NOTE 1 – DESCRIPTION OF PLAN

The following description of the Western Concrete Pumping, Inc. 401(k) Savings Plan ("Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all non-excluded employees, as defined by the Plan documents, of Western Concrete Pumping, Inc. (the "Company" and "Employer") who are age 21 or older. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan Administrator is responsible for oversight of the Plan as well as determining and reviewing the appropriateness of the Plan's investment offerings, and investments performance.

The Plan became effective January 1, 1995 and was last amended January 10, 2014. The Company has appointed Charles Schwab Bank as the Trustee of the Plan assets with authority over management and investment of Plan assets.

Participant Contributions

Each year, participants may contribute up 75% of annual compensation, up to the maximum allowed by the IRS limitation, as defined in the Plan. Participants are allowed to make pre-tax and/or Roth contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions

The Company may make discretionary matching and profit sharing contributions as determined by the Employer annually to the Plan. In 2014, the Company made matching contributions of 20% of every dollar deferred, not to exceed 4% of the participants' total compensation, if the employee contributed a minimum of 4%. Company match limits are based on a "per payroll" period and the Plan does not offer a "true up" option.

Discretionary profit sharing contributions are allocated to eligible employees who are active employees at the end of the plan year, terminated employees with over 500 of credited service hours worked during the plan year, and terminated employees at the end of the plan year due to death, disability or retirement.

Participant Accounts

Each participant's account is credited with the participant's contribution, the participant account's gains, earnings and losses and allocations of (a) the Company's contributions and, (b) an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Directed Investments

Participants direct the investment of all assets attributable to their account. Each participant designates the percentage of any one or more of their accounts that is to be invested in each of several authorized investment funds designated by the Plan's Trustees.

Vesting

Participants are immediately 100% vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is vested in Company contributions based on the following schedule:

Years of Service	Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Years of service is defined by the Plan as having at least 1,000 hours of service worked during the plan year.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested interest in their participant account balance. The loans are secured by the balance in the participant's account and bear interest at a rate equal to 2% above the prime rate. Principal and interest is paid ratably through monthly payroll deductions not to exceed five years, unless the loan proceeds were used for the purchase of a principal residence.

Payment of Benefits

On termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or in installments paid over a period of not more than the participant's or his/her beneficiary's life expectancy as defined by the Plan. Account balances less than $5,000 are distributed in a lump sum. Active participants may withdraw any part of their account in a single sum in the event of undue financial hardship or attainment of age 59 1/2.

Forfeited Accounts

A participant's unvested portion of Company contributions is forfeited upon termination of employment for reasons other than death. Forfeitures are maintained in a separate account and may first be used to pay any administrative expenses, and any remaining forfeitures will be used to reduce any employer matching contribution, as defined by the Plan.

There were no forfeited nonvested accounts at December 31, 2014.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting which is in accordance with accounting principles generally accepted in the United States of America (GAAP). Employee and Employer contributions were recognized in the period that contributions are due.

Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of registered investment companies (mutual funds) are valued at the net asset value of shares held by the participant accounts at year-end. The Plan Administrator determines the Plan's valuation policy utilizing information provided by the Plan Trustee and Custodian.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits to Participants

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2014, no allowance for credit losses has been recorded.

Administrative Expenses

Expenses of the Plan, including legal, audit, administrative, and Trustee expenses, are generally paid by the Company, with the exception of certain administrative expenses which are paid for by the Plan and allocated to the participants' accounts. The Plan paid $30,331 in administrative expenses for the year ended December 31, 2014.

NOTE 3 – FAIR VALUE MEASUREMENT

The Plan defines fair value as the exchange price that would be received for an asset or paid for a liability in the principal or most advantageous market. The Company applies fair value measurements to assets and liabilities that are required to be recorded at fair value under GAAP.

Fair value measurement techniques maximize the use of observable inputs and minimize the use of unobservable inputs, and are categorized in a fair value hierarchy based on the transparency of inputs. The three levels are defined as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.
Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, and inputs that are observed for the asset or liability,

either directly or indirectly, for substantially the same term of the financial instrument.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

Financial assets and liabilities measured at fair value or disclosed at fair value on a recurring basis at December 31, 2014 consisted of the following:

		Fair Value Measurement at Reporting Date Using:

Collective Investment Trusts	$ 27,263
Mutual Funds	13,476
	$ 40,739

NOTE 5 – UNAUDITED INFORMATION CERTIFIED BY THE PLAN TRUSTEE

The December 31, 2014 Statement of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2014, and the accompanying notes and supplementary information to the financial statements were prepared in part or entirely from information certified by the Trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $3,447,730 at December 31, 2014, related unrealized gain of $40,739 and investment income of $174,266 for the year ended December 31, 2014.

NOTE 6 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan has not considered Company contributions to the Plan, or benefits accrued or paid by the Plan for participants, as party-in-interest transactions.

The Company pays for the majority of administrative expenses for the Plan, such as accounting and auditing.

During the year ended December 31, 2014, there were no party-in-interest transactions that are prohibited by ERISA, Section 406 and for which no statutory administration exemption exists.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would be 100% vested in their employer contributions.

NOTE 8 – TAX STATUS

The Plan obtained a determination letter dated March 31, 2008 for the prototype plan adopted by the Plan, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 – SUBSEQUENT EVENTS

Management has evaluated subsequent events through September 15, 2015, the date the financial statements were available to be issued.
