Independent Auditor's Report

To the Plan Administrator
Co-op 401(k) Plan Sponsored by Crystal Valley Cooperative
Lake Crystal, Minnesota

Report on the Financial Statements

We have audited the accompanying financial statements of the Co-op 401(k) Plan sponsored by Crystal Valley Cooperative, which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatements of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness for accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Co-op 401(k) Plan sponsored by Crystal Valley Cooperative as of December 31, 2014 and 2013, and the changes in net assets available for benefits for the year ended December 31, 2014 in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Assets Held for Investment Purposes as of and for the year ended December 31, 2014, is presented for the purpose of additional analysis and is not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Notes to Financial Statements

Note 1: Description of Plan

The following description of the Co-op 401(k) Plan sponsored by Crystal Valley Cooperative (The Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

GENERAL

The Plan is a voluntary, defined contribution plan sponsored by Crystal Valley Cooperative (CVC) and adopted on April 1, 1987. The Plan covers all employees, excluding leased employees, of the Company who are age 21 or older and have completed one year of eligibility service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The most recent amendment to the Plan became effective on June 26, 2013.

TRUST

The trustee for the Plan is the Charles Schwab Trust Company. Charles Schwab Trust Company administers the Trust subject to direction from the Plan sponsor.

ELIGIBILITY

Generally, an employee of the Company is eligible to enter the Plan for purposes of making elective deferrals and receiving employer matching contributions after they have completed one year of service. An employee is credited with a year of service if they work at least 1,000 hours during a year of employment.

CONTRIBUTIONS

Participants may make pre-tax or roth contributions up to 50% of their earnings each pay period, as defined in the Plan. The Company matches up to the first 5% of the participant's compensation. At the discretion of CVC, a profit sharing contribution may be made to the Plan and allocated to participants based on the eligible compensation.

To be considered eligible for the profit-sharing contribution, a participant must have completed at least 1,000 hours of service for the employer during the Plan year, and be an employee of the employer as of the last day of the Plan year.

The total annual addition to the participant's account in any calendar year may not exceed the lesser of \$52,000 or 100% of participant's compensation. The annual employee contribution is limited to the lesser of \$17,500 or 50% of participant's compensation, for the year ended December 31, 2014. Employees age 50 or older may elect to make pretax "Catch-up Contributions" to the plan, maximum of \$5,500, after their initial contributions exceed a Plan or legal limit.

Notes to Financial Statements (Continued)

Note 1: Description of Plan (Continued)

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit which a participant is entitled to is the benefit that can be provided from the participant's vested account.

VESTING

A participant is 100% vested in the employee contributions, employer matching and profit sharing contributions.

NOTES RECEIVABLES FROM PARTICIPANTS

Participants may borrow from their fund account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a fixed rate equal to the prime interest rate quoted in the Wall Street Journal, plus 1% on the date the loan is applied for.

All loans are repaid by payroll deduction in equal amounts over the repayment term, which is generally less than 5 years for a general purpose loan or 15 years for a loan to purchase your primary residence. Participants may not have more than one outstanding loan at any time.

PAYMENT OF BENEFITS

A participant is entitled to benefits based on the occurrence of the following events:

- a. The participant retires, becomes disabled, dies, or otherwise leaves the employment of the employer.
- b. In-service withdrawals at age 59 ½.
- c. Financial hardship as defined in the Plan document.
- d. Other limited conditions are more fully explained in the Plan document.

The payment shall be in the form of the following methods as provided by the Plan:

- a. A single, lump-sum payment
- b. Direct Rollover
- c. Recurring Payments
- d. Deferred Payment

FORFEITURES

At December 31, 2014 and 2013 forfeited non-vested accounts totaled \$4 and \$1,000, respectively. These accounts will be used to reduce future employer contributions. In 2014, employer contributions were reduced by \$994 from forfeited non-vested accounts.

Notes to Financial Statements (Continued)

Note 1: Description of Plan (Continued)

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

ADMINISTRATIVE EXPENSES

Plan administrative fees are absorbed by the Plan. Legal and accounting fees are absorbed by the Plan sponsor. For the year ended December 31, 2014, administrative fees amounting to \$31,442 were absorbed by the Plan for the services of Milliman USA.

Note 2: Summary of Significant Accounting Policies

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attributable for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Asset Available for Benefits presents the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

USE OF ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes both realized and unrealized investment gains and losses on investments bought and sold as well as held during the year.

Notes to Financial Statements (Continued)

Note 2: Summary of Significant Accounting Policies (Continued)

INVESTMENT VALUATION AND INCOME RECOGNITION (CONTINUED)

In accordance with GAAP, the common collective investments fund is included at fair value in participant-directed investments in the statements of net assets available for benefits, and an additional line item is presented representing the adjustment from fair value to contract value. The statement of changes in net assets available for benefits is presented on a contract value basis.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

PAYMENT OF BENEFITS

Benefit payments to participants are recorded upon distribution. As of December 31, 2014 and 2013, net assets available for benefits included no benefits due to participants who had withdrawn from participation in the Plan but have not yet been paid.

Note 3: Investments

The following presents investments that represent 5 percent or more of the Plan's net assets available for benefits at December 31, 2014 and 2013:

	2014	2013
Stable Income Fund	\$1,156,604	\$ 902,858
PIMCO Total Return Fund	1,949,845	1,882,421
Vanguard Inflation Protected Secs Adm	905,237	809,269
Vanguard Windsor II Adm	804,777	763,560
Vanguard Institutional Index	2,757,782	2,444,554
Vanguard Small Cap Index	1,129,881	1,056,516
Vanguard International Growth Adm	1,585,258	1,854,063

The plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$218,475 and \$1,540,731 for the years ended December 31, 2014 and 2013, respectively as follows:

	2014	2013
Mutual Funds	\$196,132	\$1,517,460
Common/Collective Investment Trusts	22,343	23,271
	<u>\$218,475</u>	<u>\$1,540,731</u>

Note 4: Interest in Co-op 401(k) and Money Purchase Plan Trust

The Plan's investments are in the Trust which was established for the investment of assets of the Plan and several other Cooperative company sponsored retirement plans. Each participating retirement plan has an undivided interest in the Trust. The assets of the Trust are held at Charles Schwab Trust Company (Trustee). The Trust year ended December 31, 2014. At December 31, 2014 and 2013 the Plan's interest in the net assets of the Trust was approximately 1.74% and 1.45%. Investment income and administrative expenses relating to the Trust are allocated to the individual plans based upon average monthly balances invested by each plan.

The following table presents the net assets of the Trust at December 31, 2014 and 2013:

	2014	2013
Investments		
Mutual Funds	\$613,628,663	\$566,032,543
Common/Collective Investment Trusts	117,760,893	116,799,447
Participant Loans and Miscellaneous Notes	12,054,619	12,283,177
Cash	1,016,417	1,017,131
	<u>\$744,460,592</u>	<u>\$696,132,298</u>

Investment income for the Trust for the years ended December 31 is as follows:

	2014	2013
Net Appreciation in Fair Value of Investments	\$28,800,094	\$20,754,499
Interest and Dividends	29,221,002	18,824,692
	<u>\$58,021,096</u>	<u>\$39,579,191</u>

The common/collective investment trust consists of security backed investment contracts, guaranteed investment contracts, and global-wrap contracts which are reported in the financial statements at contract value as they are fully benefit-responsive. There are no reserves against the contract value for the credit risk of the contract issuers or otherwise. The respective values of the collective investments trust as of December 31, 2014 and 2013 are as follows:

	2014	2013
Fair Value	\$ 120,926,361	\$ 120,293,518
Contract Value	(117,760,893)	(116,799,447)
Adjustment for Benefit-Responsive Contracts	<u>\$ 3,165,468</u>	<u>\$ 3,494,071</u>

Notes to Financial Statements (Continued)

Note 4: Interest in Co-op 401(k) and Money Purchase Plan Trust (Continued)

Certain events may limit the Plan's ability to transact at contract value. Such events include the following:

- a. Material amendments to the structure or administration of the collective investment trust (the Fund)
- b. Changes to the Plan's competing investment options including the elimination of equity was provision
- c. Complete or Partial termination of the Fund, including a merger with another fund
- d. The failure of the fund to qualify for exemption from federal income taxes or any required prohibited transaction exemptions under ERISA.

The Plan administrator does not believe that any events would limit the Plan's ability to transact at contract value with the Plan participants are probable of occurring.

In order to calculate performance based on actual earnings on the last day of the Plan year, income earned by the fund's assets on the last day of the Plan year is divided by the fair value of all the fund's assets (market value spot yield). To calculate performance based on the interest rate credited to the participants on the last day of the plan year, the fund's interest distributed to the Plan participants on the last day of the Plan year is divided by the fair value of all the fund's assets (book value spot yield). These average yields for the guaranteed investment contracts are as follows for the years ended December 31, 2014 and 2013:

	2014	2013
Yield Based on Actual Earnings	1.68%	1.81%
Yield Based on Interest Rate Credited to Participants	2.32%	2.50%

Note 5: Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Notes to Financial Statements (Continued)

Note 5: Fair Value Measurements (Continued)

- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014.

Mutual Funds: Valued based on the net asset value (NAV) of shares held by the Plan at year end.

Common/Collective Investment Trusts: Valued based on the net asset value (NAV) of units of the fund held by the plan based on the fair values of the underlying investments of the fund, which primarily consist of mutual funds and guaranteed investment contracts (GIC). The GIC's are valued by discounting the related cash flows based on the current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. The fund invests in conventional, synthetic and separate investment contracts issued by life insurance companies, banks and other financial institutions. Characteristics of these contracts allow for their principal value to remain stable regardless of the volatility in financial markets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 7: Tax Status

The plan obtained its latest determination letter dated July 6, 2010, in which the IRS stated that the prototype plan adopted by the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Company believes that the plan currently is designed and is being operated in compliance with the applicable requirements of the IRC and that, therefore, the plan continues to qualify under IRC Section 401(a), and the related trust continues to be tax exempt as of December 31, 2014. Therefore, no provision for income taxes is included in the plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions, however there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for the years prior to the year ended December 31, 2011.

Notes to Financial Statements (Continued)

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9: Subsequent Events

The Plan has evaluated subsequent events through October 5, 2015, the date the financial statements were available to be issued.
