AKSM SERVICE CORPORATION, LLC 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE 1 - DESCRIPTION OF PLAN

The following description of the AKSM Service Corporation, LLC 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of AKSM Service Corporation, LLC (the "Company") who have six months of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Each year, participants may contribute any percentage of their pre-tax annual compensation, as defined by the Plan, so long as a participant's total deferrals in any taxable year do not exceed the dollar limits that are set by current laws and regulations (\$17,500 for 2014 and 2013). The Plan also allows participants who have attained the age of 50 by the end of the Plan year to make catch-up contributions in accordance with the provisions of Code Section 414(v). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The following are contributions that the Company will or may make to the Plan:

- **Matching Contribution** – For the years ended December 31, 2014 and 2013 the matching contribution is a discretionary amount up to the participant's salary deferrals that do not exceed 50% of the first 6% of a participant's eligible pre-tax annual compensation.
- **Profit Sharing Contributions and Qualified Non-Elective Contributions** – These contributions are discretionary with the amount of the contributions being determined by the Company each year.

Participants direct the investment of all contributions into the various investment fund options offered under the Plan.

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings, contributions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions from salary deferrals and rollover contributions plus actual earnings thereon. Additionally, participants are immediately vested in qualified non-elective contributions paid by the Company plus actual earnings thereon. Vesting in the Company matching contributions and profit sharing contributions plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service.

Retirement, Death and Disability: A participant is entitled to 100% of his or her vested account balance upon retirement, death or disability.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 8.25% as of December 31, 2014 and 2013. Principal and interest is paid ratably, through payroll deductions.

NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Payment of Benefits: Upon termination of service, death, disability or retirement, a participant may receive a distribution from the Plan for the participant's entire vested account balance in the form of a:

- Lump-sum distribution payment;
- Single sum distribution of a portion of the participant's vested account balance;
- Other form as selected under the Plan.

Forfeited Accounts: Forfeitures represent non-vested Company contributions from separated employees and ineligible contributions. Forfeitures are used to reduce employer contributions to the Plan. During the years ended December 31, 2014 and 2013, respectively, forfeitures of \$33,130 and \$100,197 were used to reduce employer contributions.

Administrative and Investment Management Expenses: Loan origination fees associated with notes receivable from participants and the Plan's record keeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan. All other expenses of the Plan are paid by the Company.

Investment Options: Participants may direct the investment of their account into a range of investment options offered under the terms of the Plan. Participants can change the investment of their funds on a daily basis.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Payment of Benefits: Benefits are recorded when paid.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Risks and Uncertainties: The Plan provides for various investment options. The investments are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits, statements of changes in net assets available for benefits and participants' individual account balances.

Investment Valuation and Income Recognition: The investments of the Plan are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events: Plan management has evaluated subsequent events for recognition and disclosure through October 5, 2015, which is the date these financial statements were available to be issued.

Fully Benefit-Responsive Investment Contracts: While Plan investments are presented at fair value in the statement of net assets available for benefits, any material difference between the fair value of the Plan's direct and indirect interests in fully benefit-responsive investment contracts and their contract value is presented as an adjustment line in the statement of net assets available for benefits, because contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits. Contract value represents contributions made to a contract, plus earnings, less participant withdrawals and administrative expenses. Participants in fully benefit-responsive contracts may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

At December 31, 2014 and 2013, the Plan holds an indirect interest in a fully benefit-responsive contract through its investment in a stable value fund (the Federated Capital Preservation IP Fund). An adjustment from fair value to contract value of \$(6,583) and \$(6,821) is presented in the statement of net assets available for benefits as of December 31, 2014 and December 31, 2013, respectively.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 4 - UNAUDITED INFORMATION - CERTIFIED INVESTMENTS

The Standard Insurance Company and PNC Bank, NA hold investment assets and execute transactions therein, and substantially all information pertaining to investments included in the financial statements has been certified as complete and accurate by PNC Bank, NA from May 1, 2014 to December 31, 2014 and The Standard Insurance Company as of December 31, 2013 and for the period from January 1, 2014 to April 30, 2014. This information has not been audited by independent accountants.

NOTE 5 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

(Continued)

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In many cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Pooled separate accounts: As of December 31, 2013 participants may direct the investment of their accounts into various sub-accounts of Standard Insurance Company Separate Account A ("Separate Account A"), each of which is also a pooled separate account of Standard Insurance Company. The fair values of participation units held in Separate Account A and in each of the sub-accounts of Separate Account A, other than stable value funds, are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices (level 2 inputs). Each of the sub-accounts of Separate Account A invests in a single, open-ended mutual fund which is generally identified in the name of the sub-account pooled separate account. The table below presents the fair values of the various sub-accounts of Separate Account A held by the Plan, classified by the stated investment strategies of the underlying mutual funds. Each pooled separate account provides for daily redemptions by the Plan with no advance notice requirements, and has redemption prices that are determined by the fund's net asset value per unit. No investments are held in a pooled separate account as of December 31, 2014.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Stable Value Fund: The fair values of participation units in the stable value collective trust are based upon the net asset values of such fund, after adjustments to reflect all fund investments at fair value, including direct and indirect interests in fully benefit-responsive contracts, as reported in the audited financial statements of the fund (Level 2 inputs). The fund invests in guaranteed investment contracts, separate account guaranteed investment contracts and synthetic guaranteed investment contracts issued by life insurance companies, banks and other financial institutions, with the objective to seek stability of principal and high current income. The fund generally provides for daily redemptions by the Plan at reported net asset value per share subject to one year notice provision. If the market value of units is less than their contract value, participant plans may also elect to withdraw units at their market value upon 10 days' notice.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

A party-in-interest is defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Certain other professional fees for administration and audit of the Plan were paid by the Company on behalf of the Plan. Fees paid by the Plan for administrative expenses amount to \$3,861 and \$8,732 for the years ended December 31, 2014 and 2013, respectively.

Substantially all participant-directed Plan investments were in pooled separate accounts offered by Standard Insurance Company as of December 31, 2013 and for the period January 1, 2014 to April 30, 2014. These investments qualify as party-in-interest investments as of and for the period January 1, 2014 to April 30, 2014 and as of and for the year ended December 31 2013. At December 31, 2013, these investments, at fair value, total \$14,667,992.

Additionally, the Plan holds party-in-interest transactions in the form of notes receivable from participants at December 31, 2014 and 2013 of \$385,455 and \$380,532, respectively.

NOTE 7 - TAX STATUS

Effective May 1, 2014, the Plan was amended and restated onto a volume submitter plan document. The volume submitter plan received an opinion letter from the Internal Revenue Service dated March 31, 2008 stating that the written form of the underlying document is qualified under Section 401(a) of the Internal Revenue Code (the "Code"), and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from taxation. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the Department of Labor or Internal Revenue Service, however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.
