selection of investments.

Hardship Withdrawals

The Plan allows for hardship withdrawals in the event of immediate and heavy financial need of up to 100% of the participant's account balance attributable to employee contributions.

Vesting

Participants are 100% vested in the employee contribution and Employer contribution portion of their accounts immediately upon the Effective Date of Participation, as defined in the Plan.

Investment Options

Upon enrollment in the Plan, participants may direct their deferral contributions in over thirty (30) investment options. Participants may change their investment options daily. Except for the Principal Stable Value Fund, there is no guarantee of principal or earnings when participating in these funds.

Effective April 1, 2007, International TechneGroup Incorporated implemented the Limited Liquidity Program which allows the Company Board of Directors, at its sole discretion, to suspend or modify the quarterly repurchase of common stock based on Company or any other industry business or economic factors it deems appropriate. Under the Limited Liquidity Program, effective January 1, 2009, International TechneGroup Incorporated's Board of Directors suspended repurchases of ITI common stock, except for required minimum distributions from the Plan.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or fifty percent (50%) of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loans fund. Loan terms range from 1 to 5 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest are paid ratably through monthly or quarterly payroll deductions.

THRIFT SAVINGS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2014 AND 2013

1. DESCRIPTION OF THE PLAN (Continued)

Payment of Expenses

All expenses of administration may be paid out of the Plan unless paid by the Employer. Such expenses shall include any expenses incident to the functioning of the administrator, including but not limited to, fees of accountants, counsel, and other specialists and their agents, and other costs of administering the Plan. Until paid, the expenses shall constitute a liability of the Plan. However, the Employer may reimburse the Plan for any administration expense incurred. Any administration expense paid to the Plan as a reimbursement shall not be considered an Employer contribution. The Employer elected to pay some of the administrative expenses of the Plan for the years ended December 31, 2014 and 2013.

Payment of Benefits

The benefit to which a Plan participant is entitled is the benefit that can be provided by the contributions made and income earned on investments. Upon service or disability retirement, death, or termination, a participant or beneficiary will receive an amount equal to the value of his account, including earnings. The benefit will be paid in either a lump-sum amount or annual installments. Benefits paid to participants age 70 1/2 will be adjusted to the extent necessary to satisfy minimum payments required by law.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Through December 14, 2013, the Plan invested in investment contracts through a guaranteed investment contract. Beginning December 15, 2013, the Plan invests in investment contracts through a common/collective trust. Contract value for this common/collective trust is based on the net asset value of the fund as reported by the investment advisor. The Statements of Net Assets Available for Benefits present the fair value of these investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

Payment of Benefits

Benefits are recorded when paid.

INTERNATIONAL TECHNEGROUP INCORPORATED
THRIFT SAVINGS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2014 AND 2013

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 8).

The Plan presents in the Statements of Changes in Net Assets Available for Benefits, the net investment gain from pooled separate accounts, common/collective trust, and guaranteed investment contract, which consists of interest, dividends, realized gains or losses and unrealized appreciation (depreciation) on that investment. The Plan presents in the Statements of Changes in Net Assets Available for Benefits, the net investment gain from registered investment companies, which consists of realized gains or losses and unrealized appreciation (depreciation) on those investments. Purchases and sales of securities are reflected on a trade-date basis. Interest and dividend income is recorded when earned.

Financial instruments, which subject the Plan to significant concentrations of credit risk, consist primarily of investments (see Note 4 for a summary of the Plan's investments).

3. RELATED PARTY TRANSACTIONS

The Plan invests in a common/collective trust and pooled separate accounts managed by Principal Life Insurance Company (Principal). Principal acts as Trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rule.

Through December 14, 2013, the Plan invested in a guaranteed investment contract managed by Standard Insurance Company (Standard). Standard acted as Trustee for only those investments as defined by the Plan. Transactions in such investments qualified as party-in-interest transactions which are exempt from the prohibited transaction rule.

7. TAX STATUS

The Plan sponsor believes the Plan meets the requirements for tax qualification described in Section 401(a) of the Code. Accordingly, the Plan's net investment income is exempt from tax under Section 501(a) of the Code. The Plan was amended and restated in its entirety effective December 1, 2013 and has not yet received a favorable determination letter from the Internal Revenue Service on the tax qualification of the Plan. Continued qualification of the Plan will depend upon its operation in accordance with applicable requirements of the Code. Prior to December 1, 2013, the Employer adopted the SunGard Business Systems LLC Volume Submitter 401(k) Profit Sharing Plan #01-002 offered through Standard Retirement Services, Inc. and in connection with that Prototype Plan, the Employer was able to rely on the opinion letter issued by the Internal Revenue Service (dated March 31, 2008) stating that employers who adopt the Plan will be considered to have a plan qualified under Code section 401(a). The 2011 through 2013 tax years remain subject to potential examination by taxing authorities.

8. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan utilizes a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and lowest priority to unobservable inputs. The three levels of inputs used to measure fair value under this accounting standard are described as follows:

- Level 1 - Quoted prices in active markets that are accessible at the measurement date for identical assets or liabilities.
- Level 2 - Observable inputs other than quoted prices included within Level 1. Inputs that are principally derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value measurement of the assets or liabilities. These include certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

8. FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies the Plan used for assets measured at fair value.

International TechneGroup Incorporated common stock: Valued quarterly by the Board of Directors using both market and income valuation techniques. The book value method was removed as a valuation technique during 2013 as it was considered not as important as the market and income valuation techniques in determining fair value of a closely-held corporation.

Pooled separate accounts: Valued at market values of the underlying investments.

Registered investment companies (mutual funds): Valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end.

Common/collective trust (stable value fund): Valued at market values of the underlying investments based on information reported by the investment advisor of the common/collective trust at year-end.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value.

9. INVESTMENT WITH INSURANCE COMPANY

The Plan entered into a benefit-responsive investment contract with Standard Insurance Company (Standard). Standard maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. Participants may have ordinarily directed the withdrawal or transfer of all or a portion of their investment at contract value.

There were no reserves against contract value for the credit risk of the contract issuer or otherwise. The crediting interest rate was based on a formula agreed upon with the issuer, but may not have been less than one percent (1%) per annum. Such rates were reviewed on a quarterly basis for resetting.

Certain events may have limited the ability of the Plan to transact at contract value with the issuer. Such events included amendments to the plan documents and/or the failure of the trust to qualify for exemption under ERISA. The Plan administrator did not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, was probable.

The Plan Sponsor may have terminated the contract at any time with thirty (30) days advance written notice to Standard. Standard may have terminated the contract with thirty (30) days advance written notice to the Plan Sponsor for reasonable cause, which included the Plan Sponsor's failure to abide by state or federal law, failure to render performance necessary to comply with the terms of the contract, failure to maintain assets of at least \$25,000, plan disqualification, and failure to adopt the Plan in a reasonable period of time. Upon termination by either party, the payout value may have been subject to adjustment, either in a single lump sum payment or in installment payments. Effective December 14, 2013, the contract was terminated by the Plan sponsor when Trustee responsibilities for the Plan were transferred from Standard Insurance Company to Delaware Charter Guarantee & Trust Company (d/b/a Principal Trust Company).

The table below sets forth the average yields for all fully benefit-responsive investment contracts:
