INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
The Wine Enthusiast, Inc. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Wine Enthusiast, Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Fidelity Management Trust Company, the trustee, and Frontier Trust Company, the former trustee, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that Fidelity Management Trust Company held the Plan's investment assets and executed investment transactions as of December 31, 2014, and for the period May 1, 2014 through December 31, 2014, and that Frontier Trust Company held the Plan's investment assets and executed investment transactions as of December 31, 2013, and for the period January 1, 2013 through April 30, 2014. The Plan administrator has obtained a certification from Fidelity Management as of December 31, 2014, and for the period May 1, 2014 through December 31, 2014 and from Frontier Trust Company as of December 31, 2013, and for the period January 1, 2013 through April 30, 2014, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule Schedule H, Line 4i - assets (held at end of year) on page 15 as of December 31, 2014, is required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an Opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of The Wine Enthusiast, Inc. 401(k) Plan (the "Plan") provides only general information. For a more complete description of the Plan's provisions, refer to the agreement governing the Plan (the "Plan Agreement").

General

The Plan is a defined contribution plan established January 1, 1994, covering eligible employees of The Wine Enthusiast, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Change of Custodian

Effective May 1, 2014, Fidelity Management Trust Company ("FMTC") was appointed as the new custodian of the Plan. In conjunction with the change in the Plan's custodian, the prototype plan document dated March 31, 2008 and sponsored by FMTC was adopted.

Plan assets transferred to FMTC were transferred into funds comparable to those offered by Frontier Trust Company, the previous custodian. The change in custodian initiated a black out period from April 24, 2014 through June 16, 2014. During this period, participants were not able to access their accounts or to exercise their rights as stated in the Plan documents since the Plan's assets were in transition from one custodian to another.

Eligibility

There is no age requirement to be eligible to participate in the Plan, however, an employee must have completed at least six consecutive months of service.

Contributions

Participants may contribute up to 100% of their annual compensation, as defined in the Plan, and subject to limits specified under the Internal Revenue Code ("IRC") Sections 401(k), 404 and 415. Participants who have attained age 50 before the end of the plan year are eligible to make catchup contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the plan. The Plan currently offers various mutual funds as investment options for participants. The Company, at its sole discretion, may make matching contributions on behalf of the participants. The amount of the matching contributions, if any, will be determined each year by the Company. No matching contributions were made for the years ending December 31, 2014 and 2013.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, if any, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of 5.25% to 6.00%, which is commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through weekly payroll deductions.

If a participant fails to make a payment when the loans are due under the terms of the loan, that participant will be in default. In the event of default, the loan shall become due and payable immediately and interest will continue to accrue until the entire loan balance is repaid. The Plan will take all reasonable actions to collect the balance owed on the loan. Under certain circumstances, the loan in default could be considered a distribution from the Plan and could be considered income to the participant. In any event, failure to repay a loan will reduce the benefit a participant would otherwise be entitled to from the Plan.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Participant Distributions

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the participant's vested interest in his or her account or annual installments over a period of not more than their assumed life expectancy as determined at the time of distribution. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

Forfeitures are used to reduce employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

New Accounting Pronouncement

In July 2015 Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. ASU No. 2015-12 simplifies accounting for employee benefit plans as follows: (i) fully benefit-responsive investment contracts will be measured, presented and disclosed at contract value, (ii) the requirement to disclose investments that represent 5 percent or more of net assets available for benefits has been eliminated, (iii) the net appreciation or depreciation in investments for the period should be presented in the aggregate, but is no longer required to be disaggregated and disclosed by general type, (iv) investments (both participant-directed and nonparticipant-directed investments) will be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways, (v) if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820, and that investment is in a fund that files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment's strategy will no longer be required, and (vi) permits plans to measure (as a practical expedient) benefit plan assets on a month-end date nearest to the employer's fiscal year end when the fiscal period does not coincide with a month end. All provisions under FASB ASU No. 2015-12 will be effective for fiscal years beginning after December 15, 2015, with early application permitted. Plan's management is in the process of evaluating the impact of this new guidance on its financial statements.

In May 2015, the FASB issued ASU 2015-07, Fair Value Measurement (Topic 820). The new guidance removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. Investments that are measured at net asset value per share (or its equivalent) but for which the practical expedient is not applied, will continue to be included in the fair value hierarchy. The update also eliminates the requirement to make certain disclosures for all investments, that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using the net asset value per share practical expedient. This guidance will be effective for fiscal years beginning after December 15, 2016, with early adoption permitted. Plan's management is in the process of evaluating the impact of this new guidance on its financial statements.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable balances are reclassified as distributions based upon the terms of the Plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold, as well as held during the year.

Fully Benefit-Responsive Investment Contract

FASB Accounting Standards Codification ("ASC") 946, *Reporting of Fully Benefit-Responsive Investment Contracts*, states that investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by FASB ASC 946, the statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Fair Value Measurement

FASB ASC 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Under the new standard, fair value is defined as the exit price, or the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date.

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits

Benefits are recorded when paid to participants.

Other

Substantially all administrative expenses are paid by the Company.

Subsequent Events

In accordance with FASB ASC 855, *Subsequent Events*, the Company has evaluated subsequent events through September 29, 2015, the date on which these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

3. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are entitled to the entire amount of their account contributions.

5. TAX STATUS

Effective August 22, 2008, the Company amended and restated the Plan Agreement. The Plan Agreement that was adopted is a prototype plan that is intended to operate as a qualified tax-exempt plan under the appropriate sections of the IRC. The Plan's third party administrator has provided the Company a copy of a letter from the Internal Revenue Service ("IRS") dated March 31, 2008, in which the IRS determined and informed the third party administrator that the prototype plan, as designed, was in compliance with the applicable requirements of the IRC and that, therefore, the Plan qualifies under Section 401(a) of the IRC and is exempt from federal income taxes under Section 501(a) of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Although the Plan has been amended since the third party administrator received the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

5. TAX STATUS (CONTINUED)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and believes that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investment options consist of shares of mutual funds managed by the Plan trustee. Accordingly, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $17,878 and $2,820 for the years ended December 31, 2014 and 2013, respectively.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Additionally, virtually all administrative expenses are paid directly by the Company.

7. INVESTMENT IN MORLEY STABLE VALUE FUND

At December 31, 2014, the Plan includes an investment option in the Morley Stable Value Fund ("MSVF"), which is a guaranteed investment contract.. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by FMTC, represents contributions made under the contract, plus credited interest, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2014 was $662,005. The crediting interest rate is based on a formula agreed upon with the issuer. Since the guaranteed crediting rate cannot be reset below zero percent, at a minimum, participant's principal is guaranteed while the contract is in force. Such interest rates are reset annually, semi-annually, or quarterly.

7. INVESTMENT IN MORLEY STABLE VALUE FUND (CONTINUED)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include but may not be limited to the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The year end market value yield on investment contracts was 1.456% for 2014. The weighted average portfolio market yield on investment contracts was 1.8% at December 31, 2014. The fair value to contract value ratio for the fund was 100.868% at December 31, 2014. Morley Capital Management Inc. acts as investment advisor for the MSVF.

8. INFORMATION CERTIFIED BY THE PLAN TRUSTEES

The following tables summarize investment and other asset information regarding the Plan as of December 31, 2014 and 2013, and for the years then ended, included in the Plan's financial statements and supplemental schedule of assets (held at year end), that was prepared by, or derived from, information prepared by Fidelity Management Trust Company as of December 31, 2014, and for the period May 1, 2014 through December 31, 2014, and by Frontier Trust Company as of December 31, 2013, and for the period January 1, 2013 through April 30, 2014. The Plan administrator has obtained certifications from the Plan trustees that such information is complete and accurate.

9. FAIR VALUE MEASUREMENTS

Assets and liabilities measured at fair value are based on one or more of three valuation techniques identified in the tables below. The valuation techniques are as follows:

(a) *Market approach*. Prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities;

(b) *Cost approach*. Amount that would be required to replace the service capacity of an asset (replacement cost); and

(c) *Income approach*. Techniques to convert future amounts to a single present amount based on market expectations (including present value techniques, option-pricing and excess earnings models).

The following tables summarize the Plan's assets measured at fair value on a recurring basis, categorized by GAAP's valuation hierarchy:

During the years ended December 31, 2014 and 2013, there were no transfers between levels of the fair value hierarchy.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Money Market Funds: the carrying value approximates fair value because the investments are liquid in nature.

Mutual Funds: are valued at quoted market prices, which represent the net asset value of the securities held in such funds.

Morley Stable Value Fund: The fair value of the fund (Note 7) is based on available market information and judgments about the financial instrument at a specific point in time. The disclosed fair value may not be realized in the immediate settlement of the financial instrument. The Fund evaluates fair value estimates through various methods. These include oversight of pricing vendors, which includes analysis of their pricing methodologies. In addition, the Fund performs an analysis of market movements utilizing investment analyst review of pricing reasonableness through such methods as direct interaction with external sources, review of recent trade activity, or use of internal models. There were no significant changes made to the Fund's valuation processes during 2014.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

10. EXCESS CONTRIBUTIONS PAYABLE

During the year ended December 31, 2014, benefits paid to participants include payments of $22,992 made in 2014, to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. Those amounts are also included in the Plan's statements of net assets available for benefits as "Excess contributions payable" at December 31, 2014.

11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2014
Net assets available for benefits per financial statements	$ 5,840,658
Excess contributions payable	22,992
Net assets available for benefits per Form 5500	$ 5,863,650

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31:

	2014
Increase in net assets per financial statements	$ 405,259
Excess contributions payable	22,992
Increase in net assets per Form 5500	$ 428,251

For financial statement purposes, excess contributions are included in benefits paid to participants in the year in which the contributions are made. For tax return reporting purposes, such amounts are only reported when repaid to participants. Additionally, the Plan's guaranteed interest account (See note 6) is initially recorded at cost and adjusted to their fair market value for financial statement purposes.
