- 24) We have no—
- a) Plans or intentions that may materially affect the carrying value or classification of assets and liabilities.
 - b) Intentions to terminate the plan.
- 25) Amendments to the plan instrument, if any, have been properly recorded or disclosed in the financial statements.
- 26) The Plan has complied with all aspects of contractual agreements that would have a material effect on the financial statements in the event of noncompliance.
- 27) The methods and significant assumptions used to estimate fair values of financial instruments, including nonreadily marketable securities, are as follows:
- Guaranteed interest account is adjusted to the liquidation value of the investment contract with the insurance company, which is equal to the market value of the underlying fixed income securities ("Market Value Adjustment"). The Plan holds units of participation in the underlying separate account. The beginning units held multiplied by the beginning unit value plus net units purchased and sold, equals the ending units multiplied by the ending unit value. Certain unobservable inputs are assessed through review of contract terms, while others are substantiated by utilizing available market data. Significant increases (decreases) in the unobservable inputs could result in significant increases (decreases) in the Market Value Adjustment.
- Pooled separate accounts are stated at the fair value based on the year end market value of each unit held, which is based upon the market value of the underlying assets of the funds less management fees. The pooled separate accounts do not have any unfunded commitments relating to its investments, or any significant restrictions or redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.
- There have been no changes in the methodologies used at December 31, 2014 and 2013.
- Quantitative information about the significant unobservable inputs used for recurring fair value measurements categorized within Level 3 as of December 31, 2014 are accurately disclosed in the financial statements.
- 28) All required amendments to and filings of plan documents with the appropriate agencies have been made.
- 29) On March 31, 2008, the Internal Revenue Service ("IRS") stated that the prototype plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.
- Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination of IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or (asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.
- 30) The Plan has complied with the Department of Labor's regulations concerning the timely remittance of participant contributions to trusts containing assets for the plan.

- 31) The Plan has complied with the fidelity bonding requirements of ERISA.
- 32) We have apprised you of all communications, whether written or oral, with regulatory agencies concerning the operation of the plan.
- 33) We acknowledge our responsibility for presenting the supplemental schedule of assets (held at end of year) as of December 31, 2014, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. We believe the form and content of the supplemental schedule is fairly presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The methods of measurement and presentation of the supplemental schedule have not changed from those used in the prior period, and we have disclosed to you any significant assumptions or interpretations underlying the measurement and presentation of the supplemental schedule.
